AUDITOR GENERAL'S OFFICE, OTTAWA, March 9, 1904.

I have the honour to transmit my Report on expenditure accounts, appropriation and statutory, and on revenue accounts, for the fiscal year 1902-3.

The following rather lengthy correspondence is introduced in this place because it illustrates the practical importance of several amendments that this office has been asking for some years to have made to the Audit Act.

The amendments to provide: 1st. That no contract with the government be made after the work is completed; 2nd. That in contracts given without tenders, or where tenders have been called for and the lowest tender has not been accepted, the proper officer of the department be required to certify that the prices are fair and just; 3rd. That in all cases the technical officer on whose expert knowledge the department relied when making the contract, be required to supply the fullest information to the Auditor General and all other government officials who have the duty of dealing with contracts.

If it is observed that a great part of the assistance which I was able to give in saving the large sum of money to the country was dependent upon the accidental communication formed with the late Mr. Monro and through him with Mr. Hoffmeister, it will be seen how dangerous it is to rely upon the Auditor General in such an important matter unless he can have recourse to the Chief Engineer for information.

Excuse may be made for some of my remarks in connection with this correspondence. They should have been different if written in cooler blood.

The magnitude and number of the transactions going through this office are now so increased that I feel parliament should seriously consider also the amendment of the Audit Act along the other lines suggested in a former report, to enable this office to cope with the expansion of the business of the country. I feel so strongly on this point that if parliament does not see its way to bring the matter up this session, I shall at the end of the session ask to be superannuated.

J. L. McDOUGALL,
Auditor General.

CORNWALL CANAL, LIGHTING AND POWER: M. P. DAVIS' CONTRACTS.

Lease No. 12,336 and Agreement of June 25, 1896.

THIS INDENTURE OF LEASE, made in duplicate, this twenty-fifth day of June, in the year of our Lord one thousand eight hundred and ninety-six:—

Between Her Majesty Queen Victoria, represented herein by the Honourable the Minister of Railways and Canals for the Dominion of Canada (acting under and by virtue of an Act passed in the 49th year of the reign of Her Majesty, intituled 'An Act respecting the Department of Railways and Canals, and being chapter 37 of the Revised Statutes of Canada, 1886, and of the 33rd section of chapter 13, 52 Victoria, of the Statutes of Canada, and under the authority of an Order in Council, dated at Ottawa, the eighteenth day of February, A.D. 1896, and of an Order in Council, dated the twelfth day of June, 1896, amending the same), hereinafter called the 'lessor,' of the one part;

And Michael P. Davis, of Ottawa, in the County of Carleton and Province of Ontario, hereinafter called the 'lessee,' of the other part:

Witnesseth that the said lessor, in consideration of the rents, covenants, restrictions, provisoes and conditions contained, described and expressed herein and in the annexed terms and conditions, which are hereby adopted by the lessee, and made part of this indenture, has granted, demised and leased, and by these presents, does demise, grant and lease unto the said lessee all that certain lot of ground, a plan of which is hereunto attached, being part of the property belonging to one of the public works of the Dominion of Canada called the Cornwall Canal, and more particularly described as follows:—

Part of lot 1, at the lower end of Sheik's Island, in the Township of Cornwall, commencing on the centre line of the entrance channel to the regulating weir at a point in line with the extreme lower ends of the side walls of the weir; thence south-easterly at right angles to said centre line 150 feet to a post planted at the south-easterly angle of the land now to be described; thence south-easterly on a prolongation of the last course 595 feet, more or less, to the water's edge of the River St. Lawrence; thence northerly following the water's edge to a post planted 100 feet from the toe of the outer slope of the lower dam; thence north-westerly at right angles to the said centre line of the entrance channel to the regulating weir, 175 feet, more or less, to a post planted on a line parallel to and 70 feet distant from the centre of the roadway on the dam; thence westerly along said parallel line 55 feet, more or less, to a line parallel to and 150 feet distant from the centre line of the entrance channel to the regulating weir; thence southerly along said parallel line 500 feet, more or less, to the post planted at the south-westerly angle of the land described; containing by admeasurement four acres and eighty-eight one-hundredth parts of an acre, be the same more or less, and as shown on the plan, tinted red, hereunto annexed and signed Collingwood Schreiber, Chief Engineer, and dated the eighteeth day of May, 1896;

And as pursuant to the said lot of land, and subject to the restrictions, reservations and conditions contained, described and expressed herein and in the annexed general terms and conditions, the lessor has granted, demised and leased, and by these presents does grant, demise and lease to the lessee, the use for manufacturing and mechanical purposes, as hereinafter set forth, so much of the surplus water, if any on Lock No. 30 level, Cornwall Canal, as the lessor may deem advisable, after navigation and existing mills and mill sites hereinafter to be leased, are supplied; and the lessee shall also have

the privilege of using, at a weir hereafter to be constructed by him, on or adjacent to the land hereby demised and as shown on the plan hereunto annexed, for the purpose of power, the amount of water flowing and to flow into the said canal from Hoople's creek, and any increased flow of water into the said canal from the said creek through any works hereafter to be constructed of the lessee. For the purpose of determining such flow of water, the water shall be measured as it passes through Hoople's creek, at the cost of the lessee, by the most modern improved methods, as often as the lessee may require; provided always that such flow of water shall not create, at any time, a current in the said canal which will in any way impede navigation, and for the further securing said navigation it is hereby understood and agreed that the said flow of water so to be delivered or so to plough through said Hoople's creek shall be delivered into the canal in a direction as nearly parallel to the axis of the said canal as possible; and provided also that should it be necessary, on account of the introduction of such extra water, to provide additional weir discharges, the cost of said weir or weirs shall be borne by the lessee;

To have and to hold, the said lot of land and the said surplus water and such increased flow of water into the said canal from the said creek through any works of the lessee, as appurtenant to the said lot of land for the erection of an electric plant and the operation of the machinery therein, and the privileges, rights and easements thereof for the term of twenty-one years from and after the first day of July, A.D. 1896, and ended on the first day of July, A.D., 1917, and thereafter for a term or period of twenty-one years, renewable as is provided and mentioned in the annexed general terms and conditions;

And the said lessee covenants and agrees to pay Her Majesty the Queen, Her heirs and successors, the rent or sum of one thousand dollars yearly and every year for the rent of the said lot of land and for the use of said surplus water and any increased flow of water into the said canal from the said creek through any works of the lessee; all such water to be drawn and conducted from and out of the Cornwall Canal at the regulating weir, as shown on the plan hereunto annexed.

The said yearly rent shall be paid in advance on the second day of January, and the first day of July, in each year, dating from the first day of July, A.D., 1896, the rent for the first two years, in consideration of the erection of the necessary buildings, machinery and other works, not being charged;

That the lessee shall supply electric power to the satisfaction of the Chief Engineer of Railways and Canals for the working of all the locks on the Cornwall Canal at sixty-three dollars per horse power per annum;

That the lessee shall also supply and work electric direct current arc lights of not less than 2,000 candle power, in perfect working order, at such points and such number as shall, from time to time be deemed necessary by the chief engineer aforesaid, running all night whenever so required, along the canal, and maintain and keep the same in good order and condition and provide all electrical connections, labour, tools, plant, material and everything necessary for the regular operation of the plant at his own cost and expense, at thirty cents per light per night;

That the said direct current arc lamps shall be perfectly water-proof, strongly constructed and good regulation, and that said arc lamps shall be double feed (2 sets of carbons) adapted for seven-sixteenths inch carbons with clear glass globes;

That the lessee shall and will place in such places as directed straight cedar poles twenty-nine feet long and not less than six (6) inches at the top for the arc lamp poles and shall and will place the said posts seven feet in the ground, and that said poles shall be neatly shaved and bound and painted with two coats of lead paint and shall and will suspend, by the most modern device said lamps at such height as he, the said lessee may from time to time be directed by the Chief Engineer aforesaid, and shall and will provide said lamps and posts with swinging supports, cross-arms, switch-

boards and everything necessary for the lighting, cleaning and whatever else may be necessary for the proper operation of the said lights, and any defect or defects shall at once be remedied by the lessee at his own cost and expense;

That all material, apparatus, &c., now or hereafter to be used shall be of the best and most modern of their several kinds and the whole work shall be executed in a substantial, workmanlike manner to the satisfaction of the Chief Engineer of Railways and Canals.

That the said lessee shall protect said lamps, swing supports and all other parts of their plant by the most modern devices, to the satisfaction of the said Chief Engineer, against lightning, stones and other casualties.

None of the provisions of this indenture or of the general terms and conditions thereto annexed shall be considered merely comminatory (comminatoires), but, on the contrary, the same shall be observed and enforced, the said provisions being essential to the preservation of the interests of the public, and expressing the exact intention of the parties hereto, and without the said provisions, and each of them, the present indenture would not have been executed;

That no assignment of this lease or of the rights of the lessee thereunder, either in whole or in part, shall be made by the lessee without the consent of the lessor in writing, being first had and obtained;

That for the purpose of ascertaining the quantity of water running through the weir or the head gates constructed by the lessee on or adjoining the lands hereby demised and as shown on the plan hereunto annexed, at any time, the lessor reserves the right to construct and maintain any weir, gauge, moduls or device of measurement, and from time to time to change the same, and shall at all reasonable times and from time to time, as the lessor may desire have access to the premises of the said lessee and any part thereof, with the necessary assistance and workmen, for the measuring or ascertaining the quantity of water drawn or permitted to flow by the said lessee. The said lessor shall have all rights and privileges to make the measurements that may be considered necessary through the tail race or races of the lessee, a sufficient length of time to be allowed to make such measurements without the lessee being entitled to any compensation whatever for loss of water power or damages on account thereof.

Now this Indenture Further Witne.seth, that the said lessee for himself, his heirs, executors, administrators and recognized assigns, hereby covenants and agrees with our Sovereign Lady the Queen, Her heirs or successors, that he shall and will, from time to time, and at all times hereafter, well and faithfully abide by, fulfil and keep all and singular the covenants and conditions in the presents, and in the annexed general terms and conditions contained, applicable to the lessee, according to the true intent and meaning thereof;

Provided Always, and it is hereby expressly agreed, that if the rent hereby reserved, or any part thereof shall be unpaid for fifteen days after any of the days on which the same ought to be paid, although no formal demand has been made therefor, or in case of the breach or non-performance of any of the covenants or agreements herein contained on the part of the lessee, his heirs, executors, administrators, or recognized assigns, then and in either of such cases it shall be lawful for the lessor, at any time hereafter, into and upon the said demised premises, or any part thereof, in the name of the whole, to re-enter and the same to have again, re-possess and enjoy as of her former estate, anything herein contained to the contrary notwithstanding;

Provided Always and these Presents are upon the Express Understanding that the lessor reserves the right as follows, namely:—If, at any time hereafter, the land hereby demised and the quantity of surplus water leased, or which may hereafter be leased, according to the intent and meaning thereof, or any part thereof, are or is required for the use of the canal or for any other purpose whatsoever, or if the lessor shall elect to take over any and all buildings and works or erections constructed upon the

land hereby demised or the increased flow of water so passing or to pass through the works of the said lessee through Hoople's creek, and to take over any and all works and lands through which the said increased flow of water passes, thereupon on reasonable notice (not less than twelve calendar months) being given to the lessee to that effect, this lease or lease for the term then current and all the covenants, privileges and rights of the said lessee shall cease and be void, and the lessor shall pay the then value of all such buildings, lands and works with an addition of five per cent thereto, that may be at that time thereon erected or connected therewith and belonging to the lessee; and that in default of agreement as to the valuation of such buildings, lands and works, their value shall be ascertained by three arbitrators, one to be chosen by the Minister of Railways and Canals, another by the lessee, and the third by the two arbitrators so chosen, and the award of the said arbitrators or any two of them after hearing such evidence as may be offered by either party shall be conclusive as to such value;

In Witness Whereof, the said parties have hereunto set their hands and seals, and the Secretary of the Department of Railways and Canals has countersigned these presents.

(Sgd.) JOHN HAGGART,
Minister of Railways and Canals.

(Sgd.) JNO. H. BALDERSON,
Secretary.

Signed, sealed and delivered
in the presence of:
(Sgd.) Walter S. Doull.

(Sgd.) M. P. DAVIS,
Lessee.

Signed, sealed and delivered
in the presence of:
(Sgd.) Walter S. Doull

Order in Council, October 9, 1900—Railways and Canals:

On a memorandum dated September 26, 1900, from the Minister of Railways and Canals representing that, in the opinion of the Chief Engineer of the Department of Railways and Canals, in which he (the Minister) concurs, it is highly desirable that the system of electric lock operation and electric lighting, which has been satisfactorily adopted on the Soulanges Canal and is about to be adopted on the Lachine Canal, should be brought into use on the Cornwall Canal, where facilities for the creation of the necessary power already exist.

The Minister further represents that under a lease, dated June 25, 1896, issued to Mr. Michael P. Davis, as authorized by Order in Council of February 18 and June 12 of that year, Mr. Davis has the use of land and water power at the lower end of Sheik's Island, such power being created by the construction of the dam at that point from the island to the mainland.

That in the said lease the following provisions are inserted: 'That the lessee shall supply electric power to the satisfaction of the Chief Engineer of Railways and Canals for the working of all the locks on the Cornwall Canal at sixty-three dollars per horse power per annum.

'That the lessee shall also supply and work electric direct current arc lights of not less than 2,000 candle power in perfect working order at such points and such number as shall from time to time be deemed necessary by the Chief Engineer aforesaid, running all night whenever so required, along the canal, and maintain and keep the same in good order and condition and provide all electrical connections, labour, tools, plant, material, and everything necessary for the regular operation of the plant at his own cost and expense at thirty cents per light per night.'

Further provisions of the said lease relate to the details of the nature and quality of material, including poles, &c., to be furnished by the lessee.

The Minister recommends that in pursuance of the said lease provisions, he be authorized to enter into a contract with Mr. M. P. Davis for the lighting of the Cornwall Canal, the number of lights not to be less than 250 arc lights of 2,000 candle power each, nor more than 270, at the discretion of the Department of Railways and Canals, to be paid for at 30 cents per lamp for each night during which light is required and supplied; further, for the supply of electric power for the operation of the lock gates and valves, and of the bridges throughout the said canal; the amount to be paid for such service to be sixty-three dollars ($63) per horse power per annum for a minimum of 400 horse power; it to be an express provision that, in the event of any difference of opinion arising between the contractor and the Department of Railways and Canals as to the number of horse powers actually supplied, the quantity shall be determined by three arbitrators, one to be named by the Department of Railways and Canals, one by the Contractor, and the third by the two so named; or failing agreement, by Judge of the Exchequer Court; the said contract to be in force for a term of twenty-one years.

The committee submit the same for Your Excellency's approval.

J. J. McGEE, *C.P.C.*

Order in Council, October 16, 1900:—On a memorandum dated October 15, 1900. from the Minister of Railways and Canals, recommending that the Order in Council of October 9, 1900, authorizing the entry into contract with Mr. M. P. Davis in respect of the lighting, &c., by electricity of the Cornwall Canal, be amended to such effect that the terms of 21 years therein named as the term of the said lease may be extended by successive renewals to July 1, 1979, thereby bringing it into conformity with the lease of water power granted to Mr. Davis mentioned in the said order.

The committee submit the same for Your Excelleney's approval.

JOHN J. McGEE, *C.P.C.*

Second Contract, No. 13,975, of October 19, 1900, between Her Majesty the Queen and Michael P. Davis.

An agreement made this nineteenth day of October, one thousand nine hundred.

Between—Her Majesty the Queen represented herein by the Minister of Railways and Canals acting under the authority of an Order in Council dated the ninth day of October, A.D., 1900, as amended by Order in Council dated the sixteenth day of October, A.D., 1900, of the first part;

And Michael P. Davis, of Ottawa, in the county of Carleton, Contractor, of the second part:

Whereas by, indenture No. 12336, dated the twenty-fifth day of June, 1896 made between the parties above named, the said Michael P. Davis among other things agreed to supply electric power in connection with the operation of the Cornwall Canal,

at $63.00 per horse power per annum and to supply and work electric direct current arc lights with fixtures and connections for the lighting of the said canal at thirty cents per night per light, as by reference to said indenture will more fully appear.

And whereas it is expedient to determine and fix the number of the said lights, the extent of the said electric powers and the time and manner of payment.

It is therefore agreed between the said parties hereto that the said Michael P. Davis shall under the said indenture furnish and supply to Her Majesty electric current for power purposes as aforesaid not less in any one year than four hundred electric horse powers, and also supply and work electric direct current arc lights not less at any one time than two hundred and fifty lights, nor, without the consent of the lessor, more than two hundred and seventy lights.

That the said Michael P. Davis shall supply such lights from the first day of May, A.D. 1901, and current for power from the first day of October, A.D. 1901.

That the rental payable by Her Majesty for the said power and lights as provided in the said indenture shall be paid monthly on the termination of each month of service.

In the event of any difference of opinion arising between the said Michael P. Davis and Her Majesty as to the number of horse powers actually supplied, the quantity shall be determined by three arbitrators, one to be named by the Minister of Railways and Canals or his successors in office, one by the said Michael P. Davis, and the third by the two so named; in the event of failure to agree upon the third arbitrator, a judge of the Exchequer Court of Canada shall nominate and appoint such third arbitrator.

That nothing herein shall be taken to vary, other than as above specified or provided, any of the provisions of the said indenture.

This agreement shall extend for twenty-one years from the date of the said indenture No. 12336 and shall thereafter be further extended by successive renewals to the first day of July , 1979, thus making the term of this contract co-existant with the leasing portion of the said indenture, and shall be binding on Her Majesty, her successors and assigns, and upon the said Michael P. Davis, his executors, administrators and assigns.

In witness whereof Her Majesty has caused these presents to be signed by the said Minister and by the Secretary of the Department of Railways and Canals and the seal of the said department to be hereto affixed, and the said Michael P. Davis has executed these presents the day and year first above written.

Signed, sealed and delivered by Her Majesty in manner aforesaid, in the presence of
(Sgd.) GERARD RUEL.
[Seal.]

(Sgd.) JAMES SUTHERLAND,
Acting Min. of Railways and Canals.
(Sgd.) L. K. JONES,
Secy. Dept. Rlys. and Canals.

Signed, sealed and delivered by the lessee in the presence of
(Sd.) D'ARCY SCOTT.

(Sgd.) M. P. DAVIS, [Seal.]

It is agreed between the parties to the aforegoing contract that the time from which the said Michael P. Davis shall supply the electric arc lights within mentioned shall be the first day of August, 1901, instead of the first day of May, 1901, as within provided.

In witness whereof the said parties have executed this endorsement.

Witness to the execution hereof on behalf of Her Majesty,
(Sgd.) GERARD RUEL.
[Seal.]

(Sgd.) COLLINGWOOD SCHREIBER,
Secy. Dept Rlys. and Canals.
(Sgd.) L. K. JONES,
Secy. Dept. Rlys. and Canals.

Witness to the execution hereof, by Michael P. Davis.
(Sgd.) D'ARCY SCOTT.

(Sgd.) M. P. DAVIS. [Seal.]

The undersigned Minister, acting on behalf of His Majesty the King by virtue of an Order in Council dated June 29, A.D. 1901, has agreed with Michael P. Davis, within described, that the time from which the said Michael P. Davis shall supply the electric arc lights within mentioned shall be the first day of October, 1901, instead of the first day of August, 1901, as hereinbefore provided.

Dated this twelfth day of July, A.D. 1901.

Witness to execution on behalf of His Majesty,
(Sgd.) GERARD RUEL.
[Seal.]

(Sgd.) JAMES SUTHERLAND,
Acting Min. of Rlys. and Canals.
(Sgd.) L. K. JONES,
Secy. Dept. Rlys. and Canals.

Witness to execution by Michael P. Davis.
(Sgd.) F. H. LEONARD, JR.

(Sgd.) M. P. DAVIS. [Seal.]

The undersigned Minister, acting on behalf of His Majesty the King by Virtue of an Order in Council dated the third day of October, one thousand nine hundred and one, has agreed with Michael P. Davis, within described, that the time from which the said Michael P. Davis shall supply the electric arc lights within mentioned shall be the fifteenth day of November, 1901, instead of the first day of October, 1901, as hereinbefore provided.

Dated this twenty-sixth day of October, one thousand nine hundred and one.

Witness to execution on behalf of His Majesty,
(Sgd.) GERARD RUEL.
[Seal.]

(Sgd.) ANDW. G. BLAIR,
Minister of Railways and Canals.
(Sgd.) L. K. JONES,
Secretary.

Witness to execution by Michael P. Davis.
(Sgd.) D'ARCY SCOTT.

(Sgd.) M. P. DAVIS. [Seal.]

DEPT. OF RAILWAYS AND CANALS, OTTAWA, April, 1902.

SIR,—The department understands from Mr. M. P. Davis, the contractor for lighting by electricity the Cornwall Canal, that you desire to be furnished with information direct from the canal officers as to the number of lights supplied, and the date of the commencement of lighting.

In compliance with your wish, I inclose herewith a copy of a communication, dated January 15 last, from the superintendant of operations, River St. Lawrence district, in which he states that the light was turned on the canal for the first time on October 24, 1901, and he furnishes a statement showing that at the date of his letter 216 lights were supplied, and their several locations.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M.*

CORNWALL, WILLIAMSBURG AND MURRAY CANALS,
OFFICE OF THE SUPERINTENDENT OF OPERATION,
MORRISBURG, ONT., January 15, 1902.

SIR,—I have the honour to inform you that the electric light was turned on the Cornwall Canal for the first time on October 24, 1901.

Attached is a statement showing how the 216 lights now on are located.

I am, sir, your obedient servant,

W. A. STEWART,
Superintendent of Operation.

The Deputy Minister and Chief Engineer, Ottawa, Ont.

AUDIT OFFICE, OTTAWA, April 19, 1902.

SIR,—Let me acknowledge receipt of your application No. 440 for $10,048.80 in favour of M. P. Davis, for lighting the Cornwall canal from October 28, 1901, to April 1, 1902, being 158 nights for 212 lights, at 30 cents a night for each light.

Mr. Superintendent Stewart, in his letter of January 15, 1902, writes thus :—"The electric light was turned on the Cornwall canal for the first time on October 24, 1901. Attached is a statement showing how the 216 lights now on are located.'

This certificate is deficient in the following respects :—

(1) It is not stated that the whole number of 216 lights were placed as early as October 24, 1901: a large part of them might have been installed later, as far as Mr. Stewart's certificate goes.

(2) It is not stated that 216 lights were worked every night between October 24 and January 15; this would be outside of Mr. Stewart's personal knowledge. The certificates of the different local officers are required instead.

(3) No certificate of any kind is made as to the period between January 15 and April 1, 1902. This is as necessary as the other.

On page 4 of the typewritten contract of June 25, 1896, the following section occurs: 'The lessee shall also supply and work electric direct-current arc-lights of not less than 2,000 candle-power, in perfect working order, at such points and such number as shall, from time to time, be deemed necessary by the Chief Engineer, running all night whenever so required, along the canal, and maintain and keep the same in good order and condition,————at 30 cents per light per night.'

This appears to provide for a difference in quantity of lighting, between the open and closed seasons of navigation, as on the Welland canal, since the number at any time is to be fixed by the Chief Engineer. The bill rendered on behalf of Mr. Davis, however, includes every night between October 24 and April 1. Please let me have a copy of the Chief Engineer's order, providing for an undiminished service during the closed season.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, April 26, 1902.

SIR,—I have the honour to acknowledge the receipt of your letter of the 19th instant, in further reference to the application of this department for a payment to Mr. M. P. Davis for lighting the Cornwall canal.

In reply, I have to state that the minimum number of lights to be paid for each night is 250, irrespective of the number actually lighted, so long as the number of lights called for, from time to time, according to the exigencies of the season, are duly supplied. My certificate, therefore, in this regard, appears to be correct.

As covering your observation with regard to the number of lights installed by October 24, 1901, I inclose a copy of a letter from the Superintendent of Operation, dated the 25th instant, showing that the full number stated was installed by that date, with subsequent additions.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M.*

CORNWALL, WILLIAMSBURG AND MURRAY CANALS.
OFFICE OF THE SUPERINTENDENT OF OPERATION,
MORRISBURG, ONT., April 25, 1902.

SIR,—In accordance with your telephone message of Wednesday, I went to Cornwall, and personally counted the number of electric lights on the canal.

I find that the statement previously sent you was one light short, and that there were 217 lights on December 1, 1901, instead of 216. This number was on from October 24, 1901. Since that date, there has been one light added, on March 5, 1902. This one is at the north end of the bridge at Cornwall, and was placed there shortly after the time when I said 30 lights were required, during the winter.

It is quite possible that there may have been a few lights less than this number on February 16, 1902, as occasionally a light will go out through some defect in the lamp. I did not keep track of such deficiencies in the number of lights each night.

In fact, it was only for my own satisfaction that I took any notice of the electric light line, as I had been informed that it was not yet accepted by the government, and until it was I had nothing to do with it.

I am, sir, your obedient servant,

W. A. STEWART,
Superintendent of Operation.

The Deputy Minister, Railways and Canals.

AUDIT OFFICE, OTTAWA, May 2, 1902.

SIR,—Let me acknowledge receipt of your 124165 of April 26, covering a letter from Superintendent Stewart, dated April 25,

Mr. Stewart says: 'I did not keep track of deficiencies in the number of lights each night. In fact, it was only for my own satisfaction that I took any notice of the electric light line, as I had been informed that it was not yet accepted by the government; and until it was, I had nothing to do with it.'

Since Mr. Stewart not only had no personal knowledge of the lighting, but also considered it outside of his province, the certificates of the local officers are still more necessary. If these officers were not aware that they would be called upon for information, the best we can do now is to ask them to certify from memory that the lighting was practically continuous.

If payment is to be made on the same basis in the future, the duty of verifying and certifying the different lights should be placed with the appropriate local officers.

Please inform me of the date when the government accepted the lights.

The minimum limit of 250 lights, to which you make reference, does not appear to be yet effective as far as the accounts are concerned. Since only 217 lights have yet been installed by the contractor, he cannot expect pay for working 250, but only for those actually worked.

Since the contracts of June 25, 1896, and October 9, 1900, were not made under advertised public tender, the vouchers for payment will need to be certified 'prices fair and just' by the proper government officer, and this entirely as a matter of value, without regard to the Orders in Council.

As explanatory of the certificate 'prices fair and just,' I shall be glad to insert in my annual report a description of any steps which were taken towards inviting competition for the rental of the water power, the working of the gates and the lighting of the canal.

The receipts and expenditure under these contracts are approximately as follows:

Revenue—Yearly rental of water power.....	$ 1,000
Outlay—250 lights, 365 nights at 30 cents....	27,375
" 400 horse power at $63....	25,200

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF RAILWAYS AND CANALS, OTTAWA, May 7, 1902.

SIR,—I have the honour to acknowledge the receipt of your letter of the 2nd instant, in further reference to the application of this department for a payment to Mr. M. P. Davis for lighting the Cornwall canal.

In reply, I have to say that the lights were accepted as soon as they were installed, namely, on October 24,1901. Under the terms of the lease of June 25, 1896, and of the subsequent contract of October 19, 1900, the question of payment does not depend on the number of lights actually in use, which may be varied, from time to time, within certain defined limitations. These limitations are a minimum of 250 lights and a maximum (unless by consent of the lessor) of 270 lights.

There was, however, no intention, for a moment, of paying for lights not installed, and my certificate clearly shows this.

I regret that I am unable to concur in the suggestions you make in the concluding paragraphs of your letter as to the nature of the endorsement to be placed on the vouchers. Contracts entered into by the department are placed in my hands to see that their provisions are carried out, and it is my duty, on the proper performance of the service contemplated in such contracts, to give my certificate to that effect, in order to payment. This I have done in the past, and must continue to do in the future.

In compliance with the suggestion made by you that the local officers should certify from memory that the lighting was practically continuous, I have requested the superintendent to obtain certificates from the lockmen; they will be forwarded to you when received.

I am, sir, your obedient servant,

The Auditor General COLLINGWOOD SCHREIBER, *D.M.*

DEPARTMENT OF RAILWAYS AND CANALS, OTTAWA, May 17, 1902,

Re M. P. DAVIS' Contract for Lighting the Cornwall Canal.

SIR,—With reference to previous correspondence in the above matter, I have the honour to inclose herewith, for your information, certificates, dated the 14th instant, from the lockmasters, and one of the bridgemasters on the Cornwall canal in respect of the lights furnished under the above-mentioned contract, together with the covering letter from the Superintendent of operation. Be pleased to return file.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M.*

ST. LAWRENCE CANALS,
OFFICE OF THE SUPERINTENDENT OF OPERATION,
MORRISBURG, ONT., May 14, 1902.

SIR,—I beg to inclose herewith certificates from the lockmasters and one of the bridgemasters on the Cornwall canal, with regard to the electric lights.

I have not taken any certificate from the other bridgemaster, because the one from the lockmasters at 17 and 18 covers his territory. These certificates cover the whole number of lights on the canal, except perhaps 12 or 15. I have personally examined the lights sufficiently to know that this is the case, as there are only about that many between the locks which cannot be seen from one lock to the other.

It was necessary to allow the lockmasters to use their own judgment as to the form in which they put their certificates, consequently there are slight discrepancies.

From my own memorandum I know that 217 lights burned from October 24, 1901, to February 28, 1902, or thereabouts; during the month of March there were only 30 lights going; from April 1 to 5, the full 217 were on, and then from the 19th to the end of April the full number were on. The time when the lights were all off during the month of April, 1902, was while the water was out of that level of the canal.

I am, sir, your obedient servant,

W. A. STEWART,

Superintendent of Operation.

The Deputy Minister, Railways and Canals.

CORNWALL CANAL, May 14, 1902.

I hereby certify that the electric lights, as they can be seen from lock 18, were all running in fairly good order from October 24, 1901, till April 30, 1902, except for an occasional light on odd nights, and all the lights for three nights in December, 1901, and about two weeks in April, 1902, with only seven lights running during the month of March, 1902.

(Sgd.) JOHN LALLY,

Lockmaster, Nos. 15 and 17.

CORNWALL CANAL, May 14, 1902.

I hereby certify that the electric lights, as they can be seen from lock 18, were all running in fairly good order from October 24, till April 30, 1902, except for an occasional light on odd nights, and all the lights for three nights in December, 1901, and about two weeks in April, 1902, with only four lights running during the month of March, 1902.

(Sgd.) JOHN GILLIE,

Late Lockmaster at Lock No. 18.

CORNWALL CANAL, May 14, 1902.

I hereby certify that the electric lights, as they can be seen from lock No. 19, were running in fairly good order from October 24, 1901, to April 30, 1902, except for an occasional light on odd nights, and three full nights in December, 1901, and about two weeks in April, 1902, with only four running during the month of March, 1902.

(Sgd.) DANIEL GILLESPIE,

Lock No. 19.

CORNWALL CANAL, May 14, 1902.

I truly certify that the electric lights, as they can be seen from lock No. 20, were all running in fairly good order from October 24, 1901, to April 30, 1902, except for an occasional light on odd nights, and three nights in December, 1901, and about two weeks in April, 1901, and the month of March, 1902.

(Sgd.) W. J. DEROUSIE,
Lockmaster, No. 20.

CORNWALL CANAL, May 14, 1902.

I hereby certify that the electric lights, as they can be seen from the Mille Roches bridge, were all running in fairly good order from October 24, 1901, to April 30, 1902, except for an occacsional light on odd nights and all the lights for three nights in December, 1901, and about two weeks in April, 1902, with only four lights burning during the month of March, 1902.

(Sgd.) E. S. RAYMOND,
Bridgemaster.

CORNWALL CANAL, May 14, 1902.

I hereby certify that the electric lights, as can be seen from lock No. 21, were all running in fairly good order from October 24, 1901, to April 30, 1902, except for an occasional light on odd nights, and all the lights on three nights in December, 1901, and about two weeks in April, 1902, and all were out except three during the month of March, 1902.

PHILIP PURCELL,
Lockmaster.

AUDIT OFFICE. OTTAWA, May 14, 1902.

SIR,—In further discussion of Mr. M. P. Davis' contract for lighting the Cornwall canal:

Please let me know what steps are taken to ensure the fulfilment of the contract requirement that the lights are to be maintained at 2,000 candle power.

I am, sir, your obedient servant,

The Deputy Minister Railways and Canals. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF RAILWAYS AND CANALS, OTTAWA, May 17, 1902.

SIR,—I have the honour to acknowledge the receipt of your communication of the 14th instant, in further relation to the contract of Mr. M. P. Davis for lighting the Cornwall canal.

In reply, I have to say that Mr. Davis has undertaken by his contract to perform certain specified service, and the department will, as usual in dealing with its contractors, satisfy itself that such service is properly carried out.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M. R. & C.*

Re Certificate that prices are fair and just.

AUDIT OFFICE, OTTAWA, May 29, 1902.

SIR,—I have your letter of the 7th inst., in reply to mine of the 2nd regarding the application of your department for the payment to Mr. M. P. Davis for lighting the Cornwall canal.

With reference to the first paragraph, it does not appear to me quite clear that 30 cents a light a night does not apply only to lights in use.

Regarding your refusal to have the certificate 'Prices fair and just' supplied by the proper officer of your department, I beg to request that you reconsider this question. Is it not quite manifest that section 33 of the Audit Act is based upon the assumption that, in fixing the prices of purchases, care must be taken that the public are protected from having to pay more for services or material than they are worth ? If public notice is given that tenders will be received and the lowest tender is accepted, no further evidence is needed. If, however, tenders are not called for, the official in the department who has, from the nature of his duties, the most accurate knowledge of the current prices for such services or materials, is required to examine what has been supplied and certify that the price claimed is a fair one. If no one certifies, how can any one tell on whose opinion the price is based, or whether it is based at all on the opinion of a disinterested person who has the needed information to enable him to certify properly ?

Then let me invite your attention to section 11 of 49 Vic., chap. 37, An Act respecting the Department of Railways and Canals:—

'The Minister shall invite tenders by public advertisement for the execution of all works, except in cases of pressing emergency, in which delay would be injurious to the public interest, or in which, from the nature of the work, it can be more expeditiously and economically executed by the officers and servants of the Minister.'

There are under this section two cases only in which the Minister of Railways and Canals may dispense with the inviting of tenders. (1) When for certain reasons the work is done by the departmental officers and servants, and (2) when delay would be injurious.

Certainly (1) does not apply, and it appears to me that (2) does not either.

Be good enough to show that the provisions of this section have been complied with.

I am, sir, your obedient servant,

The Deputy Minister Rys. and Canals. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF RAILWAYS AND CANALS, OTTAWA, May 31, 1902.

SIR,—I have the honour to acknowledge the receipt of your communication of the 29th instant, in further reference to the application of the department for a payment to Mr. M. P. Davis for lighting the Cornwall canal.

I have endeavoured in my letter of the 7th inst., especially, to explain to you the attitude I am compelled to take as to the propriety of furnishing the certificate you desire that the price to be paid for these lights is 'fair and just.'

I have directed your attention to the fact that this is not the case of the purchase of supplies or materials, as to which, of course, your observations would very properly apply, but a case where by Order in Council and by subsequent agreements based thereon, the furnishing of electric lighting, at a specified price and for a minimum and maximum number of lights, has been undertaken.

These documents are placed in my hands to see that their provisions are carried out. I satisfy myself that they have been, and certify accordingly. Here my responsibility ends. It is not, I consider, my place to decide or even to discuss whether the price is fair or unfair.

As to your request that I should show you that the provisions of the departmental Act, 49 Vic., chapter 37, requiring the invitation of tenders for the execution of works have been complied with, the fact that the lighting in question is simply the fulfilment of one of the conditions of the above mentioned instruments removes it from the category in which you appear to place it.

I am, sir, your obedient servant,

The Auditor General COLLINGWOOD SCHREIBER, *D.M. R. & C.*

AUDIT OFFICE, OTTAWA, June 4, 1902.

SIR,—I inclose herewith papers in connection with the contract of M. P. Davis for lighting the Cornwall canal by electricity. You will see from the correspondence what the difficulties between the Railway Department and this office are.

Apparently there were no tenders called for, and no certificate of an expert as to the value of the service that was to be performed.

Apart from the very manifest principle which should hold in such cases, that the country should be protected from applicants getting prices at their own dictation, there are two Acts, viz.: The Audit Act, sec. 33, and the Act with reference to the Department of Railways, sec. 11, which seem to have been disregarded.

I thought it well to send these papers to you, so that if you had a moment to look over them you might be in a better position to give an opinion when we meet here on Friday next.

I am, sir, your obedient servant,

A. B. AYLESWORTH, Esq., K.C., Toronto. J. L. McDOUGALL, *A.G.*

TORONTO. June 14, 1902.

DEAR SIR,—I have now examined the papers you inclosed me with yours of 4th instant, in connection with the contract above referred to, and I have given the best consideration I can to the position taken by you in your communications of 2nd and 29th May to the Deputy Minister of Railways and Canals.

I have to express the opinion that you cannot as Auditor General insist upon the production of the certificates you have asked for It is very possible that I do not properly appreciate your duties or responsibilities under the statute with regard to your office, and I am of course not acquainted practically with the course of business as between the various departments at Ottawa, but I have examined the Audit Act as carefully as I can, and have considered especially sections 32 and 33.

Under section 33, it is plainly your duty, before authorizing any payment such as is here asked for, to require the officer in special charge of this part of the public service to certify that the work has been performed, and that the price charged is according to contract, but I do not see how anything more than this can be called for. The certificate that the price charged is fair and just is required only where the price is not covered by a contract. In the present case there is, in fact, a contract fixing the price, and therefore, as it seems to me, no question can be raised whether such price is or is not fair and just. If the price is too high the responsibility must rest upon

those who have authorized the contract. As matters stand, the price is fixed by the contract, and if payment of it were refused payment of it could, so far as I can see, be enforced by the courts. No court would inquire behind the contract to determine whether or no the price was fair and just, and I cannot see that under the statute the Auditor General has anything to do with the fairness or justice of the price, so long as such price is fixed by contract.

I am not losing sight of the fact that very possibly the making of this contract may have been a distinct infraction of sec. 11 of the Act Respecting the Department of Railways and Canals, R.S.C., c. 37. But I do not see how you can determine whether or not this is the case. Nothing appears on the subject one way or the other from the papers submitted to me. There appears an Order in Council of October 9, 1900, authorizing the agreement of October 19, 1900, under which the claim to payment is now made, but it is to be observed that this agreement of October 19, 1900, in fact amounts to nothing more than a fixing of the quantities of electric horse power and electric light the contractor is to supply. The lease previously entered into and dated June 25, 1896, seems to have conferred upon Mr. Davis the right to supply such electric power and light on the canal as the Chief Engineer of the department might require, and if it was, under this lease, the right of Mr. Davis to supply the light and power in question, there was no possibility in October, 1900, that there should be competition, or the consideration of tenders, before the agreement then made with Mr. Davis was entered into.

But in any event, it would seem to me, for the reasons I have tried to point out, that neither the Auditor General nor any deputy minister, chief engineer or other officer of the government could inquire into the validity of contracts which had been actually entered into on behalf of the Crown under Order in Council, or go behind such contracts to investigate whether the prices thereby fixed were or were not in fact fair and just. In this respect the statute R.S.C., c. 29, sec. 33, in my opinion protects you, and justifies you in authorizing payment upon sufficient vouchers and upon certificate of the proper officer that the work has been performed, and that the price charged is according to contract.

I return herewith the file of papers submitted to me.

I am, sir, your obedient servant,

The Auditor General. A. B. AYLESWORTH.

Re Payment for Lights not in Use.

AUDIT OFFICE, OTTAWA, June 21, 1902.

SIR,—With reference to the correspondence between your department and this office in regard to the Cornwall canal lighting and our difference as to whether the lighting was to be for the whole year at 30 cents per light installed, might I ask you to let me know what the cost of lighting would be if your view were correct and what it would amount to if my view were the correct one, that is to say, if only the lights required were used and if only these lights were paid for. I shall be very glad to have an answer as soon as convenient, that I may acquaint you with my decision on this matter.

I have the honour to be, sir, your obedient servant,

The Deputy Minister Rys. and Canals. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF RAILWAYS AND CANALS,
OTTAWA, June 24, 1902.

SIR,—I have the honour to acknowledge the receipt of your communication of the 21st instant, in further reference to the application of the department for a payment to Mr. M. P. Davis, for lighting the Cornwall canal.

In reply, I have to say that I cannot treat this matter other than under the contract, which calls for payment for a minimum number of 250 lights per night at 30 cents per light, or, as I understand it, such number under that minimum as have been actually installed.

I have the honour to be, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M.*

AUDIT OFFICE, OTTAWA, June 23, 1902.

SIR,—I inclose herewith the file of papers connected with the lighting of the Cornwall canal by M. P. Davis and the lease of June 25, 1896, as well. This will probably enable you to deal with the matter.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

A. B. Aylesworth, Esq., K.C.,
Toronto.

AUDIT OFFICE, OTTAWA, June 26, 1902.

SIR,—I beg to inclose herewith a copy of a letter which I have just reeceived from A. B. Aylesworth, K.C., on the Cornwall electric light charges of Mr. M. P. Davis. You will observe that Mr. Aylesworth's opinion is that payment should not be made for anything but the lights in use each night. I thought it well to inclose you this copy at once, but I may write to you again when I have had time to look into the matter further.

I have the honour to be, sir, your obedient servant,

The Deputy Minister Rys. and Canals. J. L. McDOUGALL, *A.G.*

TORONTO, June 25, 1902.

DEAR SIR,—I have been out of town this week until to-day, but on returning find here your favour of 23rd inst., inclosing the file of papers connected with this contract and copy of the lease of June 25, 1896.

I have examined this lease carefully, but find in it little or no assistance upon the point in question. I find, however, in again examining the Order in Council of October 9, 1900, language which seems to make the matter clear.

You will observe on reference to this Order in Council that the lights are to be 'paid for at 30 cents *per lamp* for each night during which light is required and *supplied.*' If this language were incorporated into the contract itself it would seem to me reasonably clear that payment could not be asked in respect of any nights during which light was not 'required and supplied.' Unfortuately the contract of 1900 has

not, in terms, followed the language of the Order in Council in this respect, but I suppose it may be said that the Minister of Railways and Canals had no authority to enter into any contract other than that which the Order in Council authorizes, and in any event it would seem the just and sensible interpretation of the contract as it stands, that where the obligation of the contractor under the original lease of 1896 was to supply and work electric lights at such points along the canal, and in such number as the Chief Engineer should from time to time deem necessary, running all night whenever so required, at '30 cents per light per night,' payment was to be made only in respect of such number of lights, and such number of nights, as were actually required by the Chief Engineer and supplied by the contractor.

The agreement of October, 1900, expressly recites this provision of the lease that lights are to be supplied and worked at 30 cents per night per light, and, reading this phrase in the light of the Order in Council under which the contract was entered into, it would seem reasonably clear that payment was to be made only in respect of each night during which light was required and supplied.

It may also be pointed out that under the agreement of October, 1900, Mr. Davis undertook to supply and work 'not less at any one time than 250 lights.' If the contract were to be adhered to strictly as against Mr. Davis, it might be interpreted as requiring him to furnish not less than 250 lights before he was entitled to receive any payment at all, but as he is asking payment merely for the number of lights actually supplied and worked, you will probably consider that no objection should be taken by reason of the number of lights being less than 250.

I return herewith the file of papers you forwarded me.

Yours truly,

The Auditor General. A. B. AYLESWORTH.

Re **Account for Energy not Presented when Account for Light was Presented.**

AUDIT OFFICE, OTTAWA, June 26, 1902.

SIR,—So far as my recollection goes, there was no explanation made why it was that the account for electrical energy, supplied by Mr. M. P. Davis at the Cornwall Canal from October 24, was not sent in at the time the first account for electric lighting was rendered. Will you be good enough to explain?

I am, sir, your obedient servant,

The Deputy Minister, Rys. and Canals. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF RAILWAYS AND CANALS, OTTAWA, June 30, 1902.

SIR,—I have the honour to acknowledge the receipt of your communication of the 26th instant, stating that, so far as your recollection goes, there was no explanation made why it was that the account for electrical energy furnished by Mr. M. P. Davis from October 24 last under his contract for lighting, &c., the Cornwall canal was not sent in at the time the first account for electrical lighting was rendered, and asking for information in that regard.

In reply, I have to say that no such explanation was made, as none appeared to be necessary. As a matter of fact, however, the account in question had not been rendered by Mr. Davis at the time referred to.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHRIEBER, *D.M.*

AUDIT OFFICE, OTTAWA, June 30, 1902.

SIR,—I have just received your letter of this date in answer to mine regarding the point which occurred to me with reference to the fact that Mr. M. P. Davis had not included in his first account for electric lighting the charge for electrical energy. I beg to say that the point which seemed to me worthy of notice is still unanswered.

What struck me as calling for remark was the fact that a man, who has two accounts for services which are so closely allied as electric lighting and electrical energy and which start from exactly the same date, should have thought of forwarding one and not have thought of the other. That he should have done so seems very remarkable. It seems to me, on the other hand, that he must have thought there was some reason for excluding the one, when he rendered the other, and that his reason for doing this would be one which should be brought under the notice of those who have anything to do with passing the accounts. I do not want to find reasons where there are none; but I should like to know that there is no reason, if you can say that such is the case.

In order to save time in this matter, I am now writing to Mr. Davis direct.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A. G.*

AUDIT OFFICE, OTTAWA, June 30, 1902.

DEAR MR. DAVIS,—I have had correspondence with Mr. Schreiber with reference to the fact that, while I had some time ago an account from him for you for electric lighting at the Cornwall canal, I had at that time no account for electrical energy, although I have since received an account which contains a charge for the latter service from October 24, the same date from which the charge for electric lighting began to run in the first account.

It appeared to me rather strange that you would have an account for electrical energy, dating from the same day as the account for electric lighting, and not have presented the account for the second work, particularly as it covered a large sum of money. The explanation may be simple, but I have not received it. Though I have written again to Mr. Schreiber, as his first answer was not satisfactory, I write to you so that I may get such explanation as may remove the cause of further inquiry and enable me to get on with the discussion of the matter. Mr. Schreiber tells me in his answer that the account in question had not been rendered by you at the time referred to; but that is exactly the difficulty with me, viz., why the account was not rendered.

I am, sir, your obedient servant,

M. P. Davis, Esq., Ottawa. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF RAILWAYS AND CANALS, OTTAWA, July 5, 1902.

SIR,—I have the honour to acknowledge the receipt of your communication of the 30th ultimo, in further reference to your request for information as to why Mr. M. P. Davis, the contractor for lighting, &c., the Cornwall canal, had not included in his first account for electric lighting the charge for electrical energy.

In reply, I would say that I know of no reason why both accounts in question should not have been rendered at one and the same time, but, on the other hand, I do not, personally, see anything wrong or suspicious in the accounts being rendered at

different dates. I may add that I fail to perceive in what way the interests of the public suffer by Mr. Davis' adoption of the latter course.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M.*

Cost of Works and Running Expenses Compared with Contractor's Revenue.

SOULANGES CANAL.

ENGINEER'S OFFICE, COTEAU LANDING, P.Q., July 8, 1902.

SIR,—The cost of the electrical installation on this canal will be about $160,000. The cost of operation and maintenance we estimate approximately at $5,000 per annum. This includes the salaries of the electricians at the power house, linesmen, lamp-trimmers, renewal of carbons, and all *ordinary* repairs.

According to the terms of the contracts the company is to operate the whole system for one year after it has been brought into full use—in other words, until May 1, 1903, the government defraying the cost of the same at reasonable rates.

I am, sir, your obedient servant,

The Auditor General. THOMAS MONRO, *Suptg. Engr.*

RAILWAYS AND CANALS DEPT., OTTAWA, July 2, 1902.

SIR,—I have, by direction, to inform you that objection has been raised by the Auditor General to the issue of a cheque in favour of Mr. M. P. Davis under contracts entered into with him for the lighting and provision of electrical energy on the Cornwall Canal, as applied for by this department.

I inclose herewith the several papers in the case, including the correspondence which has taken place between the Auditor General and this department, and have to request that you will be pleased to obtain a ruling from the Honourable the Treasury Board on the point whether his objections should be sustained or overruled.

I am, sir, your obedient servant,

The Secretary, Treasury Board. L. K. JONES, *Secretary.*

AUDIT OFFICE, OTTAWA, July 8, 1902.

SIR,—With reference to the appeal from my decision on the applications of the Railway Department of April 5 for $10,048.80 and of June 23 for $19,182.36, in favour of M. P. Davis for electric light and electric energy on the Cornwall Canal, I would draw your attention to the fact that tenders were not called for, and that the Deputy Minister of Railways, who is also Chief Engineer, has declined to give me any information as to the cost to Mr. Davis of works or of services for which he is to get over $50,000 a year for 84 years, in all over $4,000,000.

Then I may call your attention to the rather singular fact that there were two arrangements in connection with the matter: the first was made 11 days before the election of June 23, 1896, and the second 29 days before that of November 7, 1900.

As you have observed in the file, Mr. Aylesworth, whom I have consulted, thinks that I cannot effectively deal with the refusal of the Ministers of Railways and Canals at the respective periods named to obey the order of Parliament conveyed in the 11th section of the Railways and Canals Act, R.S., chap. 37: 'The Minister shall invite tenders, by public advertisement, for the execution of all works, except in cases of pressing emergency, in which delay would be injurious to the public interest, or in which, from the nature of the work, it can be more expeditiously and economically executed by the officers and servants of the Minister.'

This is plainly an explicit direction by Parliament that what was done in these cases should not have been done. Whether I am empowered or not to stop the payment, it is none the less my duty to draw the attention, in the strongest terms, of every one who has anything to do with the matter, to the disregard of this most important provision in all cases, and particularly when such a tremendous sum as $4,000,000 is involved.

It must not be forgotten that in addition to $51,000 a year, Mr. Davis also has the right to all the rental which the water power will bring.

It may be that Mr. Davis is obtaining nothing but a reasonable return from his investment and services. No one should endeavour to deprive him of a fair return for his investment; but he should get nothing more. If this is all right, and if I were in the position of the government, I should bring the proof by the statement of an electrical expert, supported by the approval of the Chief Engineer.

As you will see from the correspondence, this matter has been long before me, one new point after another in connection with it having come up.

I have sent an engineer to Cornwall, who will report this week. I shall then send in my final report. I have had a telephonic communication from him which indicates that, after allowing a liberal margin, payment is to cost as about 2½ to 1.

This you will consider a preliminary letter to give my general view of the subject, so that if you leave Ottawa before my report is in your office you will be informed as to the line which is to be taken here.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

PETERBOROUGH, July 10, 1902.

SIR,—As requested by your telegraph of the 8th instant, I beg to report as follows :—

Acting under your instructions I visited Cornwall on the 5th instant, examined the plan in the Government Engineer's office showing the canal and the position of the poles and lights in connection with it. I then went through the canal on the government steamer from Cornwall to the upper entrance, examining as far as possible in the limited time, the lighting and power plant, and the power station at Sheik's Island dam. The canal, which is about 11½ miles in length, is equipped with a pole line and lights from end to end with poles about 100 feet, and lamps about 400 feet apart, except where the canal is broadened out into a lake by the construction of the dam. The installation of power for operating the lock gates was being made at Lock No. 20, the houses for transformers and other electrical apparatus were in position at other points, and I understand the work of installation was under way. The power house, which is at the lower dam, is a very good and substantial structure, thoroughly well equipped and up to date; provision is made for three large units of power, besides units required for exciters; at present one large generator and the exciters are installed and in operation. Leading to the power house from the broadened canal or lake, is a head-race, or power

canal, of considerable length, over which a steel highway bridge is built forming a continuation of the roadway on top of the dam to the island. The work on the pole line, lighting and power station all seems to be of the best description.

Outside of the lighting of some three or four houses near the power station, I am informed that there is at present no other market for the power beyond its use by the government, and that so far efforts to obtain permission to use the streets and furnish it in Cornwall, have not been successful.

With regard to the cost of the plant and the power and light supplied to the government, the time at my disposal was entirely too limited to arrive at definite figures. I regret that I can only at present make a mere approximation, but should you desire can give more definite and detailed figures later after having time to make a thorough examination. For the present I should say :—

The cost of the plant was approximately....	$225,000
Add for contingeneies and items which might be underestimated in an approximate estimate made in a limited time, 15p.c..	33,750
Total.....	$258,750

The cost of operation, if all the plant were running continuously, should not exceed $10,000 per annum.

Trusting that the above approximate information may in the meantime be of some service,

I am, sir, your obedient servant,

The Auditor General. CHARLES H. KEEFER, *C.E.*

AUDIT OFFICE, OTTAWA, July 14, 1902.

SIR,—I returned from a trip to the Soulanges and Cornwall canals on Friday last. Thursday was spent on the Soulanges and Friday on the Cornwall.

It is remarkable how similar the two canals are in regard to the actual expenditure on the lighting of the two and the electrical energy required for them.

The Soulanges is 14 miles long and the Cornwall less than 11, but in the latter the lighting is on both sides for a longer distance. On the Soulanges there are 6 locks and 7 bridges. On the Cornwall there are 7 locks, including the guard gate, and two bridges. The electric energy is now used on one canal (the Soulanges) in moving the lock gates and the bridges and is to be used on the Cornwall canal in only the same way.

I inclose a copy of the memorandum of Mr. Munro, the superintendent engineer, showing the cost for the purpose under consideration, so far as the Soulanges is concerned, practically as $10,000 per annum :—

3 per cent on $160,000, the cost of construction....	$4,800
The yearly cost of running the plant, wages, fittings, repairs, &c....	$5,000

I have verified the cost from our report.

Now, the Davis annual claim on the Cornwall canal, according to his contention supported by the Department of Railways and Canals, is for precisely the same pur-

pose, lighting 250 lamps the whole year, when the canal is closed as well as when it is open—30 cents a light a night.

250 x 365 x 30 cts.	$27,375
400 H.P. electric energy at $63.	25,200
	52,575
Less $1,000 rent of water power. . . .	1,000
	$51,575

That is, the government has as expensive a plant at the Soulonges as Mr. Davis has at the Cornwall. It costs the government as much to run the Soulanges canal plant as it should cost Mr. Davis to run the Cornwall plant.

The government's annual expenditure for interest and all other outlay is in one case $10,000, should it be $50,000 in the other case where the services are the same and the expenses, so far as the opinions of experts are concerned, are the same?

As this is to continue 84 years and as the government pays 3 per cent for its money, the present value of the $40,000 annual loss for the whole time, by paying the Davis annual claim instead of all costs, is $1,220,000.

I am now waiting for the written statement of an expert in the prices of electrical apparatus, and the cost of operating so as to support this argument.

I hope that this is enough to justify the postponing of the consideration of the appeal by the Board until a full meeting.

It is well to consider the effect on the claim of Mr. Davis due to the agreement of 1896, and that which arises from the addition to it of 1900:—

Lease of 1896.

1. M. P. Davis to pay $1,000 for the water power ;

2. Mr. Davis to supply electric power to the satisfaction of the Chief Engineer of Railways and Canals for the working of all locks on the Cornwall canal at $63 ;

3. That he shall supply lights of 2,000 candle power at 30 cents a light.

Now, my information from the Soulanges canal is that 2-horse power is sufficient for a lock, so that if all the locks and bridges were to be moved at once, 50-horse power would not be required; $3,150 would therefore be more than sufficient to pay the charge for electric energy. Then, with regard to electric lighting. It is quite clear that Mr. Davis has no right under this agreement to claim payment except for the number of lights called for by the Chief Engineer and only for the nights which he may require lighting to be done. Therefore, as probably 200 lights might be required, the same number on this 11½ mile long canal as on the Soulanges of 14 miles, the charge would be:—

200 x :30 (183 + ¼ x 182)
=60 x (228½) or $13,710.

The annual account would therefore stand:—

Dominion Government to M. P. Davis—

Electric energy.	$ 3,150
Electric lighting.	13,710
	$ 16,860
Cr.	
Water power.	1,000
	$ 15,860

The government in 1896 might, it seems to me, have kept in view the fact that the first-class water power which was being leased to Mr. Davis should have been held by the government until a lessee was found who would have accorded the government power and light on the most favourable terms.

The weaknesses in the government interest, leaving the water power out of the question, were, however, small in 1896 agreement as compared with those of the 1900 document, which, under the interpretation of the department, makes the electric energy have a minimum of 400 h. p. for the purposes of calculation or the equivalent of $25.-200, and the electric lighting, as explained before, $27,375. The whole amount as given above, $51,575, as against $15,860, an increase of $35,715 per annum, or an entire present value in increase of over $1,000,000.

At the moment, the government is asked to pay for electrical energy at the rate of $25,200 per annum since October 24, while no electrical energy has been used there yet.

I make my objections under the Audit Act, sec. 32, subsections (a) and (c). I contend that manifestly section 11 of 49 Vic., cap. 37, prevents such a contract as that under which this claim is made from being legal. No tenders were called for. This is under section (a).

I also contend that the government has no right to saddle the country with annual payments for years ahead, and without receiving an equivalent. Then, the exorbitant rates allowed make good my objection under section (c) that the money is not justly due.

I have the honour to be, sir,

Your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, July 15, 1902.

SIR,—I beg to inclose herewith a copy of a letter and report from Mr. F. Hoffmeister, who is superintending the operation of the electric plant on the Soulanges canal. You will observe how important his report is in connection with the Cornwall electric expenses, now under consideration of the Treasury Board, and how closely it bears out the approximate information given by me on the subject.

I have the honour to be, sir,

Your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

CASCADES POINT, SOULANGES CANAL, July 12, 1902.

DEAR SIR,—In accordance with your request of the 11th instant *re* cost of the electrical installation and the operating expenses of the Soulanges and Cornwall canals.

I beg to say that, in the short space of time after my visit with you on the Cornwall canal, I can only give you an approximate cost in detail of the electrical installation on the Cornwall canal.

The total cost of the electrical installation on the Soulanges canal, that is, for lighting the canal and operating all the lock gates, sluice gates and highway bridges with electric energy, $160,000. The power-house, however, is combined with a waste weir about the middle of the summit level at the Grease river. This waste weir cost about

$40,000. Adding this to the total cost of the plant, it would bring it up to $200,000. However, with the knowledge that has been gained with this plant, the same plant could now be installed with a great deal less money.

The maximum power required for operating the Soulanges canal, that is, if a lockage is made at every lock, and all the highway bridges are operated all at the same time, it would only require 40 horse-power, but the average power required with a fairly good traffic passing through the canal it would only require about 20 to 25 horse-power to operate the canal.

The following is an approximate cost in detail of the electrical installation on the Cornwall canal:—

Cost of pole line, including copper wire, cross-arms, pins, guy wire, insulators and the arc lamps complete....	$ 39,000
Cost of electric and hydraulic machinery in the power-house.....	35,000
Machinery in the power-house..	35,000
Cost of power-house building..	15,000
Cost of motors, transformers, switch cabins and cables crossing at the various locks..	28,000
Cost of excavating for the head race and erecting wheel-pits and the foundation for the power-house..	80,000
The total cost of the installation..	$197,000

The cost of the apparatus which is to connect the motors to the hand mechanism at the locks and highway bridges, is to be added to the above amount, as this apparatus was not on the ground at the time of my visit to the canal, so cannot give any estimate on it. However, I believe the cost of this apparatus will not exceed over $7,000.

The above is only an approximation cost of the plant, and the figures can possibly be modified some, by going into it more closely.

The maximum power required for operating the Cornwall canal, that is, if a lockage is made at every lock and the highway bridges are operated all at the same time, it would only require 35 horse-power, but the average power for operating the canal would not require more than about 25 horse-power, however, a 5 horse-power motor will be provided for operating each gate at every lock on the canal, and if each gate will require 5 horse-power to open and close it, the maximum power to operate the canal would then be 65 horse-power, that is if all the locks and all the highway bridges are operated all at the same time, but I see no reason why the lock gates on the Cornwall canal should require any more power to open and close them than the lock gates on the Soulanges canal, which require 3 horse-power to open and close the lower gates and 2 horse-power to open and close the upper gates at each lift lock, and 2 horse-power to operate each highway bridge.

With reference to the operating expenses of the Soulanges canal, the account for operating the canal for 1901 is $5,200, but this year since the electric power is applied to operate the canal, one more man is required, who has charge of all the lock and bridge motors, and also looks after all the lock machinery in general. With this additional man, the operating expenses may go up to $5,700. This, however, includes all the carbons for the arc lamps, arc lamp repairs and breakage of all the lamp globes, and other small incidental breakage.

I regret to say that I cannot deal with the question of the operating expenses on the Cornwall canal, for reasons that the electrical installation is not completed, and it would be difficult to judge now just how much talent labour would be required to operate the canal, as the application of power for operating the canal is much different to that applied on the Soulanges canal. However, if the apparatus for operating the

Cornwall canal works as satisfactorily as the apparatus on the Soulanges canal, I see no reason why the operating expenses on both canals should not be about the same.

I am, sir, your obedient servant,

F. HOFFMEISTER,

Resident Engineer for Canadian General Electric Co.,

Soulanges Canal.

The Auditor General.

Mr. Aylesworth's opinion as to Auditor General's duty *re* Contracts and his report when Over-ruled.

TORONTO, August 6, 1902.

Re Davis: Cornwall Canal Lighting Contract.

DEAR SIR,—I have yours of yesterday asking return of the papers in connection with this matter.

I have, since our conference at Sault Ste. Marie, read the additions to the file subsequent to my letters to you of June 14 and 25 last, and I have again considered as carefully as I can, the provisions of the Audit Act, intending to have written you some days ago, but holding the papers for a little further consideration.

I am not able to vary the opinion I expressed in my letters to you of June 14 and 25, but as you have refused to certify the accounts and the matter has gone to the Treasury Board, it is, I presume, no longer in your hands for action.

With the information from Mr. Hoffmeister's report, and your own visits to the Cornwall and Soulanges canals, the course you have taken in this matter is clearly the proper one, if you felt that the circumstances should be brought to the attention of parliament.

I cannot find, from examining and considering the Audit Act, any indication that parliament intended your office to be superior to, or to exercise any supervision over, the various departments of the government, in so far as questioning the validity of their contracts is concerned, but there appears clear provision in the statute for bringing all such questions to the notice of parliament itself.

The legislation seems to afford a very complete scheme by which your department may be an efficient check upon expenditure, and by which parliament may be at once informed if anything unusual or irregular takes place. You have the power (and no doubt the duty) under Section 32 (*c*) of the Audit Act, to refuse your certificate if at any time convinced that a cheque is applied for where 'the money is not justly due.' You are by section 33 expressly precluded from authorizing any payment unless upon due voucher that the work has been performed or materials supplied. By Section 10 of 51 Vic., chapter 7 (1888), you are, in reporting to the House, to call attention to every case in which cheques have been issued without your certificate, or in which a payment was 'in any way irregular.' Your duty accordingly, when not satisfied that money claimed is justly due, is to refuse to certify, and thereupon the Treasury Board becomes 'the judge of the sufficiency of your objection.'

But the statute has carefully provided that in all such cases the matter must come before parliament upon full report, making it apparently, by section 49 of the Audit Act, your personal duty to present such report if the Minister of Finance does not do so within the time prescribed by the statute.

Responsibility is by this means removed from you and made to rest upon the proper shoulders. The Treasury Board is responsible to parliament, and if parliament considers that in this matter or in any other matter upon which you may take a similar

course, an improvident or improper contract has been entered into, the Minister who is responsible, or the Government, will be held to account.

I do not think there is anything more to be done by you in such a matter, and I may add that with the views you entertain in regard to this particular account, I do not see how you could have done less than you have done in connection with it. I return herewith your departmental file of papers in connection with the claim.

Yours truly,

A. B. AYLESWORTH.

The Auditor General.

Estimate of Electrical Energy.

AUDIT OFFICE, OTTAWA, September 24, 1902.

SIR,—With reference to the Davis claim for electric lighting and energy supplied on the Cornwall canal, now before the Treasury Board: my letter to the board having been written rather hurriedly on account of the anxiety to deal with the question before the departure from Ottawa of certain members of the board, and because I learn that an additional letter has been supplied to the board by the Deputy Minister of Railways and Canals, I feel that I should write a short second letter. I have seen, through the kindness of Sir Richard Cartwright, a copy of Mr. Schreiber's letter, but I cannot well deal with it without hearing from the board. Perhaps you will communicate that letter to me in the usual way.

am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

TREASURY BOARD, OTTAWA, September 26, 1902.

SIR,—I have the honour to acknowledge the receipt of your letter of 24th instant stating that you feel you should write a short second letter as to Mr. Schreiber's letter to the secretary of the Department of Railways and Canals regarding electric lighting and energy supplied on the Cornwall canal by Mr. M. P. Davis.

The papers were not before me when I received your letter as they were in the possession of the said department. But I received the papers late yesterday and I now inclose, officially, a copy of Mr. Schreiber's letter above referred to.

I should be glad if you would be kind enough to favour me with your second letter at as early a date as possible, as I have, of course, to base a report, under sub-sec. (c) of sec. 32 of the Audit Act, upon reports from your office, and as the question is one of importance and as I was very much hurried when the papers were formerly before me, I should be glad as I have said before if you would be good enough to let me hear from you as quickly as possible.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, August 25, 1902.

SIR,—In connection with the agreement entered into with Mr. M. P. Davis, for the supply of electrical power—equivalent to 400 horse powers—for the operation of the lock gates, &c., on the Cornwall canal, I have been requested to furnish some specific

information as to the estimated apportionment of power to the several works, resulting in the aggregate of power called for by the agreement. I would observe as follows :—

In dealing with the question of the application of electricity to the several purposes of the Cornwall canal operation (which at the present date is a matter of theory and estimate, rather than of conclusive calculation, based on definite experience), provision had to be made, on both the old and new canals, for the lock and guard gates, for the sluice gates or valves, for bridges, and for winches to assist vessels through the locks. In addition, power had to be furnished for the workshops, which serve not only the Cornwall canal, but also the three canals constituting what is known as the Williamsburg canals.

The main item is, of course, the lock gates. On the Soulanges canal, 3 H.P. is used for lock operation at each gate, but it has to be borne in mind that everything about the gates on this canal is new, and, consequently, works with a smoothness that cannot be looked for from the old gates on the Cornwall. The reports of Mr. Parks, an expert electrical engineer, which I have before me, place the figure considerably higher ; his estimate of the requisite power being the equivalent of 5 H.P. For the Cornwall, 4 H.P. may probably be regarded as a reasonable and sufficient provision.

For the sluice gates and valves, the allowance of one H.P. per gate is the same as on the Soulanges canal.

For the highway bridge the allowance is two H.P., the same as on the Soulanges, but for the old Grand Trunk Railway bridge, used as a highway bridge, 3 H.P. is allowed.

For weir openings the very reasonable allowance of ½ H. P. each is made. The weir openings on the Soulanges canal are not electrically fitted, as they are seldom worked, but on the Cornwall the frequent regulation of the water level is necessary in connection with the various manufactories along the canal.

The assistance of vessels through the locks by electrical power is to be a feature of the system, and for this purpose 6 H.P. is provided at each lock.

For the workshops, serving the Cornwall and Williamsburg canals, 60 H.P. is allowed.

On the above basis the following would be the apportionment of power :—

	No. H.P.	Total H.P.
New canal, lock and guard gates	26 x 4	104
Old canal, lock gates	20 x 4	80
New canal, sluice gates or valves	26 x 1	26
Old canal, sluice gates or valves	20 x 1	20
6 weirs, (66 openings)	66 x ½	33
Bridges	1 x 3 1 x 2	5
New canal, winches to help vessels through locks	6 x 6	36
Old canal, winches to help vessels through lock	5 x 6	30
Workshops, serving both Cornwall and Williamsburg canals		60
		394
Six per cent for loss of power between generator and motors		23
Total horse powers delivered		417

I am, sir, your obedient servant,

The Secy, Dept. of Rys. and Canals. COLLINGWOOD SCHREIBER, *C.E.*

Payment asked where no Service has been Rendered.

AUDIT OFFICE, OTTAWA, September 29, 1902.

SIR,—I have received your letter of the 26th instant, accompanying the letter of the Chief Engineer of the Department of Railways and Canals, showing the estimated apportionment of electric power on the Cornwall canal to make up the 400 horse power, the minimum amount according to the agreement dated 1900, between the government and Mr. M. P. Davis.

The letter of the chief engineer does not touch the question raised by me. An application has been made to me to pay for 400 horse power at $63 per horse power per annum, to run from October 24 last, over 11 months now, while there has not as yet been the application of any electrical energy whatever for any government purposes anywhere on the Cornwall canal. I raise no objection to the payment for the electrical energy when we get the use of it. It was provided under the contract of 1896 that the government was to pay for only what it got, and there was no necessity to make a new and highly unfavourable agreement with Mr. Davis for electrical energy.

I have heard remarks as to my former letter to the effect that Mr. Davis' claim was inaccurately brought out in two respects:—

1st. In the comparison between the Soulanges cost and the allowance under the 1900 agreement I neglected to provide for deterioration of plant. That is true; but it does not affect the comparison with the agreement of 1896 with Mr. Davis, where I draw the conclusion that the present value of the loss by acting on the agreement of 1900 instead of that of 1896 will be $1,000,000.

2nd. In connection with this conclusion, that the loss to the government is $1,000,000, it is contended that I should have remarked that Mr. Davis will not make $1,000,000 because he cannot get money on as favourable terms as the government.

The government and its officials have nothing to do with the gain or loss of those who may have dealings with the government, except so far as such gain or loss may effect the government financially. We have to think of what the country as a body loses and of nothing else.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, October 6, 1902.

SIR,—It may be well to draw the attention of the Treasury Board to page 7 of the lease to M. P. Davis of June 25, 1896, where the circumstances, under which the lease may be cancelled, are described. It seems plain that Mr. Davis would have no right to object under this agreement. Then the government might feel that the cancelling of the lease would be an easy method of getting rid of two serious difficulties besides the lease itself. The two difficulties are, of course, the paying for lights, some of which are not used, and the paying for electric energy, none of which is used.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, October 11, 1902.

SIR,—Since writing you last on the Cornwall electric light and energy question, it has occurred to me that although I have diligently endeavoured to find it, without

any success, there must be some fact or explanation to diminish the unpleasantness of the conclusions which I have drawn.

May I suggest that you send my other letters as well as this to the Department of Railways, with the hope that before the question is disposed of by the Board, to be subsequently made public, the possible elucidation may be obtained officially. I cannot speak except to criticize; but it is disheartening that, after 24 years of service, such criticisms as I have made have had no better result than to permit the most inexplicable transaction, considering both its magnitude and character, of any of the transactions which have come before me.

Should the reply from the Railway department show that I have been mistaken to the injury of the department, please let me see it, so that I may withdraw the unfavourable strictures.

Consider the condition, before the 2nd contract was entered into in 1900, of the services which are the subject of the two contracts:—

1st. *Electric light.*—A rate per light per night of 30 cents was agreed upon. Only the lights used and when in use were to count for payment. Under such an agreement, while the canal is closed, for nearly half the year, only one-fifth or one-sixth of the number—those in use to light the bridges—would count. If for any reason others were not required, while the canal is open, they would not count.

2nd. *With reference to electric energy.*—Under the first agreement payment was to be made for the quantity used, and exact provision was to be made for determining the quantity used.

Under the second agreement, that of 1900—

(1) Under the contention of the Department of Railways, lighting is to be paid for on the basis of all the lights available and for every night in the year.

(2) So far as the energy is concerned, by the contention of the Department of Railways, we are now to pay for 400 horse power from October 24, within a few days of a year, and there is no electrical attachment to permit the use of a single horse power.

(3) When the attachment is in, there will be an overpayment of $35,000 a year if the electric energy is not applied to other uses. As this may continue for 84 years, the present value of that loss is over a million dollars.

Bear in mind that the present Deputy Minister of Railways and Canals was in office when the agreement of 1896 was made, that he presumably was either the author of the carefully prepared agreement of 1896, the one which so fully guards all the public interests by providing against a successful claim by the contractor, for either electric light or energy, the use of which is not obtained by the public. In the same way, he was a party to the provision on page 7 of the 1896 agreement, by which the government could take possession of the plant and water power if it was in the public interest to do so, for any reason.

Now, what do we find? A new agreement made in 1900, for no apparent purpose, except to throw away every safeguard which had been provided with so much labour and forethought, with the same gentleman as Deputy Minister, whose duty it was to prepare the new agreement or to have advised concerning it. In my view, it is incumbent upon him to explain his responsibility in connection with so unaccountable a change of agreement.

By my correspondence with Mr. Schreiber you will see that I could not get from him the explanations for which I was evidently looking. He couldn't have mistaken what I sought.

Mr. Schreiber, although an elderly man, is still one of the keenest, most practical, thorough and prompt men in the public service. In no other case would even a small part of this irregularity have escaped him.

With remarkable composure an application is made for the payment of electrical energy at the rate of $25,200 per annum, to run from October 24, 1901, while instead of making provision to enable the government to use the energy from the time when they were to pay for it, by having the work for the connection with the lock gates begin in the early part of the summer of 1901, the contract for this purpose was dated only on May 20, 1902, the work to be completed on August 15, 1902. Is Mr. Schreiber the person to have been found in such an unprepared state and one which might so easily have been prevented?

There is no one in the public service to whom I am under greater obligations for pleasant relations than to Mr. Schreiber, and it pains me to make these remarks.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

TREASURY BOARD, OTTAWA, October 14, 1902.

SIR,—As requested in your letter of the 11th instant, I have forwarded to the Department of Railways and Canals copies of your letters to the Treasury Board (and inclosures) in connection with the Cornwall electric light and energy question, as shown by the list hereto attached.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secy., T.B.*

Re Cancelling Over-ruling.

DEPARTMENT OF FINANCE,
OTTAWA, November 28, 1902.

SIR,—The payment to Mr. M. P. Davis for $25,000, account lighting, &c., Cornwall canal, having gone through, I shall be glad if you will kindly return me the minute of the Treasury Board of the 13th instant.

I have the honour to be, sir, your obedient servant,

J. M. COURTNEY, *D.M.F.*

The Auditor General.

AUDIT OFFICE, OTTAWA, December 1, 1902.

SIR,—I beg to acknowledge the receipt of your letter of the 28th instant asking me to return the minute of the Treasury Board of the 13th instant regarding the contracts of Mr. M. P. Davis for electric light and energy on the Cornwall canal. As requested, I return herewith the minute, including the attached papers which were forwarded to me with it.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A. G.*

The Secretary, Treasury board.

AUDIT OFFICE, OTTAWA, February 16, 1903.

SIR,—On November 28 last, you applied to me for a return of the minute of the Treasury Board of November 13, which overruled my decision regarding the M. P. Davis electric lighting and energy, Cornwall canal. Having forwarded the minute to you as requested, I am now unable to comply with the requirements of section 32, subsection 2, of the Audit Act, without hearing from you further on the subject.

I know that I was overruled because I had notification of it. Therefore, I presume I must consider that the overruling still holds unless I get a notice that the former action has been rescinded, and therefore must conform to the requirements of the law as far as the information in my possession will permit. I shall be glad to hear from you at your early convenience.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Treasury Board.

FINANCE DEPARTMENT,
OTTAWA, February 19, 1903.

SIR,—I have the honour to acknowledge the receipt of your letter of the 16th instant respecting the Davis matter.

I have been absent in New York for a few days and only returned to the office to-day, hence my inability to send you an earlier reply.

I had understood that by an arrangement with you, all the proceedings in relation to this case were to be considered as cancelled, with a view to having further enquiry made before reaching a decision. This understanding is fully borne out by correspondence I see you had with Mr. Fielding on the 19th and 21st ultimo.

I have the honour to be, sir, your obedient servant,

J. F. COURTNEY, *D.M.F.*

The Auditor General.

AUDIT OFFICE, OTTAWA, February 19, 1903.

SIR,—I beg to acknowledge the receipt of your letter of this date in the Davis matter.

You are quite right in supposing that I understood the minute *re* the Davis matter was withdrawn from this office to have further enquiry made. I shall experience no difficulty in connection with the performance of my duties under the 32nd section of the Audit Act, if the minute is replaced by another minute of any kind before the

meeting of parliament. As, however, it will be different if the minute is not replaced before that time, I shall be glad if you will keep the subject before you.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A. G.*

J. M. COURTNEY, ESQ.,
Secretary, Treasury Board.

EXTRACT *from the minutes of a meeting of the Honourable the Treasury Board, held at Ottawa, on the seventh day of March, 1903.*

Railways and Canals.—With reference to the minute of the Treasury Board of November 13, 1902, overruling the action of the Auditor General in the case of the claim of Mr. M. P. Davis for electric light and energy on the Cornwall canal, such minute not having been acted upon and steps having been taken immediately after the passing of such minute, under arrangements with the Auditor General, for the further inquiry into the whole matter, the board direct that the said minute be, and the same is hereby cancelled, and the whole subject left open for further consideration.

J. M. COURTNEY, *Secy.*

Number of Lights to be Paid for.

AUDIT OFFICE, March 16, 1903.

DEAR SIR,—I wish that you would look over your letter to me of June 25, 1902, with reference to the claim of Mr. M. P. Davis in connection with electric light and energy on the Cornwall canal.

There has been a difference of opinion at Ottawa as to what your meaning really is regarding the electric light part of the claim. It seems to me quite clear that what you intend to convey is that the Government can fix the number of lights to be used for any night, paying only for that number of lights at 30 cents per night. The other view is that the Government can use all the lights and pay for all, or get none of the lights and pay nothing. What did you really mean ?

Yours sincerely,

A. B. AYLESWORTH, Esq., K.C., Toronto. J. L. McDOUGALL, *A.G.*

TORONTO, March 17, 1903.

Re Davis : Cornwall Canal Lighting Contract.

DEAR SIR,—I have your favour of yesterday as to the proper construction of the contract above referred to. I have read again my letter to you of June 25 last, but I have none of the papers now before me, and my memory of the details of the contracts is not clear enough to warrant my expressing any opinion about their provisions. I do not recollect that the question whether the Government could or could not require any less number of lights than 250 to be supplied was before my mind at all for consideration at the time of the writing of my letter. My present memory is that I did *not* consider, or form any opinion on, that point, but if you wish me to express an opinion upon it, and will be good enough to send me copies of the lease of June 25, 1896, the Order in

Council of October 9, 1900, and the agreement of October 19, 1900, I will try to let you have my views upon the subject at once.

Yours truly,

The Auditor General, Ottawa. A. B. AYLESWORTH.

AUDIT OFFICE, OTTAWA, March 18, 1903.

SIR,—As requested by your letter of yesterday, I inclose herewith copies of the lease of June 25, 1896, the Order in Council of October 9, 1900, and the agreement of October 19, 1900, *re* the Cornwall canal lighting contract. I shall be glad to have your opinion on the point stated in my letter of the 16th instant.

I am, sir, your obedient servant,

A. B. AYLESWORTH, Esq., K.C., Toronto. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, March 20, 1903.

SIR,—If you find, on reconsidering the electric light claim of Mr. M. P. Davis, that under the contract of 1896 the case for the government is more favourable than it is made by the contract of 1900, be good enough to give your opinion based on the contract of 1896. You will, of course, then say what you think the effect will be taking the two contracts together, and that in your opinion the contract of 1900 should hold; but that you are giving the opinion on the basis of the 1896 contract at my request.

Sincerely yours,

A. B. AYLESWORTH, Esq., K.C., Toronto. J. L. McDOUGALL, *A.G.*

TORONTO, March 21, 1903.

SIR,—Referring to your favours of 16th and 18th instant, I have now examined the lease of June 25, 1896, the Order in Council of October 9, 1900, and the agreement of October 19, 1900, thereupon entered into.

I understand you wish my view on the question whether the government can, under these contracts, fix the number of lights to be used on any one night, paying only for the number of lights so used at the rate of 30 cents per night.

I think that was the position of matters and the right of the government in the premises prior to the agreement of October 19, 1900, but by the document of the last mentioned date the number of such lights has been, I think, fixed by the agreement of the parties at *not less than 250,* and I think, therefore, that if on any night any lights at all are required Mr. Davis has the right, if he wishes, to insist that not less than 250 shall be paid for.

So long as the lease of June 25, 1896, was the only document evidencing the agreement betweeen the parties, the situation was that Mr. Davis had the right to supply at the prices named in the lease, whatever electric power was required for the working of the locks on the canal, and electric lights along the canal at such points and number as should from time to time be deemed necessary by the chief engineer.

As matters stood, so long as this lease was the only contract, it rested with the Chief Engineer to define the points along the canal at which lights were required, and

from time to time to determine the number of lights. The prices and various particulars in regard to the lights are specified by the lease.

The Order in Council of October 9, 1900, and the agreement of October 19, 1900, specify in distinct language the number of lights to be furnished. They are to be, in number, not less than 250 nor more than 270, at the discretion of the department, and the government having by this Order in Council and subsequent agreement exercised the right reserved to it under the lease of determining the number of such lights which Mr. Davis should supply, he is, I think, entitled to rely upon such Order in Council and subsequent agreement, and to say that if any lights at all are required from him on any particular night, the number of them shall be not less than 250.

I return herewith the copies of lease, Order in Council and agreement that you sent me.

I am, sir, your obedient servant,

The Auditor General. A. B. AYLESWORTH.

Supplementary Contract Between His Majesty the King and Michael Patrick Davis and the Quebec Bank, Aug. 13, 1903.

Date of contract, August 13, 1903.
Order in Council authorizing.
Public work concerned, Cornwall canal.

Description, varying lease No. 12336, and contract No. 13975, in respect of supply of electric power and lights and payment therefor.

THIS INDENTURE, made the thirteenth day of August one thousand nine hundred and three.

Between His Majesty represented herein by the Minister of Railways and Canals for the Dominion of Canada,

Of the first part.

Michael Patrick Davis, of the city of Ottawa in the county of Carleton and province of Ontario, contractor,

Of the second part,

AND

The Quebec Bank of the third part.

Whereas by an Indenture of Lease, No. 12,336, dated the twenty-fifth day of June, 1896, and made between Her late Majesty Queen Victoria, of the one part, and the said Michael Patrick Davis, of the other part, for the considerations therein mentioned, the said Michael Patrick Davis covenanted and agreed with Her late Majesty Queen Victoria, amongst other things, to supply electric power to the satisfaction of the Chief Engineer of Railways and Canals for the working of all the locks on the Cornwall canal, at $63 per horse power per annum, and also to supply and work electric direct current arc lights, of not less than 2,000 candle-power, in perfect working order, at such points and such number as should from time to time be deemed necessary by the said Chief Engineer, running all night whenever so required, along the canal, and maintain and keep the same in good order and condition, and provide all electrical connection, labour, tools, plant, material and everything necessary for the regular operation of the plant, at his own cost and expense, at 30c. per light per night, and upon such further terms and provisions as were therein expressed and declared concerning the same.

And Whereas by an order of His Excellency the Governor General in Council, made and passed on the ninth day of October, 1900, the Minister of Railways and Canals was authorized in pursuance of the provisions contained in the hereinbefore recited lease, to enter into a contract with the said Michael Patrick Davis for the lighting of the Cornwall canal, the number of lights not to be less than 250 arc ights of 2,000 candle-power each, nor more than 270, at the discretion of the Department of Railways and Canals, to be paid for at 30c. per lamp for each night during which light is required and supplied, and further, for the supply of electric power for the operation of the lock gates and valves, and of the bridges throughout the said canal, the amount to be paid for such service to be $63 per horse-power per annum, for a minimum of 400 horse-power.

And Whereas by an agreement, No. 13,975, dated the nineteenth day of October, 1900, and made between Her late Majesty Queen Victoria of the one part, and the said Michael Patrick Davis of the other part, after reciting the hereinbefore recited Indenture of Lease No. 12,336 of the twenty-fifth day of June, 1896, and reciting that it was expedient to determine and fix the number of the said lights, the extent of the said electric powers, and the time and manner of payment, it was agreed between the said parties thereto that the said Michael Patrick Davis should, under the said indenture, furnish and supply to Her Majesty, electric current for power purposes as aforesaid, not less in any one year than 400 electric horse-powers, and also supply and work electric direct current arc lights, not less at any one time than 250 lights, nor without the consent of the lessor, more than 270 lights and upon the terms and conditions therein further expressed and declared.

And Whereas by an Agreement, No. 13,992, dated the sixth day of November, 1900, and made between the said Michael Patrick Davis of the 1st part, the Quebec Bank of the second part, and Her late Majesty Queen Victoria of the third part, in consideration of certain advances theretofore made and thereafter to be made by the said Quebec Bank to the said Michael Patrick Davis, the said Michael Patrick Davis, with the consent of Her late Majesty Queen Victoria, assigned, transferred and set over all his rights, title and interest, in the two hereinbefore recited indentures of the twenty-fifth day of June, 1896, and the nineteenth day of October, 1900, respectively, subject to the terms and conditions therein contained, as security for the payment of the said advances, and in the said agreement was contained a proviso for redemption upon payment by the said Michael Patrick Davis of the said advances when due.

And Whereas the said agreement of the sixth day of November, 1900, is still a valid and subsisting security, and the said indentures of the twenty-fifth day of June, 1896, and the nineteenth day of October, 1900, have not been re-assigned to the said Michael Patrick Davis in pursuance of the provision in that behalf in the said agreement of the sixth day of November, 1900, contained.

And Whereas it has been agreed by and between the parties hereto that the terms and provisions of the said indentures shall be varied and supplemented in manner hereinafter appearing.

Now this indenture witnesseth that in pursuance of the aforesaid agreement, and in consideration of the premises, and of the considerations in the said indentures of the twenty-fifth day of June, 1896, and the nineteenth day of October, 1900, contained, the said parties hereto mutually agree and it is hereby agreed and declared, that as and from the 1st day of July, 1903, and thereafter during the continuance of the term granted and agreed on by and in the said two indentures, the said Michael Patrick Davis shall supply such electric power, not exceeding four hundred horse-powers, to the satisfaction of the Chief Engineer of Railways and Canals, as may by the said Engineer be from time to time required in writing for the working of the locks and other purposes connected with the operation of the Cornwall canal, and further, in like manner, supply and work electric direct current arc lights, not exceeding at any one time two hundred

and fifty (250) lights, running all night, at such points and in such numbers as shall by the said Chief Engineer be from time to time, in writing designated and required.

Provided always, and it is further agreed as follows :—

(*a*). That with respect to payment for power and light heretofore supplied, upon the present installation, up to the first day of July, 1903, the power supplied per annum shall be taken to have been one hundred and twenty-five horse powers, and the lights shall be as follows :—

From the twenty-fourth day of October, 1901, to the thirtieth day of November, 1902, both inclusive, and from the thirty-first day of March, 1903, to the thirtieth day of June, 1903, payment shall be made for the actual number of lights which were burning upon the canal under the instructions or authority of the said chief engineer, to be evidenced by his certificate to that effect.

From the thirtieth day of November, 1902, to the thirty-first day of March, 1903, payment shall be made for one hundred lights per night ; and the right is hereby expressly reserved to the said Michael P. Davis to be paid for such additional lights (in excess of one hundred) that he can show were, during such period, actually burning in pursuance of the instructions or authority of the said Chief Engineer, or of any person duly authorized by him.

(*b*). That with respect to payment for power supplied after the first day of July, 1903, the standard of one hundred and twenty-five horse powers, stated in the preceding paragraph, shall be taken to apply until the present installation, is added to or increased, upon the written requisition of the Chief Engineer as hereinbefore provided.

Upon the present installation being added to or increased, pursuant to such requisitions, payment therefor shall be computed and made as follows :—the present installation, requiring for efficient operation a line load estimated at one hundred and eleven horse powers, is taken, for the purposes of this agreement, (with allowances for extra line load, at one hundred and twenty-five horse powers, and shall form the basis of computation. The additional installation, according to capacity, shall be estimated on the same ratio of line load (with the same ratio of allowances for extra line load), —the proportion of the capacity of the present installation to one hundred and twenty-five being always adhered to in the result.

(*c*). That with respect to payment for lights supplied after the first day of July, 1903, the lights supplied from the close of navigation to the re-opening thereof shall be taken to be one hundred lights per night, and for the balance of the year (that is during navigation season) two hundred and fifty lights per night, notwithstanding that during the respective periods the said numbers of lights may not be required by the said Chief Engineer or be actually used. Payment for such lights supplied from the closing of navigation to the re-opening thereof shall be made on the fixed basis of one hundred lights for four months, computed at 121 days in ordinary years, and 122 days in leap year; and for such lights supplied during the balance of the year, (or navigation season) on the fixed basis of two hundred and fifty lights for eight months, computed at 244 days. Such payments shall be made on the certificate of the Chief Engineer, or other officer duly authorized by him, that lights to the number required by him, within the respective limits aforementioned, were available for use during the respective periods named.

Should more lights than one hundred be ordered by the Chief Engineer during the close of navigation, within the total limit of two hundred and fifty lights, they shall be paid for, in addition to the amounts above provided, at thirty cents per night per light.

Provided also that these presents shall be read with, and considered as supplemental to the said indentures of June 25, 1896 and October 19, 1900, and that save as hereinbefore otherwise expressly provided, or as not inconsistent with the provisions of these presents, the rents reserved, and the payments to be made by and under the

said indentures, shall be reserved and paid, and the covenants, conditions, stipulations and agreements in the same indentures contained, shall remain in force, and be observed and performed, as fully as if these presents had not been executed.

In witness whereof His Majesty the King has caused these presents to be signed by the said minister and by the secretary of the said Department of Railways and Canals and the seal of the said department to be hereto affixed, the said Michael Patrick Davis has hereunto set his hand and seal and the seal of the said Quebec Bank has been hereunto affixed the day and year first above written.

Signed, sealed and delivered by His Majesty in manner aforesaid, in the presence of
(Sgd.) GERARD RUEL. (Seal.)

(Sgd.) W. S. FIELDING,
Actg. Minister of Railways and Canals.
(Sgd.) L. K. JONES,
Sec., Dept. of Railways and Canals.

Signed, sealed and delivered by the said Michael Patrick Davis in presence of
(Sgd.) GERARD RUEL.

(Sgd.) M. P. DAVIS. (Seal.)

The seal of the Quebec Bank hereto affixeed in the presence of
(Sgd.) D. HOSSACK. (Seal.)

(Sgd.) T. C. COFFIN,
For the Quebec Bank, and for this purpose duly authorized by a resolution passed at the meeting of the Board of Directors of the Quebec Bank held at its banking office, in the city of Quebec, on Friday, the 12th of February, 1904, an extract of the minutes of which meeting is hereto attached.

THE QUEBEC BANK, HEAD OFFICE, QUEBEC, February 12, 1904.

EXTRACT *from the Minutes of a meeting of the Directors of the Quebec Bank, held at its banking house, in the City of Quebec, on Friday, February 12, 1904.*

It is Resolved,—That Tristram Carleton Coffin be, and is hereby, authorized to sign, on behalf of the Bank, an agreement, dated August 13, 1903, between His Majesty the King and Michael Patrick Davis and the Quebec Bank, which is an agreement varying lease No. 12336 and contract No. 13975, in respect of the supply of electric power and lights on the Cornwall canal, and the payments therefor.

I hereby certify the above to be a true copy of the resolution as entered in the minute book of the said the Quebec Bank, a quorum being present.

In testimony whereof I have affixed the corporate seal of the bank.

[Seal] (Sgd.) THOMAS McDOUGALL, *Secretary.*

EXTRACT *from a Report of the Committee of the Honourable the Privy Council, approved by the Governor General on February 6, 1904.*

On a memorandum dated August 20, 1903, from the Acting Minister of Railways and Canals, submitting for the approval of the Governor General in Council a proposed contract to be entered into by His Majesty with Mr. M. P. Davis and the Quebec Bank, in respect of the supply of electric power and lighting for the Cornwall canal, under the provisions of the lease dated June 25, 1896, to Mr. Davis, but since assigned

to the bank, of water power and other privileges at Sheik's island dam, on the said canal.

The Minister recommends that he be authorized to execute the said contract.

The committee submit the same for approval.

JOHN J. McGEE, *C.P.C.*

NOTE:—I was consulted about this contract and assented to it.

From this final contract, the third, the present value of the payments to be made, presuming that the requirements of the government on the Cornwall Canal remain as they are now, will be $680,000 less than what it would have been if the second contract had remained unchanged. The requirements are, I know, to be increased, but from all the prospects it seems that the prospective saving cannot be less than $500,000. The saving from October 24, 1901 to this date has been $52,000.

J. L. McDOUGALL, *A.G.*

Report to Minister of Railways and Canals, Canada, *re* Cornwall Canal. (Contracts with M. P. Davis for Electrical Energy, &c.) Submitted by Louis A. Herdt, A. A. Dion, Roderick J. Parkə.

OTTAWA, February 14, 1903.

To the Honourable

The Minister of Railways and Canals:

In the matter of the contracts entered into by the Department of Railways and Canals, with Mr. M. P. Davis of Ottawa, for the lighting of, and for provision of electric energy on the Cornwall Canal:

SIR,—Acting under instructions contained in letters addressed to each of us by the Secretary of your department, under date of November 28, 1902, copy of which is attached (Addendum A) we called upon the Chief Engineer of Railways and Canals at his office, on December 2, 1902, who furnished us with copies of departmental files containing copies of the agreements above referred to, with copies of correspondence relating thereto.

After careful consideration of the documents submitted to us, and full discussion thereon, a visit to the power house at Mille Roches, a general examination of the tansmission line, lamps, motors and other devices, and after obtaining all possible information as to the operation of the canal from officials and employees, we beg to report as follows:—

The hydraulic works, power house, electrical generating and other station apparatus, transmission line, lamps, transformers, motors, &c., seem to be first-class in every respect. The various works have been carried out in accordance with good modern practice, everything is substantial, well designed, and the lamps and motors appear to work in a very satisfactory manner.

With reference to the lease of June 25, 1896, we find that.—

1. As to electric lighting, arc lights are to be supplied and worked by the lessee at such places and in such number as may be deemed necessary by the Chief Engineer of Railways and Canals—the rate per light per night to be 30 cents.

2. As to electric power, power to operate the lock gates to be supplied at $63 per h. p. per annum.

We are of the opinion that—for the time (1896) and the service to be rendered namely, to supply power for 24 hours per day in small units, and to furnish lamps and light them, the whole scattered over a course covering many miles—the prices to be paid were reasonable. It has been made possible since, under certain conditions, mode of delivery, &c., and in very large quantities, to sell power at comparatively low rates, but the lease must be judged from the conditions prevailing at the time it was made and what might reasonably be expected as to the future from the data at hand.

Under the lease the lessee was required to construct costly works, and it was necessary to have it cover a long period of time, but it would have been expedient, at least it so appears now, to have made provision for readjustment of prices from time to time. It evidently was not apparent at that time, however, that the prices generally asked for similar services would be reduced with time, but owing to the great length of time covered by the lease, some provision of that kind was a necessary precaution.

The right of purchase reserved by the government compensates to a considerable extent for the absence of such provisions regarding rates.

With reference to the agreement of October 19, 1900, we find:

1. As to electric lighting, the rate per light per night remains at 30 cents, but not less at any one time than 250 lights to be supplied.

2. As to electric power, not less in any one year than 400 h. p. to be supplied, price remaining at $63 per h.p. per annum.

Considering the lease of 1896, the conditions of payment were not made sufficiently clear. Take the supply of power. Basing our interpretation of the lease on our knowledge of the conditions to be met in the service contemplated, we believe that the charges were to be computed on the maximum load, or maximum horse power, which could be demanded at any one time, because this would determine the generating capacity to be provided at the power house, which in turn would fix the operating cost.

In an electrical plant where the motive power is water, the cost of operating is practically the same whether the plant carries a load or not. It follows that the price of electrical energy cannot reasonably be based on energy supplied, but must in whole or in a large part take into consideration the capacity of machinery at the disposal of the service.

Consider the service called for by the government.

1. Electric lighting by arc lamps.

The machinery and station capacity placed at the disposal of the government for this service does not depend on the number of arc lamps in actual service, but is entirely fixed by the maximum number called for at any one time.

Although the energy consumed may vary, the generating plant capacity is not changed. Moreover the energy available, but not supplied, cannot be sold to any other party, for systems at present employed to do this service keep a constant draught of current independently of the lights in use. The station operating expenses are not changed, the only possible difference would be in the cost of carbons, trimming and care of the lamps, which would not amount to more than $200 to $300 per year.

2. Electric energy for motive power.

The same reasoning applies with the possible difference that the energy not supplied may be disposed of to other customers, but only with the reservation that this power may be demanded at any moment by the government. Such conditions make it practically impossible to sell such power to others.

It follows that it is only fair that the price charged should be based in a large part or in the whole on the power available and not on the energy supplied.

Therefore, where a definite generating station capacity had to be provided and made available at any time, the load upon which charges were to be based could not reasonably be left as an uncertain quantity. Electric supply companies whose plants are operated by water power when contracting with individuals on 'flat rates' or a fixed price per horse power per year, have always based their charges on the maximum demand, unless otherwise specifically agreed, and reasonably so.

For the same reasons we believe it was intended that the full rate per horse power per year should be paid on the maximum load, without regard to the time during which such power was used within the year, and even though little or no power was used when navigation in the canal was closed in winter.

It would not be possible to close the power house as long as a single motor or a single lamp was required. The workshops would likely be in operation during the winter, some of the weirs might be used and some light would be required all winter, especially at the bridges, and where the canal crosses the town of Cornwall. The fact that no lights may have been provided in the past should not be used as an argument against their necessity at the present time.

As regards the lighting, the same reasoning should apply, notwithstanding that it is specifically stated in the lease that the number of lights could be varied by the Chief Engineer, and that the price was to be thirty cents per light per night.

The above interpretation of the lease, which is based, as said before, on the conditions to be met in the service contemplated, may not agree with the legal interpretation:—

If such interpretation should be that the actual power supplied from hour to hour, during any one year, should be measured and computed, reduced to an average as to horse power and as to hours, and further reduced to 'horse power per year' to be paid for at $63:—

And similarly, that if the lights be not required every night even during the season of navigation, or for only part of the night, the actual number of lights supplied from hour to hour and from night to night during a year, should be computed, reduced to an average, as to light and as to time, of 'lights per night' to be paid for at thirty cents.

We believe such an interpretation was not intended, and that it would be very unfair to the lessee.

In order to determine the amount to be paid under this interpretation, we have found it necessary to make the following tests and estimates, of which full particulars are given in addenda attached hereto:—

Addendum 'B'—

Tests made on electrical equipment on Cornwall canal.

Addendum 'C'—

Equipment and energy required for operating locks, bridges, weirs, winches, &c., on the Cornwall canal.

Addendum 'D'—

Estimate of cost of generating and transmission plant and arc lamps for Cornwall canal service.

Addendum 'E'—

Annual charges.

In considering the earnings of the lessees, we must base his returns on the estimated cost of an electrical installation of capacity required for the purposes of Cornwall canal, namely $162,500. (See Addendum 'D.')

We estimate that the 250 lights might be used only 210 nights in the year.

We estimate that the maximum load of 268 h. p. (Addendum 'C') would be requied for nine months per year and that during that time the average load would not exceed half of this, thus:—

250 lights, 210 days, at 30 cents	$15,750
268 h. p. x ½ for 9 mos., at $63	6,320
Total earnings	$22,081
Annual charges (Addendum 'E')	20,000
Net earnings	$ 2,081

On the investment, which is not the cost of the plant installed by the lessee, but an estimate of what a plant just sufficient for the requirements of the canal would cost, the above net earnings represent a return of only 1·2 per cent.

It would seem, therefore, that in 1900, when the lessee was preparing to install his plant, he was not only entitled to a statement of the requirements of the canal from the Chief Engineer, as provided by the lease, but to a clear definition of the manner in which it was intended to apply the provisions of the said lease, in order that he might provide the required capacity of plant to be installed, estimate the revenue to be derived therefrom, and prevent future misunderstandings as to the payments to which he would be entitled. He could not reasonably be expected to erect a plant large enough for all the possible requirements of the canal and leave the Chief Engineer of the department free to fix later on, on a much smaller amount of power and a smaller number of lamps to be supplied for canal purposes. The original lease was not sufficiently explicit; it was therefore necessary to supplement it by another agreement, in which the number of lights and the power required would be clearly defined.

The agreement of 1900 calls for a minimum of 250 lights and 400 h. p. The 250 lights appear to be no more than sufficient to light the canal, as the lamps which are placed 400 feet apart, are not too close for proper illumination.

In our estimate as to power, the apportionment for the different services approximates closely to the estimate of the Chief Engineer (dated August 25, 1902). Proceeding on the assumption that all the operations for which motors are provided cannot take place at the same time, 268 h. p. would cover all possible requirements at the motors at any one time, an equivalent of 400 h. p. of electrical generating machinery. (See Addendum 'D'.)

We do not find fault with the time term of the agreement. It was necessary for the government, which had to provide motors and other apparatus for equipping the canal, to make sure of an unfailing supply for a very long time, as there was no available source of electrical energy other than the lessee's, but provision should have been made for future readjustment of rates if it became necessary.

Whilst the principal of basing charges on the maximum power and maximum light as a fixed amount to be paid yearly, is just and fair under the conditions existing at the Cornwall canal, the effect of charging for the quantities agreed upon in 1900, namely, 400 h.p. and 250 lights all the year round at the rates of the 1896 agreement, is to make the cost of these services at the present time much larger than warranted by the rates generally prevailing for similar services.

In conclusion, now that the conditions as to capital investment and cost of operation can be determined, we would recommend that the government endeavour to effect a compromise with the lessee.

Such compromise, while reducing annual charges to be paid by the government, should secure to the lessee an annual revenue over and above depreciation and cost of operation, representing a fair return on the capital investment; we have estimated the capital investment required for the supply of power and light on the Cornwall canal at $162,500 (Addendum 'D'). This return on investment should in no event exceed twelve per cent, thus:

Depreciation (Addendum 'E')	$ 9,400
Operation expenses (Addendum 'E')	9,600
Rental of water power	1,000
12 per cent on $162,500	19,500
Making an annual payment of	$39,500

This amount of $39,500 represents in our opinion a reasonable compromise under all existing circumstances, but any compromise that may be effected should provide

for readjustment of charges by mutual agreement or arbitration, at stated intervals, not exceeding twenty-one years.

Respectfully submitted,

L. H. HERDT.
A. A. DION.
RODERICK J. PARKE.

Addendum 'A'

DEPARTMENT OF RAILWAYS AND CANALS,
OTTAWA, November 28, 1902.....

SIR,—In connection with contracts that have been entered into with Mr. M. P. Davis for the lighting of and for provision of electrical energy on the Cornwall canal, it has been deemed advisable that an independent expert opinion should be obtained on the question of the economy of the arrangements for this service expressd in the said contracts, and also having regard to present and future efficiency of operation; whether in short, the arrangements so made were, under the circumstances, at the time they were entered into, expedient and justifiable from these several points of view, and whether any other course, and if any, what course, reasonably feasible in character and execution, could have been then adopted by which the interests of the public at large could better have been regarded, without detriment to the canal services required in that connection.

For the purpose of arriving at such opinion, the Minister, I am directed to say, would be glad to avail himself of your services as expert; and I am to ask that you will be pleased to inform the department, at your early convenience, whether you can accept this duty and will come up to this department to see the Chief Engineer in the matter on Tuesday next at 11 o'clock.

L. K. JONES,
Secretary.

Addressed separately to:
LOUIS D. HERDT.
A. A. DION.
RODERICK J. PARKE.

Addendum "B."

TESTS MADE ON ELECTRICAL EQUIPMENT, CORNWALL CANAL, DECEMBER 3RD, 1902.

LOCK NO. 18.

Equipment for Opening and Closing Gates.

2 Motors Rated at 5 H. P. each.

One motor running gearing and shafting only,	1,120	watts,	1·5 h. p.
Opening sluices (two)	1,500	"	2 h. p.
Starting to open gate	2,500	"	3·35h. p.
Opening gate (running)	2,100	"	2·8 h. p.
Closing gate (at start)	3,100	"	4 h. p.
Closing gate (running)	2,000	"	2·75h. p.
Closing sluices	1,500	"	2 h. p.

CONDITIONS OF WEATHER, &C.

No wind, water very calm.
Gates operating under low water.

Addendum 'C.'

EQUIPMENT AND ELECTRIC ENERGY REQUIRED FOR CORNWALL CANAL.

Equipment.

New canal:—	
6 locks—4 motors each—5 h. p.	120 h. p
1 pair of guard gates, 2 motors, 5 h. p.	10 "
Cornwall and Mille Roche bridges, 2 motors, 5 h. p.	10 "
5 waste weirs, 1 motor each, 5 h. p.	25 "
Winches, 6, 10 h. p. each	60 "
Old canal:—	
5 locks, 4 motors each, 5 h. p.	100 "
5 winches, 10 h. p. each	50 "
Motors for shops for Cornwall and Williamsburg canals	60 "
	435 "

The foregoing estimate is based on the report of the Chief Engineer, under date of August 5, 1902, and corrected from our observations made December 3 instant.

Estimate of Power Required.

The maximum power load is calculated on the assumption that a lockage may be made at every lock and the bridges operated all at the same time, also that 3 of the 5 weirs may be operated.

With the system in use and the arrangement of motors at the lock gates, 2 motors at each lock could be supposed as starting the opening or closing of the gates, whilst the other 2 motors would be running light.

From the tests made—Addendum 'B'—the power required at each lock would therefore be:—

2 motors opening or closing gates, 4 h. p. each	8 h. p.
2 motors running light, 1·5 h. p. each	3 "
Horse power at each lock	11 "

No allowance of power can be made for the sluice gates and valves, as these cannot be operated at the same time as the closing and opening of the lock gates.

11 locks, at 11 h. p. each	121 h. p.
Guard gates, 2 motors, taking 4 h. p. each	8 "
2 Highway bridges, 1 at 4 h. p. and 1 at 3 h. p.	7 "
3 waste weirs, motors taking 4 h. p. each	12 "

Maximum power required for operating winches is calculated on the accumption that 6 out of the 11 winches may be in operation at one time.

6 winches, at 10 h. p. each	60 "
Workshops	60 "
Maximum load for Cornwall canal operation	268 "

This power is at the motors.

Addendum 'D'

Approximate estimate of cost of electrical installation required to generate and distribute estimated electric power and electric lighting required, viz.:—

270 arc lamps, 2,000 nominal candle power.
268 horse power at motors.
270 arc lamps would require 200 K. W. at station.. .. ..268 h. p.
268 h. p. at motors would require 300 K. W. at station.....402 h. p.

Total.. .. .. 500 K. W. in generators....670 "

1. Cost of electric and hydraulic machinery, in power house erected..	$32,000
2. Cost of transmission line, poles, wires..	36,000
3. Cost of arc lamps and regulators in position..	10,000
4. Cost of power house building, complete..	20,000
5. Excavating, foundations, dam, wheel pits, &c..	55,000
6. Contingencies..	9,500
Total cost of electrical plant..	$162,500

Addendum "E".

ANNUAL CHARGES.

Depreciation of plant, as per Addendum "D" as follows:

On (1) Hydraulic and electrical machinery..	32,000	at	5 p.c.	1,600
(2) Transmission lines and equipment..	36,000	"	10 "	3,600
(3) Arc lamps, regulators, etc..	10,000	"	10 "	1,000
(4) Power house building and equipment..	20,000	"	5 "	1,000
(5) Dam, etc..	55,000	"	4 "	2,200
				9,400

Operating Expenses, as follows:

Wages:—			
1 surperintendent..	$1,500		
3 station attendants at $600..	1,800		
1 lamp trimmer and repairer..	600		
1 patrolman..	600		
1 lineman..	600		
2 horses at $350..	700		
		$5,800	
Management..		1,800	
Supplies:—			
Carbons, globes, waste, oil and small renewals and repairs..		1,000	
		$8,600	
Contingency account:—			
Accidents, etc., not elsewhere provided for..		1,000	
Rental of water power..		1,000	
			$10,600
			$20,000

Contractors Relieved from Obligation of Completing Contracts Within the Time-limit.

AUDIT OFFICE. OTTAWA. February 12, 1904.

DEAR SIR.—My attention has been called recently to the many Orders in Council relieving public works contractors from the obligation of completing their contracts within the time limit.

From the wording of the Orders it seems that those representing the government in the transactions consider that, while the contractors are accommodated, the government is saved from any loss, because there is not developed by the postponement of the date of completion a means of exacting a heightened charge from the government by the contractor. This seems a manifestly inaccurate conclusion.

When it was determined by the government to have a particular work done, it was concluded that the direct advantage, or the indirect one, or both together, would be at least as great as all the outlay and would, therefore, besides recouping the country for the salaries of engineers and other servants engaged, reimburse eventually the money paid to contractors, and in the meantime the interest as it would periodically mature.

In the case of a wharf, a bridge, or a railway line, you may have entered into no obligation to provide at a particular time the accommodation to the neighbourhood which the work when completed will afford, but as trustees for the people you came to the conclusion that the completed work would provide to the public an advantage equal in value to the interest on the expenditure.

By the privilege given to the contractor, the country has been deprived of the use of the work for the length of the postponement, while the interest is accumulating each day.

The magnitude of the donations from public funds to contractors will be understood to some extent by considering one of the large works—for instance the Hillsboro bridge. It was to have been completed on April 8, 1902. The time was first extended to November 30, 1902, later to December 31, 1903, and now to December 31, 1904. The following is a statement of the interest in this case:—

M. J. Haney, Hillsboro Bridge.

Estimates 1-10 (inclusive) to April 21, 1902, paid		$243,714 55
Interest on $243,714.55 from April 21, 1902, to December 31, 1904, at 3½ per cent	$22,995 95	
Estimates 11-18 (inclusive) to November 30, 1902, paid		368,319 98
Interest on $368,319.98, from November 30, 1902, to December 31, 1904, at 3½ per cent	26,877 26	
Estimates 19-28 (inclusive) to December 31, 1903, paid		313,010 79
Interest on $3,010.79 from December 31, 1903, to December 31, 1904, at 3½ per cent	10,935 35	
Total payments		$925,045 32
Total interest as above	$60,828 59	

Respectfully yours,

J. L. McDOUGALL, A.G.

Hon. H. R. EMMERSON,
Minister of Railways and Canals.

AUDITOR GENERAL'S REPORT
1902-1903

PART A

EXECUTIVE REGULATIONS

AND

TREASURY BOARD OVER-RULINGS

EXECUTIVE REGULATIONS GOVERNING PUBLIC EXPENDITURE.

Powers of Attorney.

RULES *prescribed by the Treasury Board, under sanction of the Governor General in Council, in reference to the mode of acquittal of Warrants for the payment of money by the Government of Canada.*

1. No Officer of the Civil Service shall, under any circumstances, be permitted to act as attorney for the receipt of public moneys.

2. No power of attorney will be recognized, received or acted upon by the Receiver General, which is not printed, and of the form to be obtained from the office of the Receiver General, under which only payments can be made, and such power will operate as to any sum of money due only by the Government at the date of the power of attorney.

3. No powers of attorney will be received by the Government for the payment of moneys on warrants which partake of the character of an assignment of the moneys to another party, or purport to be irrevocable, or are in "*any respects qualified.*"

4. General power of attorney, authorizing the receipt of money due, or which may become due after its date, by which any chartered bank or agent of a chartered bank, or any private individual, is constituted the attorney, will be received and acted upon, if printed and of the special form to be obtained from the office of the Receiver General; and in the event of the power being to the agent of a chartered bank, the bank must declare itself, by a proper instrument in writing, responsible for the acts of such agent, in respect to the receipts of moneys thereunder.

It is, however, optional with the party executing any power of attorney to a bank or agent of a bank, or any private individual, prior to the execution, to erase the words "or may hereafter become due."

5. All powers of attorney must be signed in the presence of a witness.

6. In case of the death of the person in whose behalf payment is claimed, the probate of will or other proof that the applicant is entitled to receive the money must be furnished on application for such payments.

Blank forms of powers of attorney may be obtained from the office of the Receiver General and at all the branches of the Bank of Montreal.

By order of the Board.

TREASURY, OTTAWA, February 1, 1870.

Registration of Letters containing Cheques.

Order in Council, December 6, 1882.—Ordered that the various departments be required to register all letters containing cheques.

JOHN J. McGEE, *C.P.C.*

Duplicate Cheques.

Treasury Minute, June 18, 1888.—The Board had under consideration a communication from the Auditor General suggesting that uniform regulations be prescribed by the Board with reference to the requirements which are to warrant the duplication of lost cheques.

1. The Board, on the advice of the Department of Justice, direct that if a Government cheque, whether on letter-of-credit or Receiver General's account, does not reach the person in whose favour it is drawn, or is lost or destroyed by such person, the bank on which it is drawn be notified first by such person.

2. That a duplicate cheque be issued, on a bond of indemnity of the form annexed being furnished, securing the Government against loss; such bond to be examined by the Department of Justice after execution.

3. That a declaration showing whether the original cheque was endorsed or not and how it was lost or destroyed, should accompany the bond, in case it is claimed that the cheque was lost or destroyed.

4. That each duplicate cheque should have the word "duplicate" written in red ink across the face of it.

J. M. COURTNEY, *Secretary*

Government Cheques—Protection against Fraud.

Treasury Minute, June 13, 1903.—The Board had under consideration the report of the Commissioners appointed to inquire into all the circumstances connected with the recent defalcations in the Department of Militia and Defence, and into the methods of keeping the accounts in the several departments of the Government of Canada, particularly in relation to the issuing of cheques and the receipt and disposal of public moneys, and to report what changes, if any, are deemed advisable for the purpose of securing the fullest possible protection of the public interest, and they approve of the following suggestions made in such report and direct that such suggestions be carried into effect as soon as possible :—

(*a.*) That a uniform paper of a sensitive nature should be adopted with the words 'Dominion of Canada' or other distinctive symbol as a water-mark. Such paper should be used for both the inside and outside services. A water-mark or dandy roll is used in the manufacture of paper for postal notes.

(*b.*) That a uniform quality of ink of good standard, and a uniform style of cheque be adopted for use in all departments, the wording on the cheques to be varied only by the change in name of the department, &c.

(*c.*) That the King's Printer be authorized to decline the issue of chemicals or of pencils for erasing ink marks.

(*d.*) That the Accountants of the various departments be instructed not to allow any erasures in books or accounts kept in their branches, but that all corrections be made by ruling out the words or figures to be changed.

(*e.*) That where possible a perforator for perforating the exact amount be used to protect the cheques from alteration. Where time will not admit of the use of a perforator of this kind, others containing the words 'not over $1000' (or as the case may be) should be used. Where a large number of cheques are drawn at one time, as in the Post Office Department where six or seven thousand are drawn during the first week of each quarter to pay postmasters, it may be difficult to put this into operation. It is understood that while it is deemed desirable, the Commissioners do not press the use of a perforator if in any way it would retard public business.

(*f.*) That a uniform system ought to be enforced in all the departments as to the numbering of cheques. At present in some departments the cheques have printed numbers, in other departments the numbers are written, while in others they are stamped with a numbering machine. That all cheques should be numbered consecutively in print, commencing at the beginning of each fiscal year at No. 1, all unused cheques to be destroyed in the presence of two officers. Every blank cheque should be accounted for, whether cancelled or issued. No unnumbered cheques should be allowed to exist, except in such departments where it is found necessary for facilitating public business, and then only with the consent of the Treasury Board under such regulations as may be provided. If a register of cheques issued is kept in consecutive numbers no stub or counterfoil is required.

(*g.*) The Commissioners find in one or two departments that no substitute is provided to sign cheques, and they recommend in all such cases that an Order in Council be passed nominating an officer to sign in the absence of the signing official.

(*h.*) A covering letter or statement detailing the number of cheques inclosed should be sent with each remittance, and the cheques should not be sent out by the officer who writes them. A record of such letters or statements should be kept in the department issuing them.

The Board further direct that the paper, quality of ink, style and form of cheque to be adopted by the several departments, and the kind of perforation to be used and the extent to which perforators are to be used shall be subject to the approval of the Board, and the suggestion as to the numbering of the cheques shall be carried into effect as soon after the 1st July, 1903, as can conveniently be done.

J. M. COURTNEY, *Secretary.*

Treasury Minute, June 13, 1903.—The Board had under consideration the report of the Commissioners appointed to inquire into all the circumstances connected with the recent defalcations in the Department of Militia and Defence and into the methods of keeping the accounts in the several departments of the Government of Canada, particularly in relation to the issuing of cheques and the receipt and disposal of public moneys, and to report what changes, if any, are deemed advisable for the purpose of securing the fullest possible protection of the public interest, and they approve of the following suggestions made in such report in regard to the letter-of-credit system, and direct that such suggestions be carried into effect with regard to the statements, accounts and cheques in connection with payments made in respect of the fiscal year 1903-4, and subsequent fiscal years :—

1. That all the bank statements of the paid cheques for the several departments, together with the cheques themselves, be sent direct by the banks to the Finance Department.

2. That a certain number of the officials of the Finance Department be employed solely in the checking and adjusting of these accounts, as well as of the Letter-of-Credit and Receiver General's accounts of that department. The banks should be instructed to render these statements and cheques daily, weekly or monthly as the volume of business and importance of the various accounts demand.

3. That, as provided in section 30 of the Audit Act, a list of cheques, drawn by the various Departments, giving numbers, dates and amounts be sent to the Finance Department at such periods within the month as may be required. When these statements and bank accounts are checked and adjusted, a list of outstanding cheques should be prepared. A Letter-of-Credit Ledger should be kept, and such minor details arranged as may be found necessary for the proper conduct of the work.

4. After adjustment, the paid cheques, list of outstanding cheques and certificate of adjustment should be sent to the Auditor General, the correctness of which could be tested by him after comparison with the semi-monthly or monthly balances furnished him by the banks.

To the Auditor General. J. M. COURTNEY, *Secretary.*

Treasury Minute, July 23, 1903.—The Board had under consideration correspondence with the Auditor General in regard to their Minute of the 13th June, 1903, with reference to the method of dealing with letter-of-credit cheques, the Auditor General contending that the procedure prescribed in such Minute was contrary to The Consolidated Revenue and Audit Act, particularly Section 30, as it appeared to him that the Statute required the returning of the cheques to the department which issued them and the forwarding of them to the Audit Office by that department. In support of his contention he submits an opinion from Mr. F. H. Chrysler, K.C.

The Board are advised by the Department of Justice that it is competent for the Board under Section 30 of The Consolidated Revenue and Audit Act to prescribe the manner in which the cheques are to reach the Auditor General, and in view of such advice they are of opinion that the procedure laid down in their minute of the 13th June, 1903, is strictly within the law, yet in order to remove any obstacle, legal or otherwise, that may be in the mind of the Auditor General in regard to the procedure laid down in the minute and to facilitate in every way the audit by the Auditor General and what he deems necessary therefor, the Board directs that clause 4 of their minute of the 13th June, 1903, which provides as follows :—'4. After adjustment,' &c., be cancelled and the following substituted therefor :

'4. After the Finance Department has completed its checking of the paid cheques and bank 'accounts, the cheques shall be returned to the department which issued them to be by such 'department sent to the Auditor General.'

J. M. COURTNEY, *Secretary.*

NOTE.—Arrangements were afterwards made to have the bank statement of paid cheques accompany the cheques to the Department which issued them, and thence to the Audit Office.

Overdrafts of Appropriations.

Memorandum for the Minister of Finance.—You have frequently had occasion to allude in conversation to the overdrafts of appropriations made by departments under their letters-of-credit, and to inquire whether a remedy could not be found for the evil.

The irregularity occurs :

(1.) Sometimes by overdrawing the credit to the bank,—but

(2.) More often while there is a part of the credit unused, the over-expenditure of one appropriation being possible owing to an equal or greater aggregate under-expenditure of other appropriations.

It may be supposed that the remedy for (1) would be to give instructions to the bank not to cash cheques against an exhausted credit.

When, however, I have been applied to by a bank for instructions with reference to cheques presented for payment against an overdrawn credit, although I could not, as is plain, request the bank to continue cashing the cheques, I have hesitated to ask that the cheque should be dishonoured, as it might be hurtful to the credit of a department to have it generally understood that it was doubtful whether its cheques would be accepted.

Besides, with (1) as with (2), the responsibility should be laid upon the department. If the accountant of a department attends to his duties, he charges each cheque as it is issued against its appropriation and against the letter-of-credit of the department, and may be expected to be fully informed from time to time as to the balance of the credit and of each of the appropriations.

I therefore beg to recommend that an Order in Council based upon a report of the Treasury Board be passed, making it the duty of the accountant of each department to inform the Deputy Minister of the department whenever a cheque which is about to be issued will overdraw an appropriation or letter-of-credit, so that such cheque may not issue until parliamentary or other authority, as provided by the Audit Act, is obtained in the one case, or an additional credit in the other case.

J. L. McDOUGALL, *A.G.*

AUDITOR GENERAL'S OFFICE, OTTAWA, May 28, 1892.

Order in Council, July 7, 1892.—On a report dated July 4, 1892, from the Minister of Finance, submitting the annexed memorandum from the Auditor General with regard to the overdrafts of appropriations made by departments under their letters-of-credit.

The Minister, in accordance therewith, recommends that it be the duty of the accountant of each department to inform the Deputy Minister of the department whenever a cheque, which is about to be issued, will overdraw an appropriation or letter-of-credit, so that such cheque may not issue until parliamentary or other authority as provided by the Audit Act, is obtained in the one case, or an additional credit in the other case.

The committee recommend that a copy of this Minute be sent to the several departments for their guidance in future

JOHN J. McGEE, *C.P.C.*

Appropriation Balances.

Order in Council, June 27, 1888.—The Treasury Board had under consideration a communication from the Auditor General respecting the interpretation of section 37 of the Audit Act, which provides for the extension of time for closing the Appropriation Accounts.

The Auditor General states that he understands the section to mean : "That an Appropriation account can be kept open for any time fixed by the Council, up to three months, for the purpose of charging against a vote all services or supplies for which the vote was taken, that is, those rendered before June 30."

As the present practice of bringing down the balances of appropriations for three months, and thereby lengthening the financial year to fifteen months, has been productive of delay in the preparation of accounts for Parliament, and with the view of definitely deciding what course should be followed, the matter was referred to the Department of Justice for opinion.

The Deputy Minister of Justice reports : "The question is, whether, upon an Order in Council having been passed as specified in the section, a department may make additional expenditure and incur increased liabilities upon the strength of the original estimate ; or whether the extension referred to in the section is only for the purpose of enabling a department to pay, after June 30, liabilities that have been incurred previously to that date. It would appear that the latter interpretation is the correct one. The section, without the proviso, categorically provides that any balance unexpended on June 30, shall lapse, and be written off. The proviso does not either expressly or by implication, give a department power to make a new expenditure, and if that power is not contained in the proviso, it is nowhere ; it does not exist. The only meaning to be drawn from the proviso is that the extension is made for the purpose of paying, after June 30, out of the original appropriations, such accounts as had at that date been incurred."

The Board, after careful consideration of the matter, recommend to Council that for the current fiscal year the present practice be retained, so that no inconvenience may be experienced by the departments, the Auditor General having intimated that he is willing that for the present year such course be adopted ; but as the law is clearly in accordance with the contention of the Auditor General, the Board are of opinion that under existing circumstances the practice now followed cannot be continued.

JOHN J. McGEE, *C.P.C.*

Letter-of-Credit Cheques.

Order in Council, June 27, 1888.—The Treasury Board had under consideration a communication from the Auditor General with regard to the signing of letter-of-credit cheques, and submitting a list of the names of persons who sign such cheques for the different departments ; and they recommend to Council :

(1). That for each department, substitutes be authorized by Order in Council to sign for those in whose favour the letter-of-credit is drawn, and that a copy of the Order in Council be sent to the Bank of Montreal, or other bank on which the credit may be drawn.

(2.) That the departments be instructed not to permit any person to sign except those authorized by Order in Council.

(3). That no cheques be signed in blank, either in the inside or outside service.

(4). That all cheques be drawn in the form : "Pay to the order of———" ; and not in either of the forms : "Pay to———or bearer," or "Pay to——— or order."

(5.) That authority be given for the signing of letter-of-credit cheques in the different departments by the following substitutes :—(List not printed.)

JOHN J. McGEE, *C.P.C.*

Contracts.

Extract from Order in Council, May 23, 1880.—On a joint memorandum, dated March 20, 1880, from the Honourable the Minister of Public Works and the Minister of Railways and Canals, recommending that (hereafter) * * * * * * * with all tenders submitted, a money guarantee, or approved accepted cheque, shall be given, to be open to forfeiture in the event of the tenderer failing to make the necessary five per cent deposit hereinafter referred to, within eight days after receiving notice of the acceptance of the tender, or of his declining to enter into contract when requested, the amount of such guarantee to be fixed at a sum not less than $1,000 nor more than $5,000. That upon acceptance of a tender, and notification by the department concerned, the intending contractor shall, within eight days, deposit with the Government a sum of money equal to five per cent of the amount of his contract. That in all cases where tenders have been called for, the lowest received shall be accepted, unless good and sufficient reasons appear for passing over such tender. The Committee submit the above recommendations for Your Excellency's approval.

Certified, J. O. COTE, *C.P.C.*

Order in Council, June 16, 1888.—The Board submit for the favourable consideration of Council the annexed memorandum from the Deputy Minister of Finance, respecting the mode of treatment of securities deposited by public contractors, to the effect that the proceeds of all cheques and all deposits on account of contractors' securities be deposited in the Government Savings Bank.

JOHN J. McGEE, *C.P.C.*

(*Circular.*) FINANCE DEPT., OTTAWA, July 4, 1888.

SIR,—I have the honour to enclose herewith a copy of an Order in Council, passed on June 16, 1888, respecting the mode of treatment of securities deposited by public contractors, from which you will observe that hereafter the proceeds of all cheques and all deposits on account of contractors' securities are to be deposited in the Government Savings Bank.

I have the honour, therefore, to request that you will be good enough, immediately a contract is entered into, to send me all the securities for the performance thereof, in order that I may deposit the proceeds of the said securities in the manner prescribed by the Order in Council above referred to

J. M. COURTNEY, *D.M.F.*

Order in Council, May 2, 1893.—On a memorandum dated May 1, 1893, from the Minister of Finance, submitting a report from his deputy respecting contractors' securities.

The Minister recommends, in accordance with the suggestion therein contained, that notice be immediately given to the Department of Finance by the department having control of the work, in case of the failure of contractors having a contract for the performance of work for the Government, and having security deposited with the Department of Finance.

The Committee submit the same for Your Excellency's approval, and advise that a copy of this Minute be forwarded to the Minister of each department for his information.

JOHN J. McGEE, *C.P.C.*

Memorandum respecting Contractors' Securities.—The undersigned has to report that by Order in Council of June 16, 1888, all cheques and all deposits on account of contractors' securities are turned by this department into cash, and deposited in the Government Savings Bank, and in some instances where the security given is large, the interest accruing on the deposits is paid to the contractors yearly at their request.

The attention of the undersigned has lately been directed to the fact that a firm of contractors having a deposit now in the hands of the Government has recently failed, and it is just possible that cases may arise in which moneys may be paid over by this department unwittingly, for interest, to contractors who have suspended payment. To obviate such a contingency, the undersigned would suggest that the matter be brought before the Treasury Board, with a view of having a Minute adopted to the effect that whenever a firm of contractors having a contract for the performance of work for the Government and having security deposited with this department, fails, notice thereof be immediately given to this department.

J. M. COURTNEY, *D.M.F.*

Tenders to be invited for works.

Sections 11 and 12, Railways and Canals Act.—11. The Minister shall invite tenders, by public advertisement, for the execution of all works, except in cases of pressing emergency, in which delay would be injurious to the public interest, or in which, from the nature of the work, it can be more expeditiously and economically executed by the officers and servants of the Minister.

12. The Minister, in all cases in which any public work under his control is being carried out by contract, shall take all reasonable care that good and sufficient security is given to and in the name of Her Majesty, for the due performance of the work, within the amount and time specified for its completion; and also, in all cases in which it seems to the Minister not to be expedient to let such work to the lowest tenderer, he shall report the same and obtain the authority of the Governor in Council previously to passing by such lowest tender; and no sum of money shall be paid to the contractor on any contract, nor shall any work be commenced, until the contract has been signed by all the parties therein named, nor until the requisite security has been given.

Sections 13 and 14, Public Works Act.—13. The Minister shall invite tenders, by public advertisement, for the execution of all works, except in case of pressing emergeney in which delay would be injurious to the public interest, or in which, from the nature of the work, it can be more expeditiously and economically executed by the officers and servants of the department.

14. The Minister, in all cases in which any public work is being carried out by contract, shall take all reasonable care that good and sufficient security is given to and in the name of Her Majesty. for the due performance of the work within the amount and time speeified for its completion; and also in all cases in which it seems to the Minister not to be expedient to let such work to the lowest tenderer, he shall report the same and obtain the authority of the Governor in Council previously to passing by such lowest tender; and no sum of money shall be paid to the contractor on any contract, nor shall any work be commenced, until the contract has been signed by all the parties therein named, nor until the requisite seeurity has beeu given.

Certificates on Vouchers.

Revised Statutes of Canada, Cap. 29, Sec. 33.—No payment shall be authorized by the Auditor General in respect of work performed, or material supplied by any person in connection with any part of the public service of Canada, unless, in addition to any other voucher or certificate which is required in that behalf, the officer, under whose special charge such part of the public service is, certifies that such work has been performed, or such material supplied, as the case may be, and that the price charged is according to contract, or if not covered by a contract, is fair and just.

Note.—The proper officers to make these certificates are those who have personal knowledge of the facts in each case.—J. L. McD.

Small Balances due to Estates.

AUDIT OFFICE, OTTAWA, June 12, 1888.

SIR,—It frequently happens that there is a small sum due to the estate of a deceased person who has left no will, generally for superannuation or salary, when the whole assets of the estate are so small that the cost of obtaining letters of administration would be a large part of them.

I suppose that in strictness the amounts due by the Government cannot be paid legally to any one but the administrator of the estate. However, the amounts are frequently paid, either on receiving a renunciation from all the other known heirs in favour of one, or on a bond approved by the Department of Justice indemnifying against loss, should a person who has obtained the legal right to claim the payment make a demand for it.

I would suggest that payment, under the circumstances above set forth, should be made to a person who is not legally empowered to demand it, only when the assets of the estate are under one hundred dollars, and after the execution of a bond as above described, approved by the Department of Justice, with any additional safeguards which, in the opinion of the Department of Justice, the special circumstances of the case call for.

Yours truly,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

TREASURY BOARD, June 19, 1888.

SIR,—With reference to your letter of the 12th instant, respecting the payment of small sums to the estate of persons who have died intestate, and the whole assets of whose estate are so small that the cost of obtaining letters of administration would swallow up the greater portion of them, I have the honour to state that the Treasury Board have considered the matter, and they direct that each case be referred to them for decision as to the action to be taken.

Yours truly,

J. M. COURTNEY, *Secretary*

The Auditor General.

Order in Council, July 24, 1894.—That a number of deaths occur annually among the fishermen who are entitled to fishing bounty, and in the majority of cases the men are poor, die intestate and leave no property worth the cost of administration. The bounty in such cases, by right belongs to the nearest of kin to the deceased, but that, under an Order of the Treasury Board, dated 19th June, 1888, all cases where small sums are due the estates of persons who die intestate and leave little or no property of any consequence, must be referred to the Treasury Board for decision as to the action to be taken, which course necessitates a separate Order in Council in each case.

That as those to whom the money rightfully belongs are, in most cases, in needy circumstances, a general Order be granted, authorizing, in case of death among the fishermen of the class referred to, to pay the amount earned to the widow, father, mother, or children as the case may be, of the deceased, without reference to the Treasury Board.

JOSEPH POPE, *Asst. C.P.C.*

No Supplies to Persons in Arrears to Department of Printing and Stationery.

Treasury Minute, September 22, 1897.—The Board had under consideration a communication from the Auditor General in reference to the arrears due to the Department of Printing and Stationery, from which it appears that a large proportion of such arrears are due by Senators, Members and ex-Members of Parliament, for Publications and Voters' Lists.

The Board, after a careful consideration of the matter, direct that the Queen's Printer be instructed hereafter to give no further supplies to persons who are in arrears for supplies previously furnished.

J. M. COURTNEY, *Secretary.*

Stationery Office

Order in Council, June 26, 1889 (as amended by O. C., July 11, 1889).—His Excellency, in pursuance of the powers vested in him by Revised Statutes, chap. 27, sec. 7, and by and with the advice of the Queen's Privy Council for Canada, is pleased to direct and order :—

1. In every department the Deputy Head shall sign all requisitions in accordance with sec. 7, chap. 27, of the Revised Statutes, and a clerk, to be named by the head of the department shall, under the direction of the Deputy, have charge of all stationery and printing, and shall receive from the Government Stationery and Printing Offices all printed work and articles of stationery ordered and supplied, and grant receipts for the same, superintending, also, their distribution to the clerks or employees for whose use they have been ordered.

2. The Secretary of State is authorized to prepare a list of all articles to be kept in stock and furnished to the departments upon ordinary requisitions, such list to be subject to the final revision and approval of the Governor in Council.

(*Note.*—This list was approved by O. C., Nov. 29, 1889.)

3. As soon as such list has been so settled and approved, and printed and distributed to the several departments, all ordinary requisitions upon the Stationery Office shall be issued for those articles only that are therein enumerated.

4. No articles shall be added to such list thereafter except upon the report of the Secretary of State, approved by the Governor in Council.

5. No plain paper or envelopes, such as are used for ordinary correspondence, shall be asked for by any ordinary requisition or issued upon the same for private use of the employees in any department, except in the case of Deputy Heads.

6. No paper or envelopes for correspondence, bearing relief stamp, cameo or embossed work or devices, either lithographed or engraved, shall be kept in stock or supplied, except for the use of Ministers or Deputy Ministers, the Governor General's Secretary, the Speakers and Members of the two Houses of Parliament, and the Judges of the Supreme and Exchequer Courts, the Clerk and Law Clerk of the Senate, the Clerk and Law Clerk of the House of Commons, and the Librarians of Parliament.

7. No pocket-knives or pocket-books shall be kept in stock or supplied to any department except upon special requisitions, stating the names and employment of the persons for whose use they are to be procured.

8. No despatch-boxes or brief bags, shall be issued for the use of members of any Government Commission.

9. All requisitions issued under Rules 6 and 7, or for articles not on the general list (and therefore not procurable upon ordinary requisitions) shall be signed by the Deputy Minister and approved and initialed by the Minister of the Department, or the Clerk and Speaker of each House of Parliament.

10. A return of all articles furnished to each department upon requisition, with the total cost of the supply to such department, shall be made up by the Superintendent of Stationery each six months, as soon as possible after the 30th of June and the 31st of December in each year, in order that it may be submitted to the Governor in Council by the Secretary of State.

11. All former Orders in Council in reference hereto are cancelled.

JOHN J. McGEE, *C.P.C.*

Pamphlets and Books.

Order in Council, December 22, 1888.—The Secretary of State desires to draw the attention of Council to the practice in the past of the granting of authority by Council for the purchase of books for Library exchanges and for distribution among the departments, and he recommends that in the future no such authority be granted, but that all books for Library exchanges be procured under the authority of the Joint Library Committee of Parliament, and paid for out of the sums placed at its disposal; and that all purchases of books for the use of any department of the government be made on the authority of the Minister charged with its administration, as already provided by Order in Council, through a regular Stationery Office requisition, as required by the Act respecting Public Printing and Stationery. The Committee recommend that this Minute, if approved, be communicated to the Library Committee and to each department of the public service.

JOHN J. McGEE, *C.P.C.*

Newspapers and Books.

Order in Council, June 18, 1894.—Cancellation of all former Orders in Council in reference to supply of newspapers, books and magazines to departments.

JOHN J. McGEE, *C.P.C.*

Order in Council, June 18, 1894.—Regulations respecting the purchase of newspapers, books and magazines, to the several departments :—

(1.) That a maximum limit of $500 be set apart for each ministerial department, within which is to be defrayed the cost of newspapers, books and magazines for the use of such department.

(2.) That books and magazines, other than those which are of a technical character and necessary for the proper working of the department, shall be purchased only on authority of the head of the department.

(3.) That no newspapers be supplied to outside offices of any department except on the authority of the Minister of that department.

JOHN J. McGEE, *C.P.C.*

Accounts for Advertising.

Order in Council, May 8, 1894.—On a memorandum dated March 28, 1894, from the Secretary of State, recommending that the following regulations be established to regulate and govern advertising for the several departments of the Government.

REGULATIONS.

All orders for advertising which are issued at the seat of Government shall be given through the Queen's Printer, and the Queen's Printer shall certify to the accounts before payment.

The copy shall be sent to the Queen's Printer, accompanied by ministerial directions, naming the papers in which the advertisement is to be published, specifying whether in the daily or weekly issue, and the number of insertions in each paper, respectively.

On receipt of these instructions, the Queen's Printer shall print a sufficient number of copies to enable him to furnish duplicates to the papers indicated. These shall be forwarded by him to the publishers, accompanied by an intimation of the number of lines to which the advertisement is to be limited, himself establishing the space on a proper estimate of the solid matter of the notice, with a moderate allowance for the purposes of display, and accompanied also by an instruction to the publishers to render the accounts to him in duplicate, with a copy of the order attached, and with marked copies of the papers in which the advertisements are printed.

The Queen's Printer shall ascertain the established tariffs for advertising of the papers on the Patronage List, and on receipt of these accounts shall certify to the same in accordance with these rates, and transmit the accounts for payment to the departments from which the orders issued, having first satisfied himself that the publication has been as directed, but no newspaper shall be paid a higher rate than that charged to the general public for a similar service

Accounts for advertising required by the Outside Service shall also be rendered, with the orders and marked copies of the publications, to the Queen's Printer, and the advertisements shall by him be measured, certified to, and transmitted for payment in accordance with the rules which obtain for advertisements issued at the seat of Government.

The Queen's Printer shall keep with each paper, accounts of the advertisements directed to be published in it under the different departmental headings, so as at all times to show the state of each account.

Advertisements shall not be inserted in any books or pamphlets, or in any periodicals other than newspapers published weekly or more frequently, and all advertisements shall be limited to a maximum of six insertions in daily and three in weekly papers.

These regulations shall apply to all the departments excepting the Immigration Branch of the Department of the Interior, and the Intercolonial Railway.

The Committee submit the above regulations and recommendations for Your Excellency's approval.

JOHN J. McGEE, *C.P.C.*

Order in Council, July 17, 1896.—The Committee, on the recommendation of the Honourable the Secretary of State, advise that all Orders in Council, or parts of Orders in Council, regulating or relating to advertising for the several departments of the Government, and particularly the Order in Council of the 8th of May, 1894, be rescinded; and that the list of newspapers to receive Government patronage approved by the said Order in Council of the 8th of May, 1894, and issued in a revised form by the Secretary of State on the 1st June, 1896, be withdrawn and cancelled.

JOHN J. McGEE, *C.P.C.*

(Circular.)

DEPT. OF PUBLIC PRINTING AND STATIONERY, OTTAWA, July 23, 1896.

SIR,—Under instructions from the Honourable the Secretary of State, I beg to inform you that the patronage list attached to the regulations for advertising has been cancelled by Order in Council. The regulations themselves have, however, been continued in force, so that there will be no change in the method of giving out advertisements.

* * * * * * *

I am, sir, your obedient servant,

S. E. DAWSON, *Queen's Printer.*

Advertising in Canada Gazette.

Order in Council, March 22, 1888.—On a report dated March 21, 1888, from the Secretary of State, submitting that the Act respecting the Department of Public Printing and Stationery prescribes that all charges for advertising in the *Canada Gazette* shall be paid in advance, and that the Queen's Printer reports that in some cases, after such payment, the parties advertising discontinue their notices before all the insertions asked for have been given, and apply for a refund of moneys paid for insertions ordered but not given.

The Minister recommends that the Queen's Printer be instructed that no such return of moneys can be made, as the Government is ready at all times to fulfil the contract entered into with the advertisers in the *Gazette*, and is in no wise responsible for their discontinuance. The Committee submit the above for Your Excellency's approval.

JOHN J. McGEE, *C.P.C.*

Legal Services.

Order in Council, April 12,1879.—On a report dated April 2, 1879, from the Honourable Minister of Justice, stating that it has been represented by the Auditor General that it would facilitate the business of his office were an Order in Council passed making it necessary that the accounts rendered by any legal agent employed professionally by any of the departments of the Government should be submitted to the Department of Justice for examination and approval before payment.

That at present the practice of the departments appears to be to submit such accounts to the Department of Justice before paying the same, but no formal Order in Council exists on the subject.

That an Order in Council does exist providing that all accounts for printing and advertising are to be certified by the Queen's Printer before payment.

That he, the Minister, thinks that it would be proper that a formal Order should be passed with respect to legal agents. He recommends, therefore, that it be ordered that the accounts rendered by legal gentlemen employed professionally by any of the departments of the Government be submitted to the Department of Justice for examination and approval before payment, and that a copy of the order be transmitted to each of the departments of the Government.

Certified, W. A. HIMSWORTH, *C.P.C.*

Removal Expenses.

Order in Council, Sept. 8, 1871.—The Committee of Council have had under consideration an extract from the Minutes of a meeting of the Treasury Board held Sept. 7, recommending that the following rules be adopted for the payment of removal allowances to Government employees, and they respectfully advise that the recommendations therein submitted be approved and adopted ;—

" *Removal Allowances.*—No removal allowances can be granted except on report of the Treasury Board. No romoval allowanee is to be granted if the salary is increased, except in special cases, and on a report of the head of the department. A removal allowanee is not to exceed the actual cost on account rendered."

Travelling Expenses.

Order in Council, February 6, 1893.—That all the previous Orders in Council relating to expenses and allowances for travelling and living expenses to officers and employees when travelling on the public service, be repealed, and that it be ordered that from the date of the passing of the Order in Council founded hereon, there be paid to all officers (with the exception of the Lieutenant-Governor of the North-west Territories and the Major General Commanding the Militia, and the Judges, who are otherwise provided for) travelling on public service for the Government of Canada, their actual reasonable travelling and living expenses ; that all advances made to such officers for travelling expenses shall be accounted for within one month from the conclusion of the trip ; that the officers shall render to the Department of Finance a detailed statement of such expenses, and that a certificate be attached to all accounts for travelling, as follows, signed in each case by the officer who has incurred the expenses :—

" The whole of the expenditure was incurred on Government business."

JOHN J. McGEE, *C.P.C.*

Note.—The Lieutenant-Governor of the North-west Territories is allowed $5 a day by Order in Council, January 12, 1888.

Order in Council, March 13, 1895.—That the moving expenses of judges holding weekly sittings of the High Court of Justice at Ottawa and London, payment of which is authorized by the Order in Council of the 14th January, 1895, be fixed as follows :—

For each sitting at Ottawa	$25 00
For each sitting at London	10 00

JOHN J. McGEE, *C.P.C.*

Order in Council, March 4, 1897.—That the Order in Council of the 23rd October, 1896, in reference to advances for travelling expenses from Civil Government Contingencies, be amended to read as follows :—That hereafter no advance be made to officers of the several departments, out of Civil Government Contingencies, for travelling expenses, in excess of one hundred and fifty dollars ; and that all advances made to them be accounted for at the end of each quarter, and that no advances be made until previous advances are settled.

JOHN J. McGEE, *C.P.C.*

TREASURY BOARD, OTTAWA, October 17, 1896.

SIR,—I am in receipt of your letter of the 15th instant, in reference to the $10 a day allowanee to Mr. E. L. Newcombe, Deputy Minister of Justice, under Order in Council of June 2nd, 1896, in connection with his trip to England. The matter was submitted to the Treasury Board at the meeting of yesterday, and I am directed to inform you, in reply to your communication, that the Board are of opinion that, as the allowanee in question was sanctioned by an Order in Council, passed by the late Government during their tenure of office, and before Mr. Newcombe went to England, and as no doubt the expenditure incurred was based upon such authority, in this particular case it is not desirable to take any action, but the Board wish it to be distinctly understood that this case is in no way to form a precedent for any future case.

* * * * * * * * *

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

Triplicate Receipts for refunds on account of Civil Government Contingencies to go to Accountant of Contingencies.

Order in Council, June 10, 1893.—That the following regulation in connection with accounts to be rendered to the Accountant of Contingencies for sums advanced from Civil Government Contingencies be approved of by Council.

That the triplicate receipts for all refunds of balances of amounts advanced from Civil Government Contingencies for travelling expenses and for petty cash, and for all other refunds made on account of Civil Government Contingencies, be forwarded by the department or officer making such refunds to the Accountant of Contingencies for the purpose of closing the personal accounts and replacing to the credit of the different departments the amounts so refunded, to enable him to keep a proper check upon the various appropriations.

JOHN J. McGEE, *C.P.C.*

Special Qualifications.

TREASURY BOARD, OTTAWA, Nov. 13, 1883.

SIR,—I have been directed by the Honourable the Treasury Board to call your attention to the 5th subsection of section 7 of 46 Victoria, chapter 7 (C. S. Act), wherein it is stated that "in the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with on a report from the deputy head, concurred in by the head of the department, that it is not necessary"; and in connection therewith to call your attention to the *Hansard* of last session, page 1035, when in reply to an observation from Mr. Ross, of Middlesex, Sir Hector Langevin stated that these gentlemen are employed in the service in the practice of their profession, and therefore an examination would not be required, as they had already passed technical examinations before their admission into the ranks of their profession.

I have now to ask whether, in case any of these professional gentlemen are employed in a department where their professional attainments are not required as, for instance, a barrister in the Finance Department, the spirit of the Act would allow of the examination being waved?

Your obedient servant,

The Deputy Minister of Justice. J. M. COURTNEY, *Secretary.*

DEPARTMENT OF JUSTICE, OTTAWA, Nov. 15, 1883.

SIR,—I have the honour to acknowledge the receipt of your communication of the 13th instant, in which you call attention to subsection 5 of section 7 of 46 Victoria, chap. 7, wherein it is stated that "in the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with, on a report from the deputy head, concurred in by the head of the department, that it is not necessary."

An opinion is requested as to whether, in case any of these professional gentlemen are employed in a department where their professional attainments are not required, as for instance, a barrister in the Finance Department, the spirit of the Act will allow of the examination being dispensed with.

I am of opinion that the spirit of the Act does not allow of the examination being dispensed with in the case mentioned, but that the examination can be dispensed with only in cases where the duties to be performed by the officer seeking promotion are those connected with his profession as an attorney, barrister, engineer, architect, actuary or land surveyor.

Your obedient servant,

The Deputy Minister of Finance. GEO. W. BURBIDGE, *D.M.J.*

Dating Back Appointments and Promotions.

DEPARTMENT OF JUSTICE, OTTAWA, October 2, 1896.

SIR,—I have the honour to acknowledge the receipt of your letter of the 1st instant in which you ask for an opinion as to whether an appointment can be made to date from a date anterior to the date when the same is approved by the Governor in Council. or (as I understand your question) if an appointment cannot be so made, whether in an Order in Council appointing a clerk a provision for the payment of his salary from a date anterior to the date of the approval of the Order in Council would be valid.

I am to state that, in the opinion of the Minister of Justice, an appointment cannot lawfully be made to date back in the manner indicated, and such a provision for the payment of the salary before the appointment takes effect would not be valid in the absence at all events of special and express parliamentary provision therefor.

I am, &c.,

The Secretary, Treasury Board. E. L. NEWCOMBE, *D.M.J.*

DEPARTMENT OF JUSTICE, OTTAWA, October 6, 1896.

SIR,—I have the honour to acknowledge the receipt of your letter of the 1st instant, in which you ask for an opinion as to whether a promotion in the Civil Service can be dated back, and, if it cannot, whether the increased salary attendant upon such promotion can be paid from a date anterior to the date of the approval of such promotion by the Governor in Council.

I am to state that in the opinion of the Minister of Justice, a promotion cannot be dated back, and the Governor in Council cannot properly provide for the payment of the increased salary attendant upon a promotion from a date anterior to that upon which the promotion takes effect.

I am, &c.,

The Secretary, Treasury Board. E. L. NEWCOMBE, *D.M.J.*

Appointments subject to changes in Superannuation Laws.

Order in Council, 18th November, 1896.—That all appointments made after 23rd June, 1896, or to be hereafter made, shall be subject to the understanding and conditions that the persons so appointed accept office subject to any changes which may be made in the Superannuation Laws of Canada; and that such appointees be notified of such understanding, and that a copy of this Minute, if approved, be forwarded to the deputy head of each department, and that each deputy head be requested to forward a copy thereof to each person to whom it may apply.

JOHN J. McGEE, *C.P.C.*

Civil Service Promotions: Examination.

Order in Council, April 12, 1893.—His Excellency, in virtue of the provisions of section 39 of "The Civil Service Act," as amended, and by and with the advice of the Queen's Privy Council for Canada, is pleased to make the following regulation:—

Hereafter no clerk on the staff of any department of the Public Service, who was in the service or employment of the Government on the 1st day of July, 1882, and has since been continuously engaged therein, shall, as a condition of promotion, be required to pass an examination in any other subject than the duties of the office to which he seeks promotion, unless in any special case the Deputy Minister by a report concurred in by the head of the department submits to the Board of Examiners other subjects of examination as a test of fitness for such office.

JOHN J. McGEE, *C.P.C.*

Salaries: Date of Payment.

Order in Council, January 13, 1887.—The Committee of the Privy Council have had a memorial from the members of the Civil Service laid before them by the Right Honourable the Prime Minister, praying for relief of their financial embarrassment in reclaiming the advance of salary.

The Committee recommend, with a view to relieving the financial embarrassment, that the pay-list for each month be authorized on the 15th day of the month, provided that when the day for passing any pay-list under the provisions hereof shall be a Sunday, or a bank or departmental holiday, the pay-list be issued on the previous day. The salaries of the Ministers to be paid at the end of each month.

JOHN J. McGEE, *C.P.C.*

By an Order in Council, dated 31st of August, 1891, it was ordered that the Order in Council of the 22nd March, 1887, authorizing the payment on the 15th day of each month of the temporary clerks of the Inside Service who are continuously employed, be cancelled from and after the 1st September, 1891, and that thereafter such clerks be paid on the last day of each month.

JOSEPH POPE, *Asst. C.P.C.*

Order in Council, March 5, 1888.—The Treasury Board have had their attention called to the fact that the terms of the Order in Council of January 13, 1887, governing the issue of the Civil Service monthly pay-cheques have not been strictly adhered to, and that cheques are sometimes issued in advance of the days authorized by the said Order for the issue of the pay-lists. The Board recommend to Council that the several departments be notified that in future the monthly pay-cheques must not be issued in advance of the days authorized by the said Order for the issue of the pay-lists, and that the provisions of the said Order must be strictly adhered to.

JOHN J. McGEE, *C.P.C.*

Order in Council, November 14, 1895.—The attention of the Board was called by the Deputy Minister of Finance to the statements of the balances of the several Government accounts with the Bank of Montreal, on the 31st October, 1895, by which it appeared that some of the departments had issued pay-cheques in advance of the due date.

The Board recommend that the attention of the several departments be called to the irregularity of such action, and the Board are of opinion and recommend that steps should be immediately taken to stop the practice for the future.

JOHN J. McGEE, *C.P.C.*

Extra Salary.

Civil Service Act, 1888, 51 Vict., cap. 12, sec. 12.—Subsections 1 and 2 of section 51 of the Civil Service Act (R.S.C., cap. 17) are hereby repealed, and the following substituted therefor :—"51. No extra salary or additional remuneration of any kind whatsoever shall be paid to any deputy head, officer or employee in the Civil Service of Canada, or to any other person permanently employed in the public service."

Public Service: Hours of Attendance, Extra Salary.

AUDIT OFFICE, OTTAWA, August 11, 1899.

SIR,—The Department of Justice has recently made application to me for payments to members of its staff for extra services rendered in the preparation of returns ordered by Parliament, on the ground that such payments were permissible, because in accordance with the judgment of the Supreme Court of Canada in the case of The Queen *vs.* Bradley. The account rendered was certified by the Deputy Minister that the work was performed outside of regular office hours and was not in the line of the Clerk's ordinary duties. Two of these accounts I have passed; but, as the practice is sure to grow fast and as it therefore appears to me it would be in the interest of the Public Service that a uniform system in this regard should be established by the Governor in Council, I have refused to pass in the meantime an application of this character sent to me within the past few days.

It is manifest that, if in certain Departments all the work which requires to be done after office hours is paid for, in addition to the regular salary of the clerk who performs the work, while in the other Departments the service which is done after the usual office hours brings no additional remuneration, the permanent heads of the latter Departments will be much more unpopular with their assistants than the deputies in the other Departments with theirs.

You will observe that there is in force an Order in Council of July 27, 1882, which provides that any member of a Departmental staff may be required by the Head of the Department to attend his office at any time his services may be deemed necessary. In view of this provision, it seems to me clear that the Governor in Council intended it to be understood that the officials of the Department were to keep up the work of the Department after the usual office hours when it could not be done during those hours, no matter whether the work could be strictly called the usual work of the Department or not.

In the cases that have arisen so far, the work done, as I have said, has been in connection with the preparation of returns ordered by Parliament; and it seems to me the question should be decided by the Treasury Board or by Council whether or not the preparation of those returns or other similar work falls within ordinary duties in a Department, when done by those who are receiving regular pay as either permanent or extra clerks.

I shall be obliged if you will bring the matter to the notice of the Treasury Board with the view of having some definite and uniform basis established in regard to a practice which I fear, if not regulated, may grow to undesirable proportions, and may cause much dissatisfaction.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Treasury Board.

Order in Council, 19th August, 1899.—That the provisions of the 9th section of the Order in Council of 27th July, 1882, which provides amongst other things: "That at any time, if the public "service requires it, the Heads of Departments or Deputy Heads to have the right to call for the "attendance of all or any of the officers or clerks at an earlier or later hour than those named," be confirmed.

That no extra salary or additional remuneration of any kind whatsoever, be paid to any Deputy Head, officer or employee permanently employed in the Civil Service of Canada, unless an amount to provide for the payment has first been specially voted by Parliament.

JOHN J. McGEE, *C.P.C.*

Salaries: Date of Changes and Increases.

Order in Council, July 29, 1871.—On a report dated July 29, 1871, from the Minister of Finance, stating that considerable inconvenience has arisen from Orders in Council making promotions and other changes in the Civil Service, and granting superannuation allowances, not naming the time from which they shall count, and that it is desirable that, excepting for special reasons, such changes shall always count from the first day of some month and recommending that it be established as a general rule that unless some other date is specially named in the Order in Council, all such changes shall be held to count from the first day of the month next succeeding the date of the said Order. The Committee submit the above recommendation for Your Excellency's approval.

Approved, W. H. LEE, *C.P.C.*

Order in Council, June 29, 1889.—That hereafter officers shall be eligible to receive their statutory increase upon the first day of the official quarter following the expiration of one year from the day on which they reported for service, regardless of the date of appointment; provided always that the time is not computed from a date prior to the Order in Council making the appointment.

JOHN J. McGEE, *C.P.C.*

Information to be sent to the Treasury Board on Matters affecting the Establishment.

TREASURY BOARD, OTTAWA, April 3, 1897.

SIR,—I am directed by the Treasury Board to call your attention to the inclosed Circular of the Board, dated June 19, 1893, and to ask that the requirements therein specified be complied with.

I am, sir, your obedient servant,

J. M. COURTNEY, *Secretary.*

(*Circular.*)

TREASURY BOARD, OTTAWA, June 19, 1893.

SIR,—In connection with the papers and other memoranda relating to appointments, promotions, increases of salary and other matters affecting the Establishment, referred for the consideration of the Treasury Board, I am directed to say that the Board are desirous in all cases of having before them the fullest information bearing on the action recommended, and to ask that particular attention be given to make the papers as complete as possible, especially in regard to the following requirements:—

In consequence of the Civil Service Superannuation Amendment Act, 1893, and Civil Service Insurance Act, 1893, being now in force, it is absolutely necessary that in the case of appointments, in addition to the full reasons for the action recommended, the age of the appointee be given and a medical certificate submitted as to his state of health. In the case of memoranda recommending the employment of temporary clerks, the certificates required by the Civil Service Act must in all cases accompany the papers, and, in addition, the state of the appropriation from which payment for the extra assistance is to be made must be set forth.

It is also directed that the certificates, reports and requisitions required under the Civil Service Act (*vide* sections 15, 17, 19, 21, 26, 35, 37, 39 and 47) be furnished with the respective cases to which they relate.

I have further, by direction of the Treasury Board, to state that in all cases where employees of 60 years of age and over are recommended for retirement under the Civil Service Superannuation Act, it will be necessary to give full and explicit reasons, in addition to that of age, for the action recommended, as members of the Board cannot undertake to recommend the superannuation of civil servants for the reason of age only.

In directing your attention to these requirements of the Board, I have to ask that in all cases the papers for their consideration be submitted in as complete a state as possible, and to inform you that in no case will a memorandum be taken into consideration if the papers are not complete.

I am, sir, your obedient servant,

J. M. COURTNEY, *Secretary.*

Matters to be referred to the Treasury Board.

Order in Council, October 5, 1896.—The Committee recommend that the Treasury Board submission, "That all recommendations to Council with relation to the appointment, employment or continuance of employment, promotion, increase or reduction of salary or pay, granting or extension of leave of absence, or payment of travelling expenses or removal expenses of any employee or proposed employee of the Government, either permanent or temporary, be referred to the Treasury Board for consideration and report before being finally dealt with by Council," be approved.

T. J. McGEE, *C.P.C.*

Salaries of Deceased Officers.

Order in Council, Feb. 9, 1875.—On a memorandum dated Feb. 8, 1875, from the Honourable the Minister of Finance, reporting that there appears to be a want of uniformity in the manner of paying the salaries of deceased officers—that in some cases the salary is paid to the day of death, and in others the salary of the month in which the officer died is paid. He, therefore, recommends that for the future the whole month's salary be paid in all cases. The Committee submit the above recommendation for Your Excellency's approval.

W. A. HIMSWORTH, *C.P.C.*

Employment of Temporary Clerks.

Section substituted by 58-59 Victoria, Chapter 15, for section 47 of the Civil Service Act (R.S.C., Chap. 17):—When from a temporary pressure of work or from any other cause, extra assistance is required in any branch of either the first or second division, the Governor in Council may, on the report of the deputy head of the department, concurred in by the head of the department, that such extra assistance is required, authorize the employment of such number of temporary clerks, writers, messengers, porters, packers or sorters, as are required to carry on the work of the department.

Temporary Employees: Certificates of Attendance.

TREASURY BOARD, OTTAWA, October 9, 1891.

SIR,—I have the honour to inform you that at a meeting of the Treasury Board, held on the 2nd instant, a minute was adopted, requiring that accounts for payments to all extra clerks and extra messengers and of all temporary employees should, from and after September 1, 1891, be certified as follows:—

"I hereby certify that the clerk (or messenger) has been in attendance at this office every day, except Sundays and statutory holidays, during the period for which payment is asked,"

It being understood that nothing herein contained shall be construed to authorize payment for Sundays and statutory holidays in cases in which payments for such days have not been made hitherto.

I am, sir, your obedient servant.

J. M. COURTNEY, *Secretary.*

Treasury Board Minute, Dec. 27, 1898.—The Board direct that the following certificate be substituted for the certificate required by their Minute of the 2nd October, 1891, to be given in all requisitions to the Accountant of Contingencies for the payment for the services of extra clerks and messengers in the several departments, and that the Minute of the 2nd October, 1891, be amended to this extent:

"I certify that during the current month the extra employees mentioned have satisfactorily performed the services for which they were appointed under Order in Council of.....
.....and that they have been in attendance at this office every day except Sundays, statutory holidays and leave of absence under Order in Council of 20th October, 1892, as specified, during the period for which payment is asked."

It being understood that nothing herein contained shall be construed to authorize payment for Sundays and statutory holidays in cases in which payments for such days have not been made hitherto.

J. M. COURTNEY, *Secretary.*

Departmental Employees: Pay-List.

TREASURY BOARD, OTTAWA, Dec. 2, 1895.

SIR,—I have the honour to inform you that the Treasury Board, at a meeting held on the 29th ultimo, passed a Minute directing that hereafter all departmental employees at Ottawa (other than those extra clerks and messengers who are paid from Civil Government Contingencies, and labourers and mechanics) be paid on pay-lists certified by the Auditor General before payment,

I am sir, your obedient servant,

J. M. COURTNEY, *Secretary*

Special Leave of Absence to Employees.

Order in Council, June 29, 1893.—No payment to be made to any Government employee for time on special leave until Council authorizes same.

JOHN J. McGEE, *C.P.C.*

Leave of Absence to Temporary Employees.

Order in Council, October 20, 1892.—On a report dated 19th October, 1892, from the Acting President of the Privy Council, stating that he has had under consideration the subject of applications for leave of absence, and for sick leave made from time to time by technical officers, clerks and messengers who are not permanently appointed to the Civil Service, but who are engaged in the inside service in the departments at Ottawa, and recommending the adoption of the following rules:—

(1.) That the head of the department, and, in his absence, the deputy head of the department, may grant to any professional or technical officers and supernumerary or temporary clerks who may be employed under section 47 of the Civil Service Act, and who have been so employed during twelve months continuously, leave of absence for the purpose of recreation, for a period not exceeding three weeks in each year; such leave to be granted at such time during the year as the head or deputy head of the department may determine.

(2.) That employees whose employment is for one month or upwards, may, in the discretion of the head of the department be paid for days when they are absent in consequence of actual illness, after leave of absence obtained, on certificates furnished to the satisfaction of the head of the department; or for days during which absence has been occasioned by contagious or infectious diseases in the families of the persons so engaged; such absence not exceeding one week at any one time and not exceeding two weeks during any year.

This regulation to be retroactive as to cases which have occurred since the 1st of September, 1891, and its future operation to be confined to supernumerary and temporary clerks who are employed under section 47 of the Civil Service Act, and to persons temporarily employed as messengers and to professional or technical officers.

The Committee submit the same for your Excellency's approval.

JOHN J McGEE, *C.P.C.*

Order in Council, Dec. 30, 1898.—That the Order in Council of 20th October, 1892, granting leave of absence for purposes of recreation to temporary employees, be so amended as to extend the full provisions thereof to messengers and packers temporarily employed, to apply not only in future cases, but to cover all cases in the past, in which leave of absence has been granted to such temporary messengers and packers.

JOHN J. McGEE, *C.P.C.*

Medical Certificates.

Order in Council, July 23, 1892.—On a memorandum dated 14th July, 1892, from the Secretary of State, recommending that the Order in Council of the 25th April, 1892, appointing certain gentlemen to be medical practitioners, under the third subsection of section 51 of "The Civil Service Act" in so far as regards furnishing medical certificates in cases of illness of officers and servants of the Department of Marine and Fisheries, be cancelled.

The Minister further recommends that every duly qualified medical practitioner whose name is registered in the Medical Register of the province in which he resides be appointed as an authorized medical practitioner for the purpose of issuing medical certificates as required by subsection 3 of section 51 of the Civil Service Act.

The Committee submit the foregoing recommendations for Your Excellency's approval, and order that a copy be sent to each department.

JOHN J. McGEE, *C.P.C.*

Rate of Pay for Copying.

Order in Council, April 1, 1886.—That the rate to be paid for all copying done for the several departments of the Government and in preparation of returns for the Senate and the House of Commons, be fixed at five cents (5c.) per folio of 100 words, to commence on the 1st April instant.

JOHN J. McGEE, *C.P.C.*

Rate of Pay to Reporters.

Order in Council, October 9, 1888.—On a memorandum dated 1st October, 1888, from the Minister of Justice, recommending that authority be given for the payment of the Official Reporters of the Debates of the House of Commons, and of other Reporters, who may be designated, as occasion may require, by the Minister of Justice, to be employed to report Exchequer Court cases, or proceedings under Commissions of Inquiry, or upon arbitrations in which the Government is interested, or upon any other matter requiring a short-hand reporter, at the rate of fifteen cents per folio of one hundred words, the reporter, for such remuneration to supply to the Government four copies of the proceedings and evidence in each case.

The Minister further recommends that the sum of $3.50 per diem over and above the actual moving expenses be allowed to such reporters on account of travelling expenses while so employed and when absent from their places of residence, the days of leaving and arriving to be counted as full days. Also, that the provisions of this Order shall relate back to the time from which the services of such reporters were first engaged in the capacity mentioned, viz., from November 1st, 1887.

The Committee advise that the requisite authority be granted.

JOHN J. McGEE, *C.P.C.*

Order in Council, July 3, 1890.—That the rate to be paid to Unofficial Reporters for reporting during the Sitting of Parliament, when the official staff is not available, be 25 cents per folio of 100 words, the Reporter, for such remuneration, to supply the Government with four copies of the proceedings in each case.

That the sum of $3 per diem, in addition to actual moving expenses, be allowed to such reporters on account of travelling expenses while so employed and when absent from their place of residence, the days of leaving and arriving to be counted as full days.

That the amount hereby fixed for remuneration shall apply to the accounts for reporting done by such reporters during the last Session of Parliament.

That in all cases when a reporter (not official) is duly in attendance for reporting for a day, and does not, or is not required to report to such an extent as to make the actual amount of his remuneration reach the amount of $5 per day, he shall be entitled to receive $5 a day for each day he has been required to attend and has been properly in attendance ready to work.

That it be declared that whenever hereafter any reporter, whether official or otherwise, applies for and performs reporter's work during the Recess of Parliament, he shall be considered as having been employed under, and shall be paid according to, the rates fixed by the Order in Council above referred to, of October 9, 1888.

JOHN J. McGEE, *C.P.C.*

Petty Expenses—Advances.

Order in Council, November 12, 1884.—Ordered that the sum of two hundred dollars ($200) be granted as a standing advance to each department of the public service for "Petty Expenses," but that before the same is renewed for any department, a detailed statement of the sums expended on account of petty expenses shall be furnished to the Auditor General.

JOHN J. McGEE, *C.P.C.*

Superannuation.

Extract from a Minute of the Treasury Board, November 11, 1870.— * * * * * * * * * * * * *

(32.) In counting the salary on which the superannuation allowance is to be calculated, it shall be taken at one-third of the whole amount received by the officer for the 36 months preceding the Order in Council superannuating him.

(33.) When any officer is permanently employed at a nominally per diem salary, it shall for the future be included in the pay-lists at an equivalent per annum salary.

(34.) When any officer has an official residence or other similar perquisite, his salary shall be stated at such higher sum as may fairly represent these advantages, and he shall pay the abatements on such higher salary, otherwise his superannuation allowance shall count only on the salary on which he has paid abatements.

(35.) The superannuation allowances shall be paid monthly in the manner proposed in the memorandum on that subject submitted by the Auditor.

(36.) An Establishment Book shall be kept in the Finance Department, in which shall be entered every person in the service on the 1st July, 1870, or hereafter to be appointed, who, by foregoing rules, comes within the provisions of the Act, showing the date of his birth and the date of his appointment, together with any other facts upon which his length of service will be counted.

(37.) When any greater length of service is claimed by men now in the service than that from the date of the man's appointment to his present office, it shall be the duty of the Auditor to prepare a classified statement of all such claims which, together with a report thereon from the Civil Service Board, shall be submitted to the Privy Council, to the intent that rules may be laid down by it for counting such service.

(38.) When any person is hereafter appointed in later life for any special qualifications, the additional number of years which may be added to his actual length of service shall be stated in the Order in Council appointing him, and such additional years shall be recorded in the Establishment Book, and in order that the same thing may be done with regard to men now in the service, the Secretary of the Treasury Board shall collect from each deputy head, and the clerks of the Senate and House of Commons a statement of all the men now serving under them to whom they are of the opinion that additional service should be allowed under the Act for special qualifications in their appointment. Such statement shall be submitted to the Treasury Board, and reported upon by it, so that an Order in Council may direct such additional years to be recorded in the Establishment Book.

(39.) The Auditor shall prepare a statement to be submitted to Council on 1st January next of all persons on the Establishment of 60 years of age and upwards, and a similar statement shall hereafter be submitted at the commencement of each financial year.

Order in Council, May 3, 1886.—That the 34th paragraph of the Treasury Minute of the 11th November, 1870, which paragraph is as follows:—"(34.) When any officer has an official residence or other similar perquisite, his salary shall be stated at such higher sum as may fairly represent these advantages, and he shall pay the abatements on such higher salary, otherwise his superannuation allowance shall only count on the salary on which he has paid abatements";—be repealed, except in the case of those who now pay superannuation abatement on such allowance or perquisite in addition to the abatement from their salaries.

JOHN J. McGEE, *C.P.C.*

TREASURY BOARD, OTTAWA, Dec. 7, 1883.

SIR,—I am directed by the Treasury Board to call your attention to your letter of October 9, 1882, on the subject of the reconsideration of cases of superannuation of public servants as published in the Book of the Rules of the Civil Service, page 52, and to state that many references are now made to the Board from the several departments, recommending the postponement of the dates of superannuations as established by Council on the Report of the Treasury Board, and to ask whether, under any circumstances, superannuations, once established by Council, may be reopened—always presuming that no clerical errors have been made.

I am, sir your obedient servant,

The Deputy Minister of Justice. J. M. COURTNEY, *Secretary.*

DEPT. OF JUSTICE, OTTAWA, Dec. 12, 1883.

SIR,—I have the honour to acknowledge your letter of the 7th, asking whether, under any circumstances, superannuation once established by Council may be reopened—always presuming that no clerical error has been made.

The Superannuation Act provides that under the circumstances mentioned therein, the Governor in Council may grant to a person who has served in an established capacity in the Civil Service a superannuation allowance, and that the Order in Council made in the case shall be laid before Parliament. If the grant was made by Letters Patent, the latter could not be cancelled by authority of an Order in Council, except they had been issued in the name of the wrong party, or contained a clerical error or misnomer, or wrong description of a material fact. (*See* 38 Vic., cap. 13.) As the grant in the case of a member of the Civil Service is made by an Order in Council, I am of opinion that in practice it would be well to adhere to the same rule, and not to cancel or amend the Order in Council, except in cases mentioned in the Act referred to (38 Vic., cap. 13.)

I am, sir, your obedient servant,

The Secretary, Treasury Board GEO. W. BURBIDGE, *D.M.J.*

(*Circular.*) TREASURY BOARD, OTTAWA, July 31, 1891.

SIR,—I have the honour to inform you, for your guidance in future, that the Governor General in Council, on the 21st instant, approved of the following regulation of the Treasury Board :—

" That no person be hereafter appointed to a position in the Civil Service which would entitle him to the benefit of the Superannuation Act unless at the time of his appointment he produces medical testimony, to the satisfaction of the Treasury Board, showing that he is then in good health."

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

Order in Council, October 9, 1895.—That in future all cases in which application is made for the superannuation of any Government employee, there shall be given with the application, for the information of the Treasury Board, the reason or reasons for such superannuation, whether on account of age, or ill-health, or abolition of office, or to promote efficiency and economy—also the age, length of service, present salary, average salary during the past three years, and the proposed retiring allowance of the officer recommended for superannuation. Also, whether in any case it is intended to fill the vacancy caused by such superannuation by appointment or promotion, and if so, at what remuneration, and generally such information as will enable the Board to determine whether the superannuation asked for should be granted.

The Board further recommend that if the above meets with the approval of Council, a copy of the Order in Council founded thereon be furnished the several departments for their guidance.

JOHN J. McGEE, *C.P.C.*

Order in Council, Feb. 9, 1893.—That the Order in Council of January 7, 1884, permitting temporary officers on receiving permanent appointments to place themselves as far as regards their temporary services, under the operations of the Superannuation Act be cancelled.

J. J. McGEE, *C.P.C.*

Gratuities.

Order in Council, Feb. 1, 1868.—As frequent instances occur of the death of officers in the service of the Government, leaving their families in circumstances of great and immediate want, and destitute of means to defray the expenses of illness and funeral, the Committee respectfully advise that in all cases of the decease of an officer of the Government on the permanent list, a gratuity equal to his salary be paid to his widow or orphan children, or to such members of his family or household as His Excellency may approve, for two months from the date of his decease.

Order in Council, Dec. 26, 1887.—The Board having had under consideration the matter of the payment of gratuities to the widows or other representatives of officials of the Government not on the permanent list, are of opinion, and recommend to Council, that the terms of the Order in Council of February 1, 1868, be adhered to.

The Board are further of opinion that should Council, in special cases deem it necessary that the provisions of the above-mentioned Order in Council be extended to include payment of gratuities to the widows or other representatives of officials not on the permanent list, the consent of Parliament should be asked for the payment thereof.

JOHN J. McGEE, *C.P.C.*

Insurance of Government property.

Order in Council, July 5, 1881.—The Committee of the Privy Council have had under consideration, upon the suggestion of the Acting Minister of the Interior, the general question of insurance against fire of Government property ; and they are of opinion, and humbly advise Your Excellency that, in view of the large amount, varied character and widely separated position of the property in the Dominion belonging to the Crown, it is a wise economy for the Government to underwrite its own risks, as well on movable as on immovable property, and they recommend that all existing policies (if any such exist) be suffered to lapse and no new ones effected, and that a copy of this Order, should Your Excellency approve of it, be sent to every department of the Government.

J. O. COTE, *C.P.C.*

Security of Public Officers.

(Order in Council, August, 1869.)

On the recommendation of the Honourable the Minister of Finance, the Committee advise that the annexed memorandum from the Board of Audit containing certain rules defining the circumstances under which security is to be required from public officers be approved and adopted.

WM. H. LEE, *C.P.C.*

The Board of Audit has had under consideration the Act respecting the securities of public officers and the Order in Council founded thereon. Although the manner in which security is to be given is therein laid down, there does not appear to be a sufficient definition of the circumstances under which security is to be required. After conference therefore with the other deputy heads who have not seats on the Board of Audit, the Board submit for the consideration of the Government the following resolutions :—

1. Every person collecting or receiving revenues in cash to be paid by him over to the Receiver General must give security.

2. Every paymaster whose business it is to distribute money handed over to him must give security.

3. Every person to whom letters of credit are given, or to whom warrants issue, whether accountable warrants in round sums to meet general expenditure or warrants to enable him to pay sums ascertained to be due, and who pays such sums by his own official cheque against an official account at the bank, shall give security.

4. When a department receives an accountable warrant for general expenditure or warrants to meet sums ascertained to be due, and such warrants are placed to the credit of the department in an official account, the cheques must be signed by the head or deputy head, and at least one other person in the department who has been designated for that purpose as being cognizant of the transaction and of its being duly received, and in such case it is not necessary that either should give security.

5. The paylists are paid by the bank upon the cheque of the deputy head in the department and of the collector at the ports and inland revenue stations. If the deputy head or collector gives his cheque in favour of the individual or order, he will not be required to give security, but if the whole money is drawn on one cheque to be distributed, the person charged with the distribution should give security.

6. It sometimes happens that in order to save the issue of many warrants or official cheques, money is paid to a department to distribute, although such a transaction may not fall within the ordinary duties of that department. In such cases unless the cheques are signed by another person in the department besides the deputy head, security ought to be given.

7. When for any reason money is casually placed in the hands of any person in a matter not belonging to the regular duties of his office, he cannot be called upon to give security, and it would be better in all such cases to place the money in the hands of two persons who should both sign the cheques.

8. Where a warrant issues in favour of any person and it is paid to him by a cheque in favour of any other person, he will not give security.

9. Where a warrant or letter of credit issues in favour of a Minister of the Crown to enable him to make certain payments, no security is required, but it would be better, except in special cases, that such credits or warrants should issue in favour of the department as in rule (4), in which case a second signature would be required.

It may be advisable to give some instances of cases which would fall under the above rules to render their operations more intelligible.

(1.) Collectors of customs and excise, the cashier of the Post Office Department, the collector of hydraulic rents for the Public Works, the collector of patent fees, Department of Agriculture.

(2.) The paymasters of the Public Works and Militia Departments and the International Railway Commission.

(3.) The accountant of contingencies, the wardens of penitentiaries, and all other persons receiving accountable warrants for petty expenses.

(4.) All the expending departments would come under this rule, but there should be a distinct order in each department, who should sign the cheques. The payment of interest and other services on general or open warrants, where the cheques are signed by both the Deputy Receiver and Deputy Inspector General would come under this rule, and the paymasters in Nova Scotia and New Brunswick.

(5.) All persons authorized to sign paylist cheques.

(6.) It often has occurred when the actual payee is not accessible that warrants have issued to the Receiver General to enable him to pay. Many of such cases will be met by the new arrangement of giving the cheque not in favour of the Receiver General, but of the individual. Such cases may, however, occur again, and would fall under this and the next rule. So also a sum may be paid to the Commissioner of Inland Revenue to distribute for small refunds of duty. Such sums ought to be placed to an official account as in any other expending department, although it may not be the ordinary business of the department, and the cheques should be countersigned.

(7.) Thus a certain sum was plaeed at the credit of the Seeretary of the Treasury Board, to be expended as direeted. Such a transaetion formed no part of the duties of his offiee, and if sueh a thing is done again, a seeond person should be named to eountersign the eheques.

Franking Privilege at Ottawa.

Order in Council, February 25, 1892.—By an Order in Counеil, dated February 25, 1892, the folowing regulations governing the franking privilege were approved :—

REGULATIONS.

1. In eaeh department there may be used one franking stamp, sueh stamp being a faesimile of the usual signature of the deputy head, and to be kept in the custody of some offieer or eonfidential elerk specially intrusted by the deputy head with that duty, and to be affixed by him upon official correspondenee only.

2. When envelopes with a printed official address thereon are used, the name of the deputy head may be printed on such envelopes.

3. In addition to the printed stamp or printed signature as above provided, the head of the department and the private seeretary of the head of the department in the name of his Minister, and the deputy head may frank by a written signature or initials ; but no other method of franking except as above enumerated will be permitted.

4. No blank or unaddressed envelope shall in any ease be franked.

5. The deputy head of each department shall furnish the Postmaster General with an impression of the facsimile stamp whieh it is proposed to use in his department.

6. The General Offieer eommanding the Militia of Canada, the Adjutant General of Militia, the Auditor General and the Superintendent of Insuranee shall, for the purposes of these rules, be respeetively eonsidered as deputy heads of departments.

7. All the offieial eorrespondenee of the several departments, except that of the heads of departments, the deputy heads and the private secretaries of Ministers, shall be transmitted in envelopes having printed or written thereon the words " On Her Majesty's Serviee " ; and no envelope bearing the superseription shall be used for any private correspondenee.

8. From and after the 15th day of Mareh, 1892, no private correspondence whatsoever shall be transmitted from any department of the Government at Ottawa or elsewhere, or any braneh thereof, under frank, nor shall the postage due thereon be eharged against the Government.

9. All privatc eorrespondence addressed to any member of the Civil Service at Ottawa, or to the eare of any eivil servant, shall be liable to the same rates of postage as apply to the public generally.

10. Should any letter addressed to any eivil servant at Ottawa upon which postage has been paid on delivery prove when open to be on publie business, the amount so paid may be refunded on the eertificate of the deputy head of the department to whieh the addressee belongs.

11. Any employee offending against any of these regulations shall be liable to suspension or sueh other punishment as the Governor General in Council may determine.

JOHN J. McGEE, *C.P.C.*

Tariff of Fees on Commissions.

Order in Council, September 7, 1893.—The Committee of the Privy Council have the honour to reeommend to Your Excelleney the adoption of the annexed report of the Seeretary of State, with reference to the tariff of fees upon eommissions to publie offieers :—

That the following tariff of fees ehargeable upon eommissions to publie officers be eonfirmed :—

1. Upon eommissions to Lieutenant-Governors, Ministers of the Crown, judges of all eourts, junior judges, deputy ministers and Queen's counsel, a fee of $20.

2. Upon eommissions issued to offieers or others receiving salaries of $1,000 or over, a fee of $15.

3. Upon eommissions issued to offieers or others reeeiving salaries from $400 to $1,000, a fee of $8.

4. Upon eommissions issued to officers or others receiving salaries from $100 to $400, a fee of $5.

5. Upon commissions issued to offieers or others receiving salaries of $100, or to offieers or persons appointed to office, who are paid by fees of office, a fee of $4.

He would also submit that in the case of the Solicitor General of Canada, the Controller of Inland Revenue and the Controller of Customs, and of all officers in the service of the Crown who may reeeive a salary of $3,000 or upwards, the fee chargeable on commissions issued to them be fixed at $20.

The above to apply to eommissions issued under the Great or Privy Seal.

He would further reeommend that no commission or doeument be delivered out of the Department of the Seeretary of State until the fee, if any, has been paid.

JOHN J. McGEE, *C.P.C.*

Commissions of Inquiry—Rate of Pay.

Order in Council, September 21, 1897.—On a report dated 6th September, 1897, from the Minister of Justice, stating that he has had under consideration the question as to the rate of remuneration which should be allowed commissioners appointed to hold inquiries or investigations into public matters or departmental business, under chapters 114 and 115 of the Revised Statutes of Canada.

The Minister recommends that the fees allowable to a commissioner appointed under the authority of either of those chapters shall not in any case exceed ten dollars for each full day's attendance or occupation in connection with the work of the commission, exclusive of the reasonable moving and living expenses of the commissioner to be allowed where the commissioner has to travel for the purpose of executing the commission ; and that the said per diem allowance shall be deemed to cover letters and interviews on other days as well as on the days for which the commissioner is entitled to such per diem allowance ; and that no further charge be allowed for such letters and interviews ; and that a professional man shall not be entitled to any fees or allowances as commissioner to which other commissioners are not entitled as aforesaid.

The Minister also recommends that a copy of this Minute, if approved, be sent to every commissioner hereafter appointed with his commission, or the notification of his appointment, and that such commissioner be at the same time informed that the provisions of the Order in Council will be strictly followed in ascertaining the amount to which he may be entitled for his services as commissioner.

The Committee advise the adoption of the above, and submit the same for Your Excellency's approval.

JOHN J. McGEE, *C.P.C.*

Maximum number of Reports to be ordered by each Department for Free Distribution.

Order in Council, January 19, 1893.—On a report dated January 16, 1893, from the Minister of Finance, stating that by Order in Council, dated May 26, 1886, authority was given for placing on sale by the Queen's Printer, copies of public documents, other than those distributed officially to the Houses of Parliament and the departments, that in accordance with this order a circular was sent to the various departments requesting them to order only such copies as they absolutely needed for official purposes, and due arrangements were made by the Queen's Printer for advertising and supplying copies to the public.

The Minister finds that the number required for parliamentary inside and outside distribution is, as to most of the departmental reports, 1,800 copies of each, and as to five of the most important, 2,050 each. The numbers ordered by the different departments for their own distribution vary from 315 to 10,000.

The Minister is of opinion that it is desirable to secure greater uniformity and economy in the orders from the various departments, and that the number ordered by each should be based on the call for necessary distribution.

The Minister therefore recommends that each department be authorized to order within its discretion for its own distribution, copies of its reports not to exceed a maximum of 500 copies of each report, and that the Queen's Printer be authorized to reserve for purposes of sale such number of the departmental reports and to arrange for their sale in such manner as may be deemed advisable by the Secretary of State.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE, *C.P.C.*

Order in Council, November 18, 1893.—That the annual reports of the Historical Archives Division of the Department of Agriculture forming one of the appendices to the annual report of the Minister of Agriculture, be excepted as respects the number of copies printed, from the terms of the General Order in Council, dated January 19 last, limiting the number of departmental Reports to 500 copies each.

JOHN J. McGEE, *C.P.C.*

Order in Council, June 16, 1894.—That the printing of the Year Book and Statistical Abstract for the Department of Agriculture, be excepted from the provisions of the General Order in Council, dated January 19, 1893, relating to the printing of the departments.

That authority be given for the printing of 2,400 copies in English, 750 copies in French, to meet the demands for distribution.

JOHN J. McGEE, *C.P.C.*

Order in Council, November 27, 1896.—The Committee on the recommendation of the Minister of Finance, advise that the Order in Council of January 19, 1893, limiting the number of reports of the different departments, be amended so far as the report of the Auditor General is concerned, and as to the number which is to be received by the Audit Office for distribution, by making the number 2,000 instead of 500, of this year's and subsequent reports.

JOHN J. McGEE, *C.P.C.*

EXECUTIVE REGULATIONS GOVERNING REVENUE AUDIT.

Treasury Minute, June 21, 1886.—The Board had under consideration a communication from the Auditor General to the address of the secretary of the Board, requesting to be informed whether the revenue accounts generally are to be submitted to him for examination and audit and if so, under what regulations.

The Board direct that these accounts be submitted to the Auditor General for examination and audit.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary*

TREASURY BOARD, OTTAWA, Dec. 30, 1889.

SIR,—With reference to our recent conversation respecting the submission to the Treasury Board of the rules and regulations drawn up in your office, I have now to state that I have found, on inquiry, that your letter of the 31st December, 1886, was submitted to the Treasury Board in due course, but as it did not ask for confirmation of the rules inclosed, but only stated what your intentions were in auditing revenue accounts, and requesting any directions that the Treasury Board might deem fit to give—as the Treasury Board had no directions to give, the letter was unanswered ; but, in order that the law may be complied with, I have now to state that the rules are approved of.

* * * * * * * * * *

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

Rules and Regulations in reference to the Receipt, Entry and Accounting for Public Moneys.

(1.) Receipts with printed consecutive numbers should be used.

(2.) A receipt should be given for each payment.

(3.) All receipts should be entered in a cash book, and each entry should bear the same number as the receipt.

(4.) The counterfoil of the receipt should bear its number, the name of the payer, the amount, and a short memo. of the object for which payment was made ; and it should be signed by the collector, and when payment is made in person, by the payer.

(5.) A deposit should be made to the credit of the Receiver General daily, if the receipts amount to $25. If the daily receipts do not amount to $25, a deposit should be made whenever that sum or more is on hand.

(6.) As soon as possible after the close of each month, and not later than the 10th of the succeeding month, a copy of the cash book should be transmitted to the Audit Office, with the corresponding counterfoils of receipts granted, and also the blank when a receipt has been spoiled or cancelled.

Treasury Minute, May 23, 1890.—The Board had under consideration a communication from the Auditor General, submitting certain regulations and forms of returns drawn up in accordance with the general regulations applicable to certain classes of revenue coming under the control of the Department of Marine, which regulations and forms were submitted to exemplify the carrying out of the general regulations.

After careful consideration, the Board approve of the general regulations for the outside service for the audit of the revenue accounts, as follows :—

Revenue Audit—General Regulations for the Outside Service.

1st. Where possible, every officer or agent employed in the collection of public moneys shall make a daily deposit, if the receipts amount to $25 ; otherwise, whenever that sum is on hand ; and he shall furnish regularly to the proper department, a return of his collections.

2nd. This return shall be made monthly, or at less frequent intervals, to be fixed by the department when desirable.

3rd. It shall be a copy in detail of the collector's cash book, showing the different deposits made in acquittance ; and shall be certified by him and mailed to the proper department within five days after the close of the period which it covers, and be accompanied by the corresponding vouchers or papers.

4th. It shall be fully examined and audited in the department and certified by the accountant and examining officer.

5th. When examined and certified, all returns for each period shall be forwarded to the Audit Office, accompanied by a summary, certified by the deputy minister and the accountant.

And they direct that the particular regulations and forms applicable to each department be submitted to the Board for approval.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary*.

TREASURY BOARD OVER-RULINGS OF THE AUDITOR GENERAL'S DECISIONS.

Justice Department : Living Allowance to Mr. Justice Craig when absent from the Yukon.

(Included in Return to Parliament, Session 1903, but not printed in Report of 1901-2.)

Order in Council, June 25, 1901.—On a report dated June 20, 1901, from the Acting Minister of Justice, stating that the Honourable Mr. Justice Craig, Judge of the Territorial Court of the Yukon Territory, has applied for leave of absence from his judicial duties during the winter vacation, being four months from October 1, 1901, on account of failing health.

The Minister recommends that the leave asked for be granted.

The Committee submit the same for His Excellency's approval.

JOHN J. McGEE, *C.P.C.*

DEPARTMENT OF JUSTICE, OTTAWA, December 16, 1901.

SIR,—I have received a letter from Mr. Justice Craig, copy of which I inclose, From this I understand that the Auditor General has withheld the judge's living allowance, which seems to be most unjust. I desire, therefore, to appeal to the Treasury Board, and will be glad if you obtain the necessary reports and have the matter submitted for determination as soon as possible.

I have, &c.,

The Secretary, Treasury Board. E. L. NEWCOMBE, *D.M.J.*

RENFREW, ONT., Dec. 13, 1901.

SIR,—I have the honour to inform you that my living allowance as judge in the Yukon Territory has not been paid for the months of October and November. I applied to the Finance Department for the same, but I am now in receipt of a letter from the Deputy Minister of Finance, in which he states that the Auditor General has declined to authorize the payment of my living allowance while absent from Dawson. From this ruling of the Auditor General I wish to appeal to the Treasury Board.

I have no doubt that you are fully informed of all the facts and circumstances leading up to my absence, on sick leave; but at the risk of being tiresome I will shortly repeat the ground which I take in making this demand.

I have considered the living allowance as an allowance not given barely for the extra cost of living in Dawson, but as an allowance given to cover all the costs which a man sustains by reason of his appointment in that distant and out-of-the-way place to make up in some degree for what one is out of pocket by reason of life in the Yukon. In short, all that may befall any man—such as sickness, extra cost of communication with the outside world, and so on. In my own case, I am absent from Dawson simply because I am a resident in Dawson. As you are aware, I took seriously ill there, and under the advice of the two doctors who attended me I have come out for special medical treatment which I could not obtain in the Yukon, and I may say that my entire treatment has been

with good results in my health. It was impossible for me to remain in the Yukon, and I had to come to the outside world, 5,000 miles, to obtain the treatment I needed. All this has occasioned me, for travelling alone, an expense of about $600 in coming and going, besides incidentals. In any case, a person who resides in the Yukon Territory should have a vacation, and there is no way of taking one in Dawson. You are forced to come to the outside, as we call it, for any relief from the monotony of life there. This occasions, I need not say, a very great expenditure of money. No public servant in any part of Canada but in the Yukon is placed in the same position, and certainly no judge. All of the expenses of living are enormously greater there than here, and if I had to pay house rent during the year and a half I have been in the Yukon I would have been bankrupt; even without that my expenses for the year have exceeded my income.

I state these facts for the information of the board, and I shall be very much pleased if you will present the case to them for their speedy decision, as I expect to return to my duty in March.

I have, &c.,

The Deputy Minister of Justice. JAS. CRAIG, *J., Yukon Territory.*

TREASURY BOARD, OTTAWA, December 18, 1901.

SIR,—I have the honour to inclose herewith Treasury Board file No. 28527, being case of an appeal by the Department of Justice from your objections to the payment of the living allowance to Mr. Justice Craig, of the Yukon Territory, and I have to request that you will be good enough to advise me, for the information of the Treasury Board, as to what your objections in the matter are, also the ground for such objections, together with the section and clause of the Consolidated Revenue and Audit Act upon which such objections are founded.

I shall also be glad to have any remarks you may desire to make in regard to the case.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, December 19, 1901.

SIR,—I have a file of papers from the Treasury Board in connection with the living allowance of Judge Craig. I inclose it.

I have really not decided against the allowance, although I have declined in the meantime to pass it.

Residence in the Yukon, on account of the great expense of living there compared with what it is in any other part of the Dominion, is the ground of the allowance, which is nearly as great as the whole salary of a judge in other districts. I presume that you would not consider a judge absent for a lengthened period from the Yukon, even under leave of absence, always, under any circumstances, entitled to the allowance. If Judge Craig is entitled now, it is because there are circumstances in his case which would not exist in every case of a judge's absence. What are they?

I am, sir, your obedient servant,

The Deputy Minister of Justice. J. L. McDOUGALL. *A.G.*

JUSTICE DEPARTMENT, OTTAWA, December 20, 1901.

SIR,—Referring to your letter of the 19th instant, with regard to the living allowance of Mr. Justice Craig, you state that you presume that I would not consider a judge absent from the territory for a lengthened period, even under leave of absence, always, under any circumstances, entitled to living allowance, and you add that if Judge Craig is now entitled it is because there are circumstances in his case which would not exist in every case of a judge's absence. You inquire what these reasons are.

I do not consider it necessary at present to state any rule for payment of living allowance which would be applicable to a judge under all circumstances while absent from his jurisdiction. My view is that Judge Craig is undoubtedly entitled in the present circumstances. There is no doubt that the payment is authorized by Parliament. Judge Craig came out for medical treatment and rest which he very much required, and he is subject to all the additional cost of travel, &c., which this involves. He proposes to return to Dawson soon, and I think it is a great pity that he should be embarrassed by the government withholding his living allowance. I hope you will see your way to authorize payment without further delay.

I have the honour to be, &c.,

The Auditor General. E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, December 26, 1901.

SIR,—I feel obliged to continue the discussion of Judge Craig's claim for living allowance.

You say: 'My view is that Judge Craig is undoubtedly entitled in the present 'circumstances. There is no doubt that the payment is authorized by Parliament. 'Judge Craig came out for medical treatment and rest which he very much required, 'and he is subject to all the additional cost of travel, &c., which this involves.'

The parliamentary authority to which you refer is: 'Yukon Territory—living allowances for judges, $6,000.' This wording clearly excludes any charge which is not a living allowance to a judge, and for a period during which the judge is resident in the Yukon.

If you cannot use an appropriation which provides for the building of a wharf in Nova Scotia to feed destitute Indians in the North-west, you cannot use an appropriation provided for a living allowance to a judge in the Yukon to pay his travelling expenses when on leave of absence in another part of Canada, where living expenses are so low that judges who are permanently resident there do not enjoy a living allowance.

I know that Judge Craig greatly needed medical care. Everyone whom I happened to meet last winter, and who had been shortly before in Dawson, was enthusiastic in commendation of the good work done by Judge Craig not before it was needed.

Still, there is no appropriation for paying general travelling expenses of judges, even when travelling on public purposes, and if there were, that would not make it lawful to pay travelling expenses on private purposes. If the necessity to travel for health or recreation occurs to a judge it must be looked on by him as a misfortune, and he must bear the expenses of the trip, just as a private individual must do under like circumstances.

When I was in Paris last summer, my attention was drawn, by a very intelligent Frenchman who had travelled in Canada, to the great superiority of our practice, among other things, in living within the appropriations, and especially in conforming to them in character. In France what are called 'virements' are common, the 1,000,000 francs voted for a popular purpose

is made to take the place of the 100,000 francs voted for a less popular objeet. Then, as it takes two or three years to prepare the accounts, and as many more to audit them and report upon them, and, as the governments change so frequently, all interest in the matter is lost by the eulprit having ceased to exist before his crime is made publie.

One need not say that under British institutions the beneficent purpose of keeping the eontrol of expenditure in the hands of Parliament is greatly served by insisting upon a clear definition of the kind of expenditure whieh the appropriation is to cover and by following the definition elosely in the expenditure.

The chains that bind a people are riveted under popular rulers just as irregularities slip into our practices to benefit useful offieials, but onee the irregularities get there it is hard to remove them. I hope that you will see that there is some reason for not persisting in an effort to have private travelling expenses made a charge against a living allowance appropriation restricted in express terms to a provinee whieh is not the one in which the travelling is being done.

I am, sir, your obedient servant,

The Deputy Minister of Justice. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF JUSTICE, OTTAWA, December 27, 1901.

SIR,—Referring to your letter of 26th instant, respeeting the living allowanee of Mr. Justiee Craig, you told me by letter of 19th ultimo that you had really not deeided against the allowance, although you had declined in the meantime to pass it, and you invited a statement of reasons why you should pay the allowanee. I stated in reply my opinion that the judge was entitled, and that there was parliamentary authority for the payment, whieh I supposed ought to have satisfied the legal requirements of the ease, but thinking that perhaps some other eonsideration might additionally appeal to you I mentioned medieal treatment and travelling expenses, not as affeeting the question of legal liability, but intending thereby to suggest what I think is reasonable that Parliament, in providing this living allowanee for the Yukon judges, had regard not only to the excessive eost of ordinary living there, but also the unusual expenditure to whieh a judge might be subjeet in respect of medieal attention and travelling out and in, made neeessary by rigours of the elimate. This suggestion in the result seems to have been unfortunate, beeause it has led you away from the point at issue, and to the assertion that my submission of the ease for the adjudieation of the Treasury Board is an effort to have private travelling expenses made a eharge against an appropriation for living allowanee. The reasons which influenced Parliament in providing the allowanee are, of course, matters of speculation not affeeting the legal position, and if you do not agree that Parliament had in view the eonsideration which I suggest, it makes the probability of settling this matter without referenee to the Treasury Board so much the more remote, but it in no wise affects Judge Craig's right to his allowance.

I do not agree with your construction of the words of the Supply Aet whieh you quote. They authorize payment of living allowances, but do not exclude anything. It is one of these living allowanees which I ask you to pay.

I think, with all respect, that the wharfs of Nova Seotia, the destitute Indians of the North-west, the very intelligent Frenehman, the *virements* and culprits, and the chains and rivets, to which you refer, all very interesting subjects in themselves, no doubt, are quite foreign to my application.

If you are not disposed to authorize the payment, I hope you will not delay the submission to the Treasury Board. All I ask is a decision by the competent tribunal.

I am, sir, your obedient servant,

The Auditor General. E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, January 2, 1902.

SIR,—I return herewith Treasury Board file No. 28527, with reference to the payment of a living allowance to Judge Craig. I have not declined to certify payment of this allowance. Although there has been considerable correspondence on the subject, I have not received an application for the payment of any particular amount.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF JUSTICE, OTTAWA, June 9, 1902.

SIR,—Referring to my letter of 19th ultimo, with regard to Judge Craig's living allowance, I have the honour to inform you that I have just received a letter, dated 8th ultimo, from Judge Craig, urging that the allowance be paid immediately, as he is very much in need of the money. I trust, therefore, that you will lose no time in complying with the statutory requirements so that the case may be disposed of by the Treasury Board at its next meeting.

I am, sir, your obedient servant,

The Auditor General. E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, June 12, 1902.

SIR,—I beg to acknowledge the receipt of your letter of the 9th instant, in reference to Judge Craig's living allowance. I also had a letter from Judge Craig on this subject. At one time I supposed that the Treasury Board meetings might cease with the departure of the Prime Minister and his colleagues for London, to attend the Colonial Conference. I have since learned that this is not the case.

The matter of living allowance has been complicated by another element entering into the question. I happened to be in the House of Commons when the living allowances were discussed there. The Opposition last session took the ground that the living allowance should cover everything, and therefore that house accommodation, fuel, light, &c., should be provided by the judges themselves and not by the government. Several members of the Opposition took part in the criticism, and held that the government was responsible for the improper payments, as it seemed to them, but one member held that it was the Auditor General who had neglected his duty. So far as the Minister of Public Works is concerned, his contention was that whatever he had done in making payments was done at the request of the Minister of Justice. This seemed to throw the responsibility on the Department of Justice, but a responsibility which the Minister of Justice seemed unwilling to assume. Therefore, no Minister, in the meantime, has assumed the responsibility, and I am not clear that the government has.

I really have not sufficient information to deal with this question. Without knowing more, my duty seems to be to call upon the judges to repay the amount expended

on their behalf. I expect to see the Minister of Public Works shortly in connection with this question. No matter whether this question has been pending a long or short time, it seems necessary that it should remain unsettled until the matter of which I have been speaking takes a more definite shape.

I am, sir, your obedient servant,

The Deputy Minister of Justice. J. L. McDOUGALL, *A.G.*

JUSTICE DEPARTMENT, OTTAWA, August 21, 1902.

SIR,—I find your letter of 12th June last with respect to Judge Craig's living allowance awaiting reply upon my return to Ottawa.

You first called my attention to the propriety of paying this living allowance on September 19 last, nearly a year ago. You withheld the payment for the months of October and November of last year, and I suppose also for the subsequent months until Judge Craig returned to his jurisdiction. Your ground for so doing was that Judge Craig was not entitled to be paid living allowance during his absence from the Yukon Territory. As I did not agree with your view, I appealed to the Treasury Board in December last. Afterwards we had some further correspondence, discussing the case, but, failing to reach an agreement, I urged you to make the necessary report so that the Treasury Board might determine the objection. The report has not, however, been made, and for the reason, as I understand your letter of June 12, that you heard a discussion in the House of Commons at the last session, in which the Opposition claimed that a judge's living allowance should cover his house accommodation, fuel, light, &c., and that these should not be provided in addition by the government, one member holding that you had neglected your duty in this regard. You state further that the Minister of Public Works contended that whatever he had done in making payment was done at the request of the Minister of Justice, that the Minister of Justice, however, seemed unwilling to assume this responsibility, and, therefore, you are not clear that the government has assumed it. Therefore, you propose to call upon the judges to repay the amount expended on their behalf, and you state that it is necessary that the matter should remain unsettled until it takes a more definite shape. This latter observation seems to be obvious enough, but what I have been urging is that there has been undue delay in submitting the questions in difference to the determination of the statutory tribunal. Until you heard the discussion in the House to which you refer the only objection was with regard to the judge's absence from the territory, and the alleged discussion which you heard months afterwards does not, of course, justify the delay from December until the time when it took place. Since you consider, however, that the statements made during the debate afford additional reason for not paying the living allowance, you are no doubt now entitled to rely upon them. I can only say that I have no knowledge or information except that contained in your letter as to any additional payments in respect of house accommodation, fuel, light, or otherwise, having been made by the Public Works Department or any other department on account of Judge Craig's maintenance, and I do not agree that your letter states any sufficient reason for withholding the living allowance which the government agreed to pay, and which, as I have stated, was, in my view, earned months ago. The Treasury Board, however, has authority to determine all these objections, and it seems to me clear that if you rely upon them you should embody them in your report, which, in view of the time which has already elapsed, should be submitted immediately. Doubtless you have now had an opportunity of seeing the Minister of Public Works, and of obtaining the information which you desired when writing on June 12.

I urge again, therefore, that you report to the Treasury Board, as required by statute, without further delay.

I am, sir, your obedient servant,

The Auditor General. E. L. NEWCOMBE, *D.M.J.*

JUSTICE DEPARTMENT, OTTAWA, October 17, 1902.

SIR,—I have received a letter, dated 15th instant, from the Secretary of the Treasury Board, from which I infer that he entertains some doubt as to whether there is a proper application before you for payment of Judge Craig's living allowances. I understand that the correspondence which has taken place amounts to an application for payment of such living allowances for the months of October, November, December, January and February last, and any other period during Judge Craig's leave of absence for which the allowance was not paid, and that up to the present time you have declined to make any payment for any portion of this period. While I do not think that there is any doubt as to the effect of the correspondence upon this point, in view of Mr. Courtney's letter I write to state that I consider there is a proper request for payment before you, but in case the delay is in anywise caused by your holding a different view, I desire that this communication shall be regarded as a formal request for the issue of a cheque for the amount of living allowance withheld.

I am, sir, your obedient servant,

The Auditor General. E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, October 25, 1902.

SIR,—In reply to your letter of the 17th inst., regarding the living allowance to Judge Craig for the months of October, November, December, January and February last, I beg to say that I decline to pass the allowance. It will probably be as well for me now not to go farther into the merits of the case, as it will all come up on your appeal to the Treasury Board.

* * * * * * *

I am, sir, your obedient servant,

The Deputy Minister of Justice. J. L. McDOUGALL, *A.G.*

JUSTICE DEPARTMENT, OTTAWA, November 12, 1902.

SIR,—Referring to your letter of the 12th instant, with reference to Judge Craig's living allowance, I am to state what I considered was sufficiently understood, that by the direction of the Minister of Justice I have appealed to the Treasury Board from the refusal of the Auditor General to payment of living allowance to Judge Craig for months of October, November and December, 1901, and January and February, 1902, and any other period during Judge Craig's leave of absence for which the living allowance was not paid.

I am, sir, your obedient servant,

The Deputy Minister of Finance. E. L. NEWCOMBE, *D.M.J.*

TREASURY BOARD, OTTAWA, November 15, 1902.

SIR,—I have the honour to forward to you herewith Treasury Board file No. 28527, being appeal by the Department of Justice from your objection to the payment of the living allowance to Judge Craig for the months of October, November and December, 1901, and the months of January and February, 1902, and any other period during Judge Craig's leave of absence for which the allowance was not paid.

I have to request that you will be good enough to advise me, for the information of the Treasury Board, as to the nature and ground of your objection to the payment in question, and also as to the section and clause of the Consolidated Revenue and Audit Act under which such objection is taken. I shall also be glad to receive any remarks which you may wish to offer in connection with the subject.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, December 11, 1902.

SIR,—I beg to acknowledge the receipt of your letter of the 15th ultimo, which accompanied Treasury Board file No. 28527, containing an appeal by the Department of Justice from my objection to the payment of the living allowance to Judge Craig for the months of October, November, December, 1901, January and February, 1902, and for any other period during Judge Craig's leave of absence for which the allowance was not paid.

One ground of my objection is that Judge Craig was out of the Yukon from the beginning to the end of that period, and the living allowance is not made to a judge for any other place. It is made there because of the unusual expenses which living entails in the Yukon, and naturally is supposed to cease when the judge is not put to the extra expense.

I inclose a copy of a discussion which took place in the House on May 5 last, with reference to other outlay by the government at Dawson, which had been considered by the judges as perquisites. These are mainly expenditures for rent, fuel and light. The remarks made by leading members of the Opposition indicated that it was very unsatisfactory that any expenditure, outside of the amount authorized as living allowance, should have been made by the government. Those who entered into the discussion on the part of the government do not seem to have successfully met the strictures of their opponents.

I would refer you particularly to the remarks of the Minister of Justice, which show very clearly the Minister's view that there was no authority for giving the judges anything more than the amounts specially voted for their living expenses. The Minister of Public Works says that whatever was furnished to the judges was so furnished at the request of the Minister of Justice of the day; but, so far as I can see, that does not alter the position of the question at all. Neither had the Minister of Justice any right to authorize this expenditure, nor had the government as a whole the right. If it is necessary to vote money before it can be, not merely properly spent, but before it can be authorized for a particular purpose, it surely cannot be permissible to transfer to the use of any person what has required money to obtain. In fact, it seems really not to justify the using of words to deal with so plain a proposition.

On the face of it, there is no reason why the judges, who are apparently enjoying otherwise all that Parliament thought was sufficient to pay their living expenses, and which the judges themselves accepted as such, should receive through the departments additional sums for this purpose.

Whether the objection which I have raised as to the living allowance not being justified during the time that the judge was out of the Yukon district is considered good or not, the fact that Judge Craig has received already from the government $1,484.13 in 1900-1, as shown on V—49 of the Audit Office Report, and in 1901-2 $730.55, in all $2,214.68 for the two years, besides his salary and regular living allowance, shows that he is not entitled to $1,250, the only amount of his money in the hands of the government, even if, on the other view of the case just mentioned, the government considers he is entitled to the living allowance for the time during which he was absent from the Yukon.

I now find it is quite true that Judge Dugas has had a much larger amount from the government for his private purposes, without having surrendered any part of his living allowance for it. He, of course, is quite equally responsible for the repayment of what he had, and I am taking steps to cause the repayment.

A judge, so far as his salary is concerned, is manifestly in the same position as any other person who draws public money for the performance of certain duties. If he may receive any amount which he chooses to demand for his own personal needs, even if it is only what is used for his comfort, instead of through the medium of money, then any other public servants may do the same, and if all public servants, why not anyone else?

My objections are under Sections (a) and (c) of Section 32, Consolidated Revenue and Audit Act.

Your file is returned herewith.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, January 13, 1903.

SIR,—I inclose herewith a copy of a letter just received from Judge Craig, of the Yukon, as it may affect the consideration of his case, as well as that of Judge Dugas.

I am, sir, your obedient servant,

The Deputy Minister of Justice. J. L. McDOUGALL, *A.G.*

JUDGE'S CHAMBERS, COURT HOUSE,
DAWSON, December 16, 1902.

DEAR SIR,—I did not reply to your previous letter regarding the retention of my living allowance, &c., because I hoped that something would be done without any further application on my part, and really because I was too busy to attend to the matter properly. I wrote to the Minister of Justice twice, but received no reply. I directed his attention to the fact that I was the only one of all the officials drawing a living allowance whose allowance had been docked while on the outside, although several that I am aware of have been outside and their living allowance paid in full while out, not to speak of the two judges, one of whom went out before me and one after me, both of whom were paid in full. I cannot understand what I have done, or how I stand in a different position to any of these gentlemen, and why the distinction and discrimination should be made. I am getting somewhat weary of the delay, but I propose to wait a little longer before taking any definite action.

Regarding what you say about retaining this money as a set-off against extra allowance drawn in the way of wood and light, I have only this to say: I think each thing should stand upon its own bottom. I am quite prepared on legal as well as

moral grounds to fight any action to make me repay anything to the government for wood or light. I have an absolute legal defence in this : When I came into this territory no provision was made for even a court room for me; there was no room in which I could sit down to write my judgments or sign an order. Judge Dugas occupied the rear, back and upstairs of the old log building which was used as a court house. There was one room in which the few books of the territory were kept, and which he and his family occupied as a private sitting room. This room, of course, was wholly unavailable to me; I was therefore on the street, actually and figuratively. A vacant house belonging to the police was on the barracks square, and this I got permission to use from the Commissioner. One-half of this I converted into legal chambers, where I put my library, and in which I sat and did my legal work, which was used by the lawyers constantly, both in coming to me for their work in chambers and as a room in which to read and use my books. This room was kept clean by my private servant, paid out of my own pocket. The wood and light which was made so much of in Parliament last session—two-thirds of it went to heat and light this very room; the other third, of course, was used in heating the other part of the house, which I occupied. The stove which Mr. Borden spoke of in his speech was a stove got to heat this room for the public use, which stove is now stored somewhere about the buildings here. This state of affairs continued up to the time I returned this spring, so that you see I have an absolute answer to the demand for the refund. Apart from that, I did not ask for the wood. I at first objected that so far as my private wood was concerned, I had no right to it, but I was assured by the acting superintendent of public works that I was entitled to it, and that he had orders to carry it over to me. I burnt coal oil for some time in the house, but the manager of the electric light works told me he had instructions to put the light in for me. It had been so done for others by order of the Commissioner. I warned him that I was not liable, and would not pay, and he took his own chances of getting his money, and he did so. One-third of that light I used afterwards in my private house. The balance, as I said before, was used in the public service. To show how little was done for me when I came in here, I may tell you as a fact that I could not obtain a table, chairs, ink-bottle or a pen with which to do my ordinary public work; absolutely no one to give me these things, and I had to buy them out of my own pocket. I have not asked for any refund for this, although the prices of carpenter work in the Yukon were ten times outside prices. I did obtain some shelves for my books after having to go on my knees for them. I think the department and you yourself, sir, should consider the conditions in here when I came in, and even after, were so entirely different from those on the outside, that these extra things should have been allowed and provided. I may tell you as a fact that when I came here I could not obtain any shelter, or a house of any kind but the one I got, which was a government house. The only alternative was living in a hotel, in a room about 5 x 8, without any comforts, where your next-door neighbour, with a thin board partition and open cracks, might be a common prostitute. All these things are unknown on the outside and were unprovided for. I am quite satisfied with the present arrangements, the only reasonable and fair way of working things—to pay us a liberal salary and allow us to provide everything for ourselves. But under the old arrangement, and under the old cost of living, the salary then paid was wholly inadequate to keep one alive in decent condition. My two years' life in the Yukon has left me considerably in debt after exercising the very closest economy.

I shall not trouble you or the department any further on this matter, but I shall not submit to being held up to the House of Commons as a grafter without having the facts fully laid before the House, and as you refer me to those debates in your reply, I may say I was amazed to see that so little information was available in answer to the charges of the Opposition, when I had repeatedly given such information with the very greatest detail.

I am, sir, your obedient servant,

The Auditor General.

JAS. CRAIG, *Judge.*

DEPARTMENT OF JUSTICE, OTTAWA, December 20, 1902.

SIR,—Referring to your letter of the 16th instant, inclosing Treasury Board file No. 28527, in connection with my appeal from the refusal of the Auditor General to pay Mr. Justice Craig's living allowance for the months of October, November and December, 1901, and January and February, 1902, you point out that the Auditor General's objections are under subsections (*a*) and (*c*) of section 32 of the Consolidated Revenue and Audit Act, and you inquire whether in the opinion of the Attorney General there is parliamentary authority for the payment in question, and ask me to cite such authority.

In reply, I am directed to state that the Attorney General is of opinion that parliamentary authority exists for the payment in question, and that such authority is to be found in the Supply Act, 1 Edward VII., Chapter 2, Schedule B, under the words 'Living allowances of judges, $6,000.' Papers returned herewith.

I am, sir, your obedient servant,

The Secretary, Treasury Board. E. L. NEWCOMBE, *D.M.J.*

FINANCE DEPARTMENT, OTTAWA, December 24, 1902.

The undersigned has the honour to report that he is in receipt of a letter under date of November 12, 1902, from the Deputy Minister of Justice, appealing, by direction of the Minister of Justice, from the refusal of the Auditor General to payment of living allowance to Judge Craig for months of October, November and December, 1901, and January and February, 1902, and any other period during Judge Craig's leave of absence for which the living allowance was not paid, and as on reference of the letter in question and the accompanying correspondence to the Auditor General it appears that he takes objection to the payment of the living allowance under subsection (*c*) of section 32 of the Consolidated Revenue and Audit Act, this report is submitted in accordance with such subsection.

Judge Craig is a judge of the Territorial Court of the Yukon Territory, and as such is paid a living allowance of $250 a month. By an Order in Council dated June 25, 1901, he was on account of ill-health granted leave of absence from his judicial duties during the winter vacation.

The Auditor General, as will be seen from his letter of December 11, 1902, for the reasons therein set forth, refuses to sanction the payment of the living allowance during the period Judge Craig was absent from the Yukon, on the ground that the allowance is not payable to the judge when he is absent from the Yukon Territory.

He further contends that Judge Craig has received certain perquisites, namely, rent, fuel and light, to which he is not entitled, the amount being, according to the Auditor General, $1,484.13 in 1900-1 and $730.55 in 1901-2, in all $2,214.68 for the two years, besides his salary and regular living allowance, which the Auditor General contends shows that he is not entitled to $1,250, the only amount of his money in the hands of the government, even if the government considers he is entitled to the living allowance for the time during which he was absent from the Yukon.

As the Auditor General also took objection under subsection (*a*) of section 32 of the Consolidated Revenue and Audit Act, namely, that there is no parliamentary authority for the payment, the Deputy Minister of Justice, in a letter under date of December 20, 1902 (copy annexed), states that the Attorney General is of opinion that parliamentary authority exists for such payment, and that such authority is to be found in the Supply Act, 1 Edward VII., Chap. 2, Schedule B, under the words 'Living allowances of judges, $6,000.'

Respectfully submitted,

The Honourable the Treasury Board. J. M. COURTNEY, *D.M.F.*

Treasury Board Minute, February 24, 1903.—The Board had under consideration a letter under date of November 12, 1902, from the Deputy Minister of Justice, appealing, by direction of the Minister of Justice, from the refusal of the Auditor General to pay Judge Craig living allowance for the months of October, November and December, 1901, and January and February, 1902, and any other period during Judge Craig's leave of absence for which the living allowance was not paid.

Judge Craig is a judge of the Territorial Court of the Yukon Territory, and as such is paid a living allowance of $250 a month. By an Order in Council dated June 25, 1901, he was, on account of ill-health, granted leave of absence from his judicial duties during the winter vacation, and the Auditor General, as will be seen from his letter of December 11, 1902 (copy annexed), for the reasons therein set forth, refuses to sanction the payment of the living allowance during the period Judge Craig was absent from the Yukon, on the ground that the allowance is not payable to the judge when he is absent from the Yukon Territory.

The Auditor General further contends that Judge Craig has received certain perquisites, namely, rent, fuel and light, to which he is not entitled, the amount being, according to the Auditor General, $1,484.13 in 1900-1 and $730.55 in 1901-2, in all $2,214.68 for the two years, besides his salary and regular living allowance, which the Auditor General contends shows that he is not entitled to $1,250, the only amount of his money in the hands of the government, even if the government considers he is entitled to the living allowance for the time during which he was absent from the Yukon.

The Board had also under consideration a report from the Deputy Minister of Finance under date of December 24, 1902 (copy annexed), submitted in accordance with subsection (*c*) of section 32 of the Consolidated Revenue and Audit Act, and also a letter under date of December 20, 1902 (copy annexed), from the Deputy Minister of Justice, in which he states that the Attorney General is of opinion that parliamentary authority exists for such payment, and that such authority is to be found in the Supply Act, 1 Edward VII., Chapter 2, Schedule B, under the words 'Living allowances of judges, $6,000.'

The Board, after careful consideration of the above letters and report, and of all other papers in connection with the case, are of opinion that the objections of the Auditor General are not well taken and should be over-ruled, and they direct that Judge Craig be paid his living allowance for the months above specified and for such other period during his leave of absence for which the living allowance was not paid.

J. M. COURTNEY, *Secretary.*

Trade and Commerce : Supervision and Certificate *re* Bounty on Iron and Steel.

(For Correspondence with Department of Trade and Commerce, see Audit Report, 1901-2, pages Y—11 to Y—19.)

TREASURY BOARD, OTTAWA, April 8, 1903.

SIR,—I have the honour to inclose herewith Treasury Board file No. 30620, being an appeal by the Department of Trade and Commerce from your objections in connection with the payment of outstanding claims for bounty on pig iron and steel manufactured by the Dominion Iron and Steel Co., the Hamilton Steel and Iron Co., and the Nova Scotia Steel and Coal Co., and I have to request that you will be good enough to advise me at as early a date as possible, for the information of the Treasury Board, as to the nature and ground of your objections to the payments in question, and also as to the section and clause of the Consolidated Revenue and Audit Act under which such objections are taken.

I will also be glad to receive any remarks you may wish to make in reference to the subject.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, April 24, 1903.

SIR,—I beg to acknowledge the receipt of your letter of the 8th instant, which accompanied Treasury Board file 30620, an appeal from my decision in connection with outstanding claims for bounty on pig iron and steel manufactured by the Dominion Iron and Steel Co., the Hamilton Steel and Iron Co., and the Nova Scotia Steel and Coal Co.

In connection with bounty by the Dominion on iron and steel products, there are four points to be determined, and they are of great importance, as the magnitude of the various products brings up the sums involved to millions. The policy of the Dominion is one of generosity ; but the officials who have to pass on bounty earned have no more to do with that branch of the subject than they would have if, instead of paying out money, it were a case in which money had to be collected.

There is : First, bounty on cold pig; second, bounty on molten pig; third, in connection with the bounty on steel, the determination that at least 50 per cent of the charge is pig iron made in Canada, and fourth, there is bounty on steel.

With regard to the quantity of cold pig which as such leaves its place of manufacture, all proof of quantity which seems required is easily supplied by evidences of sale to others.

With reference to molten pig, the charges for the steel furnaces and the quantity of steel made as shown by the ingots as they come from the steel furnaces, if we do as it is now proposed by the Department of Trade and Commerce that we should do, we must rely entirely, without even a test audit, on the book entries of those whose interests would tend to induce them to magnify the amount on which bounty would be payable. The bounty paid for the twelve months which ended on December 31 in the several establishments was as under:

	Pig iron.	Puddled iron bars.	Steel ingots.
	$	$	$
Midland and Radnor	82,828 67	....	....
Deseronto	18,500 90	....	....
Sydney	399,549 64	....	303,782 15
Buckingham	168 30	....	....
Hamilton	153,755 39	16,630 67	52,516 50
Drummondville	4,881 87	....	....
Ferrona and Trenton	48,164 60	....	48,445 67
	707,849 37	16,630 67	404,744 32

Total	$707,849 37	
	16,630 67	
	404,744 32	
		$1,129,224 36
While the amount paid for supervision was		2,276 54

This must be a question of money only, and there would be only $1 for supervision to $500 for bounty if the government paid the supervision.

There ought to be a report from each officer as to what it would cost to provide complete information, and what it would cost for such information as he would consider advisable, if the former would in his opinion be too expensive.

I may say that in the interest of the Dominion, if millions are being spent, we should make the small expenditure for supervision, if it is at all possible.

In this connection, let me say that, for the sole purpose of being satisfied that the information provided by the Dominion representatives at the different smelters is reliable, we should pay our own employees, not only in the first instance, but we should not require the companies to return it. If the Dominion can afford to make the large bounty payments, it will manage to exist and pay the comparatively small salaries of the Dominion officials.

How will it suit the reputation of the Dominion Government with the taxpayers of the country that with those who are to receive millions of Dominion taxes is left entirely the determining of how much it is to be?

Is it ever to the interest of the stockholders of the smelting companies, who are to receive the millions, that is, if the smelting companies want nothing but what is legally due to them, that it should be known that there is no control on the part of the Dominion?

It does appear to me that section 33, with regard to material supplied, applies to me in this case, and that there is good ground for my declining to pass these bounty claims under Section 32, subsections (*a*) and (*c*).

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

FINANCE DEPARTMENT, OTTAWA, April 25, 1903.

SIR,—I have the honour to inclose herewith Treasury Board file No. 30620, in connection with the appeal by the Department of Trade and Commerce from the decision of the Auditor General in regard to the payment of outstanding claims for bounty on pig iron and steel manufactured by the Dominion Iron and Steel Co., the Hamilton Steel and Iron Co., and the Nova Scotia Steel and Coal Co.

From the letter of the Auditor General of the 24th instant, herewith, you will notice that his objections are under sections (*a*) and (*c*) of section 32 of the Audit Act, and I have to request that you will be good enough to advise me, for the information of the Treasury Board, whether, in the opinion of the Attorney General of Canada, there is parliamentary authority for the payments in question, citing such authority, if any, or whether in his opinion the objections of the Auditor General are well founded.

I am, sir, your obedient servant,

The Deputy Minister of Justice. J. M. COURTNEY, *Secretary.*

TREASURY BOARD, OTTAWA, May 7, 1903.

SIR,—Referring to your letter of 24th ultimo, in the matter of the appeal by the Department of Trade and Commerce from your decision in connection with outstandnig claims for bounty on pig iron and steel manufactured by the Dominion Iron and Steel Co., the Hamilton Steel and Iron Co., and the Nova Scotia Steel and Coal Co., I have to say that as the objection was partly taken under clause (A) of the Audit Act, the papers were forwarded to the Department of Justice on the 25th ultimo, and I am to-day in receipt of a letter from that department, dated 6th instant, a copy of which I

inclose, in which it is stated that the information furnished by the papers is not complete—that it does not appear from them what is the form of certificate which you object to as insufficient. The Department of Justice, as appears by their letter, would like to be informed, also, whether there are any regulations with respect to the officers who give the certificates, and their duties.

I shall be glad if you will let me have the applications made by the Department of Trade and Commerce for the payment of bounty, together with all papers and certificates accompanying the same, so that I may send them to the Department of Justice. I shall also be glad to receive any remarks you may wish to make in respect of the matters referred to in the said letter from the Department of Justice.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

JUSTICE DEPARTMENT, OTTAWA, May 6, 1903.

SIR,—I have the honour to acknowledge the receipt of your letter of the 25th ult., —No. 30620 Treasury Board—and in reply beg to state that the information furnished by the papers which accompanied your letter is not complete. It does not appear from them what is the form of certificate which the Auditor General objects to as insufficient. I should like to be informed also whether there are any regulations with respect to the officers who give the certificates, and their duties. Papers returned herewith.

I am, sir, your obedient servant,

The Secretary, Treasury Board. A. POWER, *for D.M.J.*

AUDIT OFFICE, OTTAWA, May 11, 1903.

SIR,—I have your letter of the 7th instant, containing that of A. Power, for Deputy Minister of Justice.

I object to the fact that the government official who alone of Dominion officials has any knowledge of the weight of the iron or steel made, has it only from the books of the makers, when by the 33rd section of the Audit Act he ought to have it by his own knowledge.

I further contend that no less general Act, as the Bounty Act, could be intended to amend the Consolidated Revenue and Audit Act in any particular, unless the less general Act expressly said so, and therefore, that the 33rd section, Consolidated Revenue and Audit Act, applies. It is for the Trade and Commerce Department to show that it is impossible to follow the requirements of the Audit Act, and move Parliament to have the opinions of that department legalized.

I do not look into the regulations, because no regulations made by the government could remove a disability established by Parliament.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

TREASURY BOARD, OTTAWA, May 12, 1903.

SIR,—I am in receipt of your letter of 10th instant, in reply to mine of 7th instant, in reference to claims for bounty on pig iron and steel manufactured by certain companies, and I shall be glad if you will be good enough to let me have, as requested in

my letter of 7th instant, the applications made by the Department of Trade and Commerce for the payment of the bounty in question, together with all papers and certificates accompanying the same, in order that I may forward them to the Department of Justice as soon as possible.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, May 13, 1903.

SIR,—As requested in your letter of the 12th instant, I beg to inclose herewith two applications made to this office for bounty claims—one for bounty on molten pig iron, and one for bounty on steel ingots.

You will notice that these claims belong to the fiscal year 1901-2, but they cover claims which form part of the reference to the Treasury Board. The certificate given by the government officer will be found at the bottom of the first page.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

TREASURY BOARD, OTTAWA, May 14, 1903.

SIR,—In reply to your letter of 6th instant, asking for further information in connection with the case of claims for bounty on iron and steel, I now have the honour to inclose herewith copies of my letters of 7th and 12th instant to the Auditor General, and also his replies thereto of 11th and 13th instant, together with the inclosure referred to in his letter of the latter date.

I am informed by the Deputy Minister of Trade and Commerce that the only regulations are those in the printed circular dated July 12, 1901, attached to the papers returned herewith.

I am, sir, your obedient servant,

The Deputy Minister of Justice. J. M. COURTNEY, *Secretary.*

JUSTICE DEPARTMENT, OTTAWA, May 18, 1903.

SIR,—Replying to your letters of the 25th ultimo and the 14th instant, with respect to the appeal by the Department of Trade and Commerce from the decision of the Auditor General in regard to the payment of outstanding claims for bounty on pig iron and steel manufactured by the Dominion Iron and Steel Company, the Hamilton Steel and Iron Company, and the Nova Scotia Steel and Coal Company, I beg to state as follows:—

The Auditor General takes the ground that the government officers at the several establishments claiming bounty should give the certificate prescribed by section 33 of the Consolidated Revenue and Audit Act, and that the certificate which they give does not comply with that section. He also points out that the certificate given is based on book entries of the companies instead of, as he thinks it should be, upon personal knowledge of the facts to which these officers certify.

I think it is clear that section 33 has no application to these payments, which cannot be said to be in respect of work performed in connection with any part of the public service of Canada, or in respect of material supplied in connection with any part of that service, and it is only to such payments that section 33 applies. The

claimants are entitled to be paid if they have furnished the evidence required by the regulations made under the Acts respecting bounties on steel and iron made in Canada. No certificate from the officers is exigible except in so far as the Minister of Trade and Commerce has required it, pursuant to those regulations, as corroborative evidence.

I do not understand that there is any question that the claimants have fully complied with the regulations, and I am therefore of opinion that they are entitled to be paid, and that the Acts above referred to afford parliamentary authority for such payment.

The Minister of Justice concurs in this opinion. Papers returned herewith.

I am, sir, your obedient servant,

The Secretary, Treasury Board. E. L. NEWCOMBE, *D.M.J.*

FINANCE DEPARTMENT, OTTAWA, May 28, 1903.

The undersigned has the honour to report that as Secretary of the Treasury Board he received a letter, under date of April 7, 1903, from the Deputy Minister of Trade and Commerce, inclosing for submission to the Treasury Board correspondence with the Auditor General with reference to outstanding claims for bounty on pig iron and steel manufactured by the Dominion Iron and Steel Company, the Hamilton Steel and Iron Company, and the Nova Scotia Steel and Coal Company, and stating that the Auditor General has objected to the payment of the claims, taking the ground that the regulations as per Order in Council governing the payment of such bounty, and which in effect form a portion of the Act, are not sufficiently stringent to meet his views.

On the papers being referred to the Auditor General, that officer states that there is good ground for his declining to pass these bounty claims under section 32, subsections (*a*) and (*c*) of the Audit Act, and this report is submitted in accordance with the provisions of said subsection (*c*).

The objections of the Auditor General and his reasons therefor are set forth in his letters of April 24 and May 11, 1903, and the attention of the Board is specially directed to these letters.

The Deputy Minister of Justice, in a letter to the undersigned, under date of May 18, 1903, states as follows:—

'The Auditor General takes the ground that the government officers at the several establishments claiming bounty should give the certificate prescribed by section 33 of the Consolidated Revenue and Audit Act, and that the certificate which they give does not comply with that section. He also points out that the certificate given is based on book entries of the companies instead of, as he thinks it should be, upon personal knowledge of the facts to which these officers certify.

'I think it is clear that section 33 has no application to these payments, which cannot be said to be in respect of work performed in connection with any part of the public service of Canada, or in respect of material supplied in connection with any part of that service, and it is only to such payments that section 33 applies. The claimants are entitled to be paid if they have furnished the evidence required by the regulations made under the Acts respecting bounties on steel and iron made in Canada. No certificate from the officers is exigible except in so far as the Minister of Trade and Commerce has required it, pursuant to those regulations, as corroborative evidence.

'I do not understand that there is any question that the claimants have fully complied with the regulations, and I am therefore of opinion that they are entitled to be

paid, and that the Acts above referred to afford parliamentary authority for such payment.

'The Minister of Justice concurs in this opinion.'

Copies of the correspondence with the Auditor General and the Deputy Minister of Justice since April 7, 1903, are annexed as under:

To Auditor General, April 8; from Auditor General, April 24; to Justice, April 25; from Justice, May 6; to Auditor General, May 7; from Auditor General, May 11; to Auditor General, May 12; from Auditor General, May 13; to Justice, May 14; from Justice, May 18.

Respectfully submitted,

To the Honourable the Treasury Board. J. M. COURTNEY, *D.M.F.*

Treasury Minute, June 13, 1903.—The Board had under consideration the papers in connection with an appeal made to the Board for a decision as to objections taken by the Auditor General to the payment of claims for bounty on pig iron and steel manufactured by the Dominion Iron and Steel Company, the Hamilton Steel and Iron Company, and the Nova Scotia Steel and Coal Company.

The Board had also under consideration letters from the Auditor General of April 24 and May 11, 1903, setting forth the reasons for his objections, and stating that they are taken under section 32, subsections (*a*) and (*c*) of the Consolidated Revenue and Audit Act.

The Board had also under consideration a letter from the Deputy Minister of Justice, under date of May 18, 1903, in which he states as follows:—

'The Auditor General takes the ground that the government officers at the several establishments claiming bounty should give the certificate prescribed by section 33 of the Consolidated Revenue and Audit Act, and that the certificate which they give does not comply with that section. He also points out that the certificate given is based on book entries of the companies instead of, as he thinks it should be, upon personal knowledge of the facts to which these officers certify.

'I think it is clear that section 33 has no application to these payments, which cannot be said to be in respect of work performed in connection with any part of the public service of Canada, or in respect of material supplied in connection with any part of that service, and it is only to such payments that section 33 applies. The claimants are entitled to be paid if they have furnished the evidence required by the regulations made under the Acts respecting bounties on steel and iron made in Canada. No certificate from the officers is exigible except in so far as the Minister of Trade and Commerce has required it, pursuant to those regulations, as corroborative evidence.

'I do not understand that there is any question that the claimants have fully complied with the regulations, and I am therefore of opinion that they are entitled to be paid, and that the Acts above referred to afford parliamentary authority for such payment.

'The Minister of Justice concurs in this opinion.'

The Board had also under consideration a report by the Deputy Minister of Finance, under date of May 28, 1903, submitted in accordance with the provisions of subsection (*c*) of said section 32 of the Consolidated Revenue and Audit Act.

The Board are of opinion that the objections of the Auditor General are not well taken, and should be over-ruled, and they direct that payment be made of the claims in question.

J. M. COURTNEY, *Secretary.*

Railways and Canals: Delegation of Chief Engineer's powers, *re* Claims of Corry & Laverdure, Trent Canal Contract.

AUDIT OFFICE, OTTAWA, December 17, 1902.

SIR,—Let me acknowledge receipt of your application No. 272, for $56,000 in favour of Corry & Laverdure, marked: 'In part payment for work done, &c., under estimate 73, up to October 31, 1902.'

The progress estimate No. 73 carries the following certificates:—

By Suptg. Engineer R. B. Rogers: 'I hereby certify to the correctness of the aforegoing estimate in accordance with the report of the expert engineers hereunder mentioned.'

By Chief Engineer Collingwood Schreiber: 'In certifying the aforesaid estimate to be correct, I do so as regards all the items on page 8, except item B, in view of the report of the three expert engineers, made upon their personal examination of the works and the hearing of evidence with respect thereto.'

By Check Clerk G. A. Mothersill: 'I hereby certify to the correctness of the foregoing estimate in accordance with the report of the expert engineers mentioned.'

When forwarding the application and estimate to this office, a copy of the report of the expert engineers should have been attached. Please rectify this omission.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

DEPT OF RAILWAYS AND CANALS, OTTAWA, December 24, 1902.

SIR,—In compliance with the request contained in your communication of the 17th instant, I have the honour to inclose herewith, for your information, a certified copy of the report, dated January 18 last, of the expert engineers appointed to inquire into the claims preferred by Messrs. Corry & Laverdure, in connection with their contract for Section No. 2, Peterborough-Lakefield Division, of the Trent Canal, together with a certified copy if the agreement, dated September 12, 1901, entered into between the Chief Engineer of the department and the said contractors, for a reference of the claims in question to the said engineers.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D. M. R. & C.*

MEMORANDUM OF AGREEMENT made this twelfth day of September, 1901, between the Chief Engineer of Railways and Canals and Messrs. Corry & Laverdure, contractors under the department.

It is agreed by the undersigned, Collingwood Schreiber, Chief Engineer of Railways and Canals, on behalf of the department, and with the sanction and approval of the Minister, and the undersigned James A. Corry and E. G. Laverdure, contractors with the department and under government for certain works on the Trent Valley Canal, as follows :—

That the following engineers, namely, Joseph Robson and Robert Surtees, who are appointed by the government, and George P. Brophy, who is appointed by the contractors, shall, in the presence of the parties or their representatives, go upon the work of the contractors on the said canal, examine the same, and in the like presence hear the statements of the parties and their witnesses, inquire into, ascertain and report in writing to the Chief Engineer as to what in their judgment, or the judgment

of a majority of them, would be proper and reasonable prices, allowances and deductions, if any, to be made or allowed by him in respect of so much and such portion of the said works, or extra or additional works and alterations and materials, as to which there are differences respecting prices between the parties, and as to such increased prices and allowances, if any, which should be allowed and paid the contractors in respect of any and all of the items of claim so preferred by the contractors against the department, a memo. of which shall be furnished the department within one week from the date hereof.

Provided, however, that items which are covered by specific prices in any written contract between the parties shall not be inquired into by the said engineers, nor shall any prices or allowances be made in respect thereof.

And the Chief Engineer, on his part, agrees to accept such valuations and report as shall be made in accordance with the foregoing, and will certify in accordance therewith; and the contractors bind themselves, and each binds himself, to accept of such valuations and report, and the certificate of the Chief Engineer in accordance therewith, in full satisfaction, upon payment, of all claims in respect of items covered by the report.

(Sgd.) COLLINGWOOD SCHREIBER,
Chief Engineer, Dept. of Rys. and Canals.

Witnesses to the signatures of the Chief Engineer and of Messrs. Corry & Laverdure. (Sgd.) J. L. CORRY. (Sgd.) E. G. LAVERDURE.

AUDIT OFFICE, OTTAWA, December 31, 1902.

SIR,—I duly received 'the report of the valuators on claims preferred by Messrs. Corry & Laverdure, under the agreement dated September 12, 1901, with the Chief Engineer of Railways and Canals.'

If this report of the valuators is binding on the government, why was action on it delayed so long?

The Chief Engineer of the department has great powers; but I do not see that he has the power to delegate his authority to others. Have you had the opinion of the Department of Justice that he has this power without any restriction?

I observe that the award of the valuators on the classes of work to which you had assigned values is apparently $155,599, while your allowances gave them $58,712,—no exception having been taken by the valuators to your quantities, but only to your rates.

Surely you will scarcely pass the report of the valuators through your hands, under the circumstances, without making some explanation.

While I suppose that Mr. Hobson must have large experience in prices of work of the kind dealt with in the report, even in the modifications of prices due to the recent labour-saving appliances, this, I should suppose, could scarcely be expected of his two associates, no matter how much respect is due them for their attainments in other branches of their profession.

You, of course, do not place any reliance on the legality which might be imparted to this report from the vote of $300,000 for the Trent Canal, Capital, or from the discussion in connection with that vote.

Indeed, it appears to me that, if the government has come to the conclusion that the report should be adopted, there is no way of making the determination effective except by Act of Parliament, clearly defining that the report of the valuators is to be adopted and naming the amount in the report.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, January 5, 1903.

SIR,—I have the honour to acknowledge the receipt of your communication of the 31st ultimo, with further reference to the matter of the application from the department for the issue of a cheque in favour of Messrs. Corry & Laverdure, contractors for Section No. 2 of the Peterborough-Lakefield Division of the Trent Canal. You suggest that I should supply some further information than that already before you.

In reply, I would state that I really have nothing to add beyond what appears in the agreement for reference to the three expert engineers, and the information which appears in their report of values, unless it be that there was a deadlock between the Chief Engineer and the contractors in reference to prices for certain extra work, and, rather than let the matter go to the Exchequer Court, entailing heavy expense, it was considered prudent to refer the matter to such leading expert engineers as would likely be called in by the court, should it be referred to such court, and hence obtain the same results as if so referred, without the additional expense of a lawsuit. It was upon their report that the Chief Engineer's certificate was issued.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M., R. & C.*

AUDIT OFFICE, OTTAWA, January 12, 1903.

SIR,—In continuation of my letters with reference to the Corry & Laverdure applications, I beg to draw your attention to section 33 of the Audit Act, particularly to the last words of the section : 'And the price charged is according to contract, or, if not covered by a contract, is fair and just.' This seems to make it impossible for me to properly pass these applications in their present shape, your certificate being that 'the prices are as reported upon by the valuators.' I am sure that you will, on reading this section, come to the conclusion that, until your own individual view of the balance due for the work is what your application shows it to be, it would be irregular to make a corresponding payment.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, January 13, 1903.

SIR,—I am in receipt of your communication of the 12th instant, respecting the application of section 33 of the Audit Act to the claims for extras in connection with the contract for the construction of Section 2 of the Peterborough-Lakefield Division of the Trent Canal.

In reply, I have to state that I am advised by the law officers of this department that the section of the Audit Act to which you refer has no application to the case in question. Under the language of the section the certificate that the price is 'fair and just' is required only where the price is not covered by contract. In the present case the whole work is covered by a contract; the extra works ordered in this division of the canal are performed in accordance with and under the terms of the contract, and the prices for such extra works are ascertained and fixed, as well, in pursuance of the agreements therein contained. There is a manifest distinction between the case of extras performed under and in accordance with a contract, whereof the prices are fixed in the manner prescribed therein, and the case of supplies ordered or works performed without any semblance of a contract. In the latter case it is reasonable that the prices should be certified as fair and just.

This distinction, I am advised, is contemplated by the section of the Act referred to, and, in that view, the certificates at present upon the estimate are not inconsistent with the requirements of the Act.

I am, sir, your obedient servant,

The Auditor General. COLLINGWOOD SCHREIBER, *D.M., R. & C.*

AUDIT OFFICE, OTTAWA, January 15, 1903.

Re Corry & Laverdure Contract—Trent Canal.

SIR,—I am in receipt of your letter of the 13th instant, in reply to mine of the 12th, respecting the application of section 33 of the Audit Act to the claims for extras under this contract. I see that our views with respect to the effect of that section are so far apart that it is not likely that we shall quickly come to an agreement. The contractors saw me yesterday morning, and seemed to be very anxious that a speedy decision should be reached. It appears to me, therefore, better that I should immediately decline to pass your certificate, as, otherwise, the contractors would be delayed in getting a decision, and the whole matter would still have to be fought out before the Treasury Board. I, therefore, return your certificate.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals. J. L. McDOUGALL, *A.G.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, January 14, 1903.

SIR,—I have the honour, by direction, to inform you that objection has been raised by the Auditor General to the payment of a certain amount applied for by this department as due to Messrs. Corry & Laverdure, contractors for work on the Trent Canal, Section 2, Peterborough-Lakefield Division.

The facts are as follows :—

The contract for the works in question was dated May 7, 1896, and comprised, amongst other works, the construction of a hydraulic lock, the material of which was to be concrete.

In the course of construction, certain items of work were executed, some of which were recognized by the departmental engineers as extra work, and prices were fixed for them. Objection was, however, raised by the contractors to the acceptance of the prices proposed, and considerable discussion and difference of opinion ensued; very large claims being preferred by the contractors. In order to the satisfactory and equitable settlement of the difference, without appeal to the Exchequer Court, it finally appeared desirable to call for independent expert opinion. Accordingly, on September 12, 1901, an agreement was, with the sanction and approval of the Minister of the department, made by the Chief Engineer with the contractors, whereby three independent engineers were appointed, namely, Mr. Joseph Hobson and Mr. Robert Surtees by the department, and Mr. George P. Brophy by the contractors, to examine the works, hear statements and make inquiries, and to ascertain and report what should be the reasonable prices, allowances and deductions in respect of the claims for extra work put forward by the contractors. The said agreement stipulated, however, that items covered by specific prices in any written contract between the parties should not be inquired into, nor should allowances be made therefor ; the valuation and report so resulting was to be accepted as binding on the Chief Engineer in making his certificate, and as binding on the contractors, on payment in accordance therewith, as in full satisfaction of all claims in respect of items covered by such report.

The claims presented by the contractors on September 19, 1901, amounted to $420,837.37.

The engineers so appointed made full examination of the work, and took a large amount of evidence; finally making a report, dated January 18, 1902, dealing with the several items of the contractors' claim, as in the terms of the said agreement, and attaching to each item the allowance or deduction which seemed proper. They added, under date of February 6, 1902, a supplemental statement setting out in schedule form, their conclusions, showing the several items dealt with by them, the prices allowed, the totals due under those prices, and the totals of balances found by them to be due the contractors, after deduction of amounts covered by progress estimate. The aggregate of these totals they set down as $122,829.50. As to this, however, the Chief Engineer of the department has noted that in respect of one item, namely, item No. 7, 'entrance piers to lift locks,' for which they have allowed the bulk sum of $8,693, they omitted to make deduction of the sum of $5,963.96, which has been already paid, and their total should, consequently, be reduced by that amount, making it $116,865.54.

On November 22 last, the Chief Engineer of the department sent in a progress estimate, No. 73, based on the said valuations and report of the expert engineers, such estimate covering work done up to October 31, 1902. The gross amount of such estimate being $587,355.04, and his previous estimate, No. 72, having been $466,369, the gross amount to which the contractors would be entitled under his estimate, No. 73, is $120,986.04, less the usual 10 per cent drawback.

On this estimate the usual application to the Auditor General was made for the issue of a cheque in payment. The amount, however, asked for in this application was limited to $56,000 (in place of the full amount shown by the engineer's certificate to be due), the appropriation available being insufficient to cover the full amount. This application the Auditor General has declined to pass.

I am to request that you will be pleased to submit the case to the Honourable the Treasury Board, in order that the objections of the Auditor General may be either sustained or over-ruled, it to be understood that such decision will apply to the whole of the amount of the Chief Engineer's certificate in progress estimate No. 73, and not merely to the actual amount of the application made to the Auditor General.

I inclose the papers in the case, including the contract and the several agreements in question, the reports of the expert engineers, and the evidence taken before them.

I am, sir, your obedient servant,

The Secretary, Treasury Board. L. K. JONES, *Secretary, R. & C.*

TREASURY BOARD, OTTAWA, January 16, 1903.

SIR,—I have the honour to inclose herewith Treasury Board file No. 30307, being an appeal by the Department of Railways and Canals from your objection to the payment of a certain amount to Messrs. Corry & Laverdure, contractors for work on the Trent Canal, Section 2, Peterborough-Lakefield Division.

I have to request that you will be good enough to advise me, for the information of the Board, as to the nature and ground of your objection, and also as to the section and clause of the Audit Act under which such objection is taken.

I shall also be glad to receive any remarks which you may desire to make regarding the matter.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, January 27, 1903.

SIR,—I have your letter of the 16th instant, accompanying Treasury Board file No. 30307, an appeal from the Department of Railways and Canals against my decision in the case of Corry & Laverdure.

You will note the correspondence which has taken place between the Department of Railways and Canals and this office, which pretty fully sets out the differences.

I would ask you to consider section 33 of the Audit Act, which reads as follows:—

'No payment shall be authorized by the Auditor General in respect of work performed, or material supplied by any person in connection with any part of the public service of Canada, unless, in addition to any other voucher or certificate which is required in that behalf, the officer under whose special charge such part of the public service is certifies that such work has been performed, or such materials supplied, as the case may be, and that the price charged is according to contract, or if not covered by a contract, is fair and just.'

Please also look at the discussion (see inclosed extract) which took place in 1878, when the Audit Act was introduced, and observe what has been the uniform practice since the passage of that Act.

So far as I can understand the contention of the Department of Railways and Canals in this matter, it is that if the work, the price of which is under consideration, was dealt with at all in a contract, although prices are not fixed, then the prices are not necessarily subject to the certificate by the Chief Engineer. Now, we must look at what the object is in enacting a particular section. If you examine section 11 of the Railways and Canals Department Act, which has been on the statute-book from before the time when the Audit Act was passed, you will notice that contracts for works are to be let after tenders have been called for by public advertisement; and the Deputy Minister of Justice, in a recent opinion, has said that when contracts dealing with works are to be made, it is the duty of the department to call for tenders by public advertisement.

It is, of course, fair to assume, when speaking of payments being authorized by contract, or being certified as to price by the Chief Engineer, either that 'the price fixed by contract' means the price when the lowest tender has been accepted, or, if the price is not subject to a contract, that the other safeguard has been applied, viz.: the obtaining of the Chief Engineer's certificate that it is fair and just. It is quite manifest that this view would be defeated if, when tenders have not been called for, the certificate of the Chief Engineer has not been required. From a reading of the discussion which took place when the Audit Act was being considered, participated in by leading members of the House, by the then Minister of Public Works and Railways and by Sir Charles Tupper, it is quite manifest that this was expected to be the operation of this section. This is the rule which has been observed since then. If it is to be departed from now, it would be only proper, in the public interest and in the interest of the government, that Parliament should be made aware of the fact that a different interpretation has been given to the law from what was evidently intended when the law was enacted, and Parliament should be asked to sanction the change of practice.

If, for some reason applying to this case alone, it is advisable that the general rule be inoperative, Parliament should be asked to vote the specific sum which it is thought proper to pay to this company on account of the case of hardship, and payment be, of course, made only after the action of Parliament shall have been taken.

I have not seen any Order in Council sanctioning the change of practice adopted in this case by the Railway Department. So far as my view goes, it would be a most dangerous thing to establish this precedent, which would be considered to warrant a payment which is not supported by a call for tenders, the one accepted being the

lowest, unless special reasons to the contrary exist, or by a statement of any official of the department that the price is fair and just.

Perhaps you could see your way, before a decision is reached, to ask the Department of Railways and Canals for a more explicit and definite statement of the exact point, both with reference to the aspect of the law to which I have called attention and to good practice which justifies the proposed departure from the ordinary course.

I do not mention, in the meantime, the sections under which my objection is taken, in the expectation that you may obtain further information from the Department of Railways and Canals before I make a final statement of my views.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

EXTRACT *from 'Hansard,' April 4, 1878.—Discussion on Bill re Audit of Public Accounts.*

On the 34th clause:

Mr. CARTWRIGHT said that it was a new clause, which was intended, as far as possible, to meet the case of extras. It certainly required to be carefully considered, and it was suggested as being as good a check as they were likely to devise. The clause was as follows:—

'No payment shall be authorized by the Auditor General in respect of work performed or materials supplied by any person in connection with any part of the public service of Canada, unless in addition to any other voucher or certificate which may be required in that behalf, the officer under whose special charge such part of the public service is, certifies that such work has been performed, or such materials supplied, as the case may be, and that the price charged is fair and just.'

Mr. TUPPER said that the great difficulty was this: a contract might be given to the lowest tenderer, but for certain class of material the charge might, in the estimate of the officer in question, be twice as much as was fair. Nevertheless, he was obliged to vouch that the price was fair and just, when, in his opinion, it was most exorbitant.

Mr. LANGEVIN said that perhaps the hon. the Minister of Public Works would explain how this clause would act.

Mr. MACKENZIE said that there had been two or three examples. For instance, a dispute had arisen as to particular work done on the Ottawa river, when the claims of the contractors of a dam, which was considered a kind of work which one of the engineers maintained was provided for in the specifications, came up. The contractors held that this was not the case. The estimate, however, was sent in by the local engineer, covering the work done, and finally it was determined, after reference to other engineers, including the Chief Engineer, that it really had not been provided for in the specifications. In this case, suppose the engineer of the locality had returned this claim as an extra, the Auditor General would have prevented the issue of the certificate, unless the officer in whose department this particular work was included, certified that it really was the work of the kind described by the local officer. In another class of work, masonry on one of the canals was classed as simple masonry, at so much a yard —it might be $8 or $9; and, as a rule, a very large proportion, and sometimes the whole of the block stone used was delivered upon the works long before any part of it was built. The contractors had to get estimates upon it, and it would be very easy for the local engineer, if he was either ignorant or ill-disposed, to give a certificate in excess of the real value of the block stone laid down.

Mr. TUPPER. The wording would be improved if the words 'and that the price charged is in conformity, or that it is fair and just.'

Mr. MACKENZIE. I have an invincible repugnance to using the word 'extras.' I have no objection, therefore, to insert : 'and that the price charged is according to contract, and if not covered by contract, is fair and just.'

Section, as amended, *agreed to*.

TREASURY BOARD, OTTAWA, February 10, 1903.

SIR,—I have the honour to acknowledge the receipt of your letter of 27th ultimo, asking for further information from the Department of Railways and Canals in connection with the appeal by that department against your decision in the case of Corry & Laverdure.

A copy of your letter was forwarded to the Department of Railways and Canals on the 30th ultimo, and I now inclose herewith letter from the Secretary of the said department, dated 5th instant, and the inclosure therein referred to, namely, a copy of a memorandum, dated the 4th instant, from the Law Officer of the department, bearing on the points raised in your letter of 27th ultimo.

I shall be glad to receive as soon as possible the final report referred to in the closing paragraph of your letter of 27th ultimo, in order that the case may be brought before the Treasury Board and disposed of at as early a date as possible. File inclosed.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary*.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, February 5, 1903.

SIR,—I have the honour to acknowledge the receipt of your communication of the 30th ultimo, relative to the objection that has been raised by the Auditor General to the payment of a certain amount applied for by this department as due to Messrs. Corry & Laverdure, contractors for work on the Trent Canal, Section No. 2, Peterborough-Lakefield Division, with which you transmit a copy of a letter, together with its inclosure, addressed to you by the Auditor on the 27th ultimo, asking for further information in the matter.

In reply, I am directed to inclose herewith, for your information, a copy of a memorandum dated 4th instant, from the law officer of the department, bearing on the points raised by the Auditor General in his said letter.

I am, sir, your obedient servant,

The Secretary, Treasury Board. L. K. JONES, *Secretary*.

MEMO. *re file 431, Corry & Laverdure Contract.—Refusal of Auditor General to pass Estimate No. 73.*

The Auditor General, in his letter of January 27, 1903, to the Secretary of the Treasury Board, points out, as a preliminary objection to payment, that the estimate is not certified by the Chief Engineer as 'fair and just' under section 33 of the Audit Act, and intimates that this failure to so certify is a departure from the ordinary course.

The objection taken is not, in my view, a valid objection, and the failure to so certify is not a departure from the ordinary course previously followed in this department.

Section 33 of the Audit Act provides :

'No payment shall be authorized by the Auditor General in respect of work performed, or materials supplied, by any person in connection with any part of the public service of Canada, unless, in addition to any other voucher or certificate which is required in that behalf, the officer under whose *special* charge such part of the public service is, certifies that such work has been performed, or such materials supplied, as the case may be, and that the price charged is according to contract, or, if not covered by a contract, is fair and just.'

This language requires the certificate of the officer 'under whose special charge such part of the public service is' shall certify, &c. This does not refer to the Chief Engineer, who has general control or charge, but to the superintending engineer, or the engineer or officer in special charge at the works. I merely refer to this, at this stage, because the Auditor General in his letter mentions the Chief Engineer, contrary to the usual, and, I consider, the proper course.

The language of the section is that the certificate must be 'that the price charged is according to contract, or, if not covered by a contract, is fair and just.'

The estimate, No. 73, in question, covers items of extra prices and allowances upon the construction of Section No. 2 of the Peterborough-Lakefield Division of the Trent Canal. All the work performed was within the scope of, or contemplated by, a contract, No. 12418, dated May 7, 1896, entered into between the Crown and Messrs. Corry & Laverdure. Most of the items dealt with the construction of the hydraulic lift-lock at Ashburnham, and the allowances and extra prices were on the basis of changes in the contract, of unforeseen contingencies connected with the prosecution of the contract work, and of difficulties arising and situations and work insufficiently understood, through the bulk of the work being of a design entirely new, and the first of its kind constructed in Canada.

The contract makes ample provision for the fixing of prices by the Chief Engineer, in all such cases, by a certificate in writing. The certificate placed on estimate 73 is sufficient under the contract.

Under these circumstances, I consider that section 33 of the Audit Act has no application; the work is covered by contract, and the fixing of prices for unforeseen emergencies, and changes arising under the contract, is also covered by contract. I would distinguish between a case of this kind and one where work is performed or supplies furnished under no semblance of a contract.

The Auditor General draws attention to the discussion had in the House at the time of the introduction of section 33, and draws conclusions from this discussion in support of his contention. It is familiar law that discussions of this kind may not be used to interpret a statute. The question which the courts consider is not what the legislators may have thought they were enacting, but what they actually did enact. The question of intention may be gathered from the statute itself, from the context, the recitals or the preamble—not otherwise.

From the point of view of good practice, I consider that the present practice of the department, followed in this case, is correct, namely, of certifying prices fixed by the Chief Engineer, under or in accordance with the provisions of the contract, in the same manner as those prices would be certified which are expressed in figures in the contract itself.

Disputes very frequently arise at the works between the contractors and the engineering staff having special charge of the work, which are of necessity referred to the Chief Engineer, under a provision of the contract to that effect. The latter official weighs each case as impartially as possible upon its merits or the wording of the clauses in question, and gives his opinion, and his certificate thereon—sometimes in favour of the views taken by the engineering staff, sometimes sustaining the contractor's view. In such a suppositious case, if the contractor's view is sustained, it would be unreasonable to apply section 33 of the Audit Act to the extent of saying that the engineer,

or official in charge of the work, must, contrary to his views, perhaps; certify the prices (allowed by the Chief Engineer) to be fair and just, and that, if he fails or declines to do so, the certificate and decision of the Chief Engineer is necessarily valueless. I do not think that the statute contemplated such a situation, or intended that in such an event the decision of the Chief Engineer, a skilled and technical officer having general control or charge over all works of this kind, could be over-ridden or defeated by a subordinate engineer, having special charge of the work. Certainly the contract entered into between the Crown and the contractors contemplates no such conflict of authority, nor any necessity to appeal to an authority higher than the Chief Engineer. It is unnecessary to quote the clauses of the contract—they are familiar; they leave the whole question of extra works, and of the increasing or diminishing of the prices respecting such extra works to one official, on behalf of the Crown—the Chief Engineer.

The contract is silent as to the methods the Chief Engineer may employ in deciding to grant his certificate, and as to the arguments, evidence or opinions to which he may listen in forming his decision. It is also silent as to the form of his certificate.

This form of contract, and the provision for general control of prices or allowances under the contract, is in use in practically every instance of important engineering works, irrespective of the country or jurisdiction in which such works are carried on. The form actually in use in this case was drafted long ago by the Department of Justice, and, in the Crown's interests, remembering that no contract can provide for every contingency that may arise, can hardly be improved.

In the case of Goodwin vs. The Queen, 28 Supreme Court of Canada (1898), 273, a question arose respecting the application of prices under a contract, and on submission to the Department of Justice, the contractor's view was favoured. The Chief Engineer accordingly certified the estimate as follows :—

'Total amount certified on this contract, $376,970.40.

'Certified as regards item No. 5 in accordance with letter of Deputy Minister of Justice, dated January 15, 1896.

'Collingwood Schreiber,
Chief Engineer.'

and the engineer at the works, Thomas Monro, added to his usual certificate on the estimate, that the amount was correct, the following words :—

'Signed by me, subject to the conditions stated in my letter of February 26, 1896.

T. M.'

It was held that these certificates were sufficient.

Mr. Justice Girouard's remarks on the subject, at page 328-9, are interesting :

'The principal, and I may say the only, serious objection raised by the Crown to the form of the monthly estimate of the engineer of February 26, 1896—which it is sufficient to examine independently of the reservations made by the resident superintendent engineer—is that it has been certified by the Chief Engineer, on the 27th of the same month, 'in accordance with the letter of the Deputy Minister of Justice, dated January 15, 1896.' Taking for granted that he was the sole judge of all matters in dispute under the contract, did he agree to the views embodied in that letter? Undoubtedly he did, and deliberately so. He had ample time to consider the matter, the letter having been written more than a month previously. We must suppose that he is an intelligent, competent, firm and fair man, as he is represented to be the sole arbiter between the parties, though in Her Majesty's service in the double capacity of Chief Engineer and Deputy Minister of the Department of Railways and Canals. He did not remonstrate or resist, but very properly, in my opinion, accepted the final decision of the Minister of Justice, the law adviser of the Crown designated by statute, upon a point which was considered by him and both the Crown and the contractor as one of construction of contract and a legal question. Naturally he certified the esti-

mate in accordance with that decision, thereby concurring in it. No threat or coercion was used to induce him to sign. I am inclined to apply here the general rules which govern consent in contracts: error, fraud, violence or fear alone vitiate such consent. Nothing of the kind is suggested.'

Since the present case arose under a contract, the work performed by Messrs. Corry & Laverdure was covered by, and the prices fixed in accordance with, a contract, and since the Chief Engineer, being in general charge of the work, is not required by section 33 to certify in any event that the prices were fair and just, I consider that the obtaining of the 'fair and just' certificate from the engineer in special charge at the works is not, in this case, as a matter of law, required, and that in view of the certificate of the Chief Engineer complying with the provisions of the contract, it is not, as a matter of good practice, necessary.

February 4, 1903. R.

AUDIT OFFICE, OTTAWA, March 11, 1903.

SIR,—I beg to return herewith Treasury Board file No. 30307, being the papers in connection with the appeal by the Department of Railways and Canals against my decision in the case of Corry & Laverdure.

I have just received an opinion from Mr. Aylesworth, K.C., a copy of which I inclose. This opinion is so very full and clear that I do not need to say anything more in support of my opposition to the payment. My objections are taken under subsections (*a*) and (*c*) of section 32, Consolidated Revenue and Audit Act.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

TORONTO, March 9, 1903.

Re Corry & Laverdure.

DEAR SIR,—I have not been able until to-day to go over the file of papers in connection with the above contract, that you consulted me about in Ottawa last week. I find that a contract in writing was entered into between Messrs. Corrry & Laverdure and the Crown, under date May 7, 1896, for the construction of certain work on Section No. 2 of the Trent Canal. Under this contract very important powers are conferred upon the engineer, and I may point out that by section 1 of the contract the word 'engineer' is defined to be the Chief Engineer for the time being having control over the work.

The specifications accompanying the contract, and which are declared to be part of it, are signed by Richard B. Rogers as Superintending Engineer, and by Mr. Collingwood Schreiber as Chief Engineer, and these specifications (especially paragraph 165 of them) very clearly show that the engineer to whose satisfaction the work is to be done, and whose certificates are requisite before payments under the contract are to be made, is Mr. Collingwood Schreiber, as Chief Engineer of the department.

I think it important to point out that among the powers of the engineer under this contract the right is conferred upon him, by section 5, to order at any time any extra work to be done, and by the same clause the contractors are not to be entitled to any payment for any extra work unless such extra work shall have been first directed in writing by the engineer, and the price to be paid for it previously fixed by

the engineer, in writing, and the decision of the engineer as to the amount to be paid in respect of it shall be final.

It is further provided, by section 8 of the contract, that the engineer shall be sole judge of the work and material, both as to quantity and quality, and no work shall be deemed to have been executed, nor shall the contractors be entitled to payment therefor, unless the same is to the satisfaction of the engineer, evidenced by his certificate in writing.

Section 33 of this contract provides that all matters of difference which may arise, the decision whereof is not specially given to the engineer, shall be referred to the Exchequer Court.

On May 23, 1899, Mr. Schreiber, as Deputy Minister and Chief Engineer, notified the contractors in writing that certain extra work would be required, for which he then fixed certain prices.

On August 4, 1899, a supplemental contract was entered into between Messrs. Corry & Laverdure, on the one part, and the Crown (represented by the Minister of Railways and Canals) on the other part, for the doing of the extra work referred to in the notice, May 23, 1899, at the prices in such notice mentioned.

This work having been done, differences of opinion seem to have arisen between the contractors and Mr. Schreiber as to the amount which the contractors should be paid, and an agreement in writing was entered into, under date September 12, 1901, between Mr. Schreiber, as Chief Engineer of the department, and Messrs. Corry & Laverdure, that three engineers named in the agreement should examine the work, and inquire into and report to Mr. Schreiber what in their judgment would be proper and reasonable prices to be allowed by Mr. Schreiber in respect of so much of the work as to which differences existed.

It was, however, provided in this memorandum of agreement, that items which were covered by specific prices in any written contract between the parties should not be inquired into by the said engineers.

By this memorandum the Chief Engineer agreed to accept the valuation and report of the engineers named, and that he would certify in accordance therewith.

This agreement is said to have been entered into by Mr. Schreiber on behalf of the department, and with the sanction and approval of the Minister.

On the same day a supplemental agreement was signed by the Minister and by Messrs. Corry & Laverdure, providing that the inquiry above referred to should be made without prejudice to whatever action, if any, might be thereafter taken upon the report of the three engineers; that if these engineers should report that an additional sum beyond that agreed upon by the contracts should be allowed, the Minister would submit such report to Council for determination, it being distinctly understood by the contractors that the reference to the three engineers did not acknowledge the existence of any claim against the department by reason of any finding the referees might make, and *that the Governor in Council should have the same discretion in dealing with the claim after such report as if no reference thereof had been made.*

The engineers named in the above mentioned agreement of September 12, 1901, have reported that in their judgment the prices agreed upon on August 4, 1899, for the extra work required were not reasonable and proper allowance for such work, and naming other larger prices which, in their opinion, would be proper and reasonable to allow, and in the result an additional claim for a very large sum is now made against the government by the contractors.

The Department of Railways and Canals having requested the issue of a cheque in favour of the contractors for part payment of the amounts recommended by the engineers above referred to, you have asked my opinion whether, under section 33 of the Audit Act, you can properly authorize such payment unless Mr. Schreiber, as Chief Engineer of the department, certifies that such work has been performed, and that the price charged is according to contract, or is fair and just.

I am of opinion that section 33 of the Audit Act applies to the payment requested, and that it prohibits you from authorizing the payment unless Mr. Schreiber certifies that the work has been performed, and that the price charged is according to contract, or, if not covered by contract, is fair and just.

This is but repeating the distinct words of the statute. The officer to certify is, in my opinion, Mr. Schreiber. The contract here, and the action taken by the department under it, manifestly contemplate that payments shall be made only on the certificate of the engineer, and, as I have at the beginning of this memorandum pointed out, the word 'engineer' in the contract clearly means the Chief Engineer for the time being having control over the work. Such Chief Engineer, to my mind, plainly answers the description of the officer under whose special charge such part of the public service is. He will act, so far as he may see fit, upon information and certificate from his assistants, acting under his instructions and directions, in whom he has confidence, but the responsibility under this contract seems plainly to rest upon the Chief Engineer of the department, and nothing to my mind can be more clear than that it is such Chief Engineer of Canada, on behalf of the department, who alone has the right under the contract to signify its acceptance by the Crown, and meanwhile, from time to time, to issue certificates upon which progress estimate payments will be made.

With regard to the contents of the certificate required under section 33 of the Audit Act, there is, in my opinion upon the language of the statute, no room for doubt. You are forbidden to authorize payment until you have a certificate that the work has been performed, or the materials supplied, as the case may be. Equally you are by the statute forbidden to authorize payment until you have the certificate of the proper officer either that the price charged is according to contract, or, if it is not covered by contract, then that such price is fair and just.

In the present case, as in any other, either the price charged is covered by the contract or it is not. If it *is* covered by contract you are, I think, entitled to have a certificate from the proper officer that the price charged is according to the contract. On the other hand, if the price is not fixed by the contract, then you must have a similar certificate that the price charged is fair and just.

In my opinion you are required to insist that one or the other of such certificates should be furnished to you. I do not see how *you* are in a position to determine which certificate is the proper one in any given case. That must depend on the special facts of the particular case, and could, I should suppose, be determined only in and by the department under whose charge such part of the public service might be.

In the present case, the papers on file would seem to show that the price now claimed is not covered by contract. The whole reason for the agreements of September 12, 1901, would seem to have been that the contractors were not content with the provisions of their contracts in regard to prices for the work they had done. To the extent to which extra work had been done by them without previous written directions from the engineer, and without previous fixing by him of the price therefor, a strict reading of the contract would have prevented the contractors receiving any payment at all. To the extent to which such extra work had been required by writing, and previous prices therefor had been fixed, the contractors were apparently submitting that contingencies developing in the progress of the work, and apparently unforeseen at the time the contracts were entered into, had demonstrated that the contract prices were inadequate and ought to be measurably increased. Such considerations must have afforded the reason for entering into the agreements of September 12, 1901, for a reference to independent engineers. The careful stipulation of the Minister that, while he sanctioned the inquiry, he declined to be bound by the report, except that he would submit it to Council for consideration, seems to demonstrate that all parties felt at the time that the previous contracts were being departed from. These previous contracts certainly never contemplated any delegation by Mr. Schreiber to any other engineer

or engineers of his important functions and powers under the contracts, but, of course, it was always open to him, as Chief Engineer, to consider and to weigh carefully the views and opinions of other engineers who might, by reasaon of examinations of their own, or by reason of any other circumstances, have had special advantages in forming opinions with regard to the quality or value of the work. Influenced by such views or opinions, Mr. Schreiber might very possibly modify the conclusions he would otherwise have come to, but there would not appear to me to be, under this contract, any power given to Mr. Schreiber to substitute for himself as judge between the parties any other engineer or body of engineers.

I would think, therefore, upon the special circumstances of this case, that it probably was not the fact that the prices now claimed were according to contract, though in this I may be in error, and if Mr. Schreiber can certify that the prices *are* according to contract, that would seem to me to be an end of the matter, so far as this feature of the case is concerned; but if he is not able, or not willing to give such certificate, it is, in my opinion, requisite, under this section of the statute, that you should be certified that the prices are fair and just before you can authorize the payment requested.

I return herewith the file of papers you left with me.

Yours truly,

The Auditor General. A. B. AYLESWORTH.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, March 24, 1903.

SIR,—I have the honour, by direction, to ask that your opinion may be given in the matter following:—

On May 7, 1896, a contract was entered into with Messrs. Corry & Laverdure for the construction of Section 2, Peterborough-Lakefield Division of the Trent Canal. The work comprised the construction, in cement, of a hydraulic lift lock,—the first of its kind in Canada, and a class of work but little known elsewhere.

The contract contained the usual conditions with respect to extra work, and placed in the hands of the Chief Engineer the fixing of prices therefor.

Questions arose as to the prices to be paid for certain items of such work, and ultimately, in order to a settlement without recourse to expensive litigation, a special agreement was, with the concurrence of the Minister, made between the Chief Engineer and the contractors, under which expert outside opinion from three engineers, two appointed by the department and one by the contractors, was obtained as to the prices that should be allowed; the Chief Engineer agreed to acccept their valuation, undertaking that his certificate should be governed by the decision so reached, the contractors, on their part, binding themselves to accept the same in full satisfaction of all claims in respect of items covered by the report. It was expressly provided in this agreement that items covered by specific prices in any written contract between the parties should not be dealt with by the said engineers.

The engineers made examination on the spot and furnished their report, and on November 25, 1902, the Chief Engineer gave a progress estimate, No. 73, based thereon.

This estimate bore the following certificates:—

'I hereby certify to the correctness of the aforegoing estimate, in accordance with the report of the expert engineers hereunder mentioned.

'RICH'D B. ROGERS, *Superintending Engineer.*

'I hereby certify to the correctness of the aforegoing estimate, in accordance with the report of the expert engineers mentioned.

G. A. MOTHERSILL.

'In certifying the aforegoing estimate to be correct, I do so as regards all the items on page 8, except item (B), in view of the report of the three expert engineers, made upon their personal examination of the work and the hearing of evidence with respect thereto.

'COLLINGWOOD SCHREIBER, *Chief Engineer.*'

The Auditor General has declined to authorize payment of this estimate.

On December 17, 1902, he acknowledged the receipt of the estimate, and asked for a copy of the report of the expert engineers. This was furnished him, together with a copy of the agreement above mentioned.

On December 31, 1902, he wrote in general terms, criticising the qualifications of the three engineers, and raising a question of the powers of the Chief Engineer to so utilize their services.

On January 12 he wrote, drawing attention to section 33 of the Audit Act, and particularly to its requirement of a certificate that the price charged is according to contract, or, if not covered by a contract, is fair and just. He states : 'This seems to make it impossible for me to pass these applications in their present shape, your certificate being that "the prices are as reported on by the valuator."' (His quotation is somewhat inaccurate.)

Section 33 of the Audit Act reads as follows :—

'No payment shall be authorized by the Auditor General in respect of work performed, or materials supplied, by any person in connection with any part of the public service of Canada, unless, in addition to any other voucher or certificate which is required in that behalf, the officer under whose special charge such part of the public service is, certifies that such work has been performed, or such materials supplied, as the case may be, and that the price charged is according to contract, or, if not covered by a contract, is fair and just.'

The view taken by the department in the matter is as follows:—

(1.) The Chief Engineer had a perfect right to obtain an outside valuation of this work, and also to agree that, so far as he is concerned, it would be adopted.

(2.) The usual form of the Chief Engineeer's certificate on estimates—one which has proved satisfactory to the Auditor General—reads as follows :—'Total amount certified on this contract, $..... *Chief Engineer.*' In the present case, the Chief Engineer has gone further: he not only certifies the estimate to be correct, but explains as to certain items the reason of his certificate, which he was under no obligation to do.

(3.) Turning to the certificate desired by the Auditor General, a certificate that prices are 'fair and just' would be out of place, as such is stated to apply to cases *not* covered by 'a contract.' There remains, therefore, only his other alternative, namely, a certificate that the price is *according to contract.*

The expression used in section 33 of the Audit Act is not '*specified* in the contract,' which would indeed be inadequate, because of these very questions of extra work for which special prices have to be fixed, and which prices are—and have been in the present instance—fixed *in accordance with the special provisions of the contract,* in other words, 'according to contract.'

(4.) Section 33 of the Audit Act cannot be regarded as laying down any precise form of words for the certificate, and, as above shown, neither the department nor the Auditor General has so treated it in the past.

(5.) The Chief Engineer, in his present certificate, has complied, and more than complied with the requirements of the Act.

In submitting for your consideration the above views, I inclose all the papers in the case, including memoranda from the law clerk of the department, the contract, the agreement, the report of the engineers, and the evidence taken by them; including also an advisory letter from Mr. Aylesworth, K.C., addressed to the Auditor General

on the 9th instant, in which he enters very fully into the several points involved. I am to express the hope that you will favour the department at as early a date as your convenience will admit of, with your opinion in the matter.

I am, sir, your obedient servant,

The Deputy Minister of Justice. L. K. JONES, *Secretary, R. & C.*

DEPARTMENT OF JUSTICE, OTTAWA, April 14, 1903.

SIR,—I have the honour to acknowledge receipt of your letter of March 24 last—127995—in which you seek the advice of this department upon a question which has arisen in connection with the contract of Messrs. Corry & Laverdure for the construction of Section 2, Peterborough-Lakefield Division of the Trent Canal.

The facts, as stated by you, are as follows:—

The work on this section comprises the construction in cement of a hydraulic lift lock, the first of its kind in Canada, and a class of work but little known elsewhere. The contract contains the usual conditions with respect to extra work, and placed in the hands of the Chief Engineer the fixing of prices therefor. Questions having arisen as to the prices to be paid for certain items of such work, a special agreement was, with the concurrence of the Minister of Railways and Canals, made between the Chief Engineer and the contractors, under which a report of three outside engineers, two appointed by the department and one by the contractors, was obtained as to the prices which should be allowed, the Chief Engineer agreeing to accept their valuation, and to certify in accordance therewith, and the contractors binding themselves to accept the same in full satisfaction of all claims in respect of items covered by the agreement. It was provided by the agreement that items covered by specific prices in any writtetn contract between the parties should not be inquired into by the engineers, nor should any prices or allowances be made in respect thereof.

The engineers made examination on the spot, and furnished their report, and, on November 25, 1902, the Chief Engineer gave a progress estimate based thereon, which estimate bore the following certificates:—

'I hereby certify to the correctness of the foregoing estimate, in accordance with the report of the expert engineers hereunder mentioned.

RICH'D B. ROGERS, *Superintending Engineer.*'

A certificate to the same effect signed by G. A. Mothersill, and a certificate by the Chief Engineer, in the following terms:—

'In certifying the aforegoing estimate to be correct, I do so as regards all the items on page 8, except item (B), in view of the report of the three expert engineers, made upon their personal examination of the work, and the hearing of evidence with respect thereto.

'COLLINGWOOD SCHREIBER, *Chief Engineer.*'

The Auditor General has declined to authorize payment of this estimate on the ground that section 33 of the Audit Act has not been complied with, inasmuch as, in his opinion, there is no certificate, such as is required by that section, that the price is according to contract, or, if not covered by contract, is fair and just.

You state the views taken by your department in the matter as follows:—

(1.) The Chief Engineer had a perfect right to obtain an outside valuation of this work, and also to agree that, so far as he is concerned, it would be adopted.

(2.) The usual form of the Chief Engineer's certificate on estimates, one which has heretofore proved satisfactory to the Auditor, reads as follows:—'Total amount certi-

fied on this contract, $..... , *Chief Engineer.*' In the present case, the Chief Engineer has gone further: he not only certifies the estimate to be correct, but explains, as to certain items, the reason of his certificate, which he was under no obligation to do.

(3.) Turning to the certificate desired by the Auditor General, a certificate that prices are fair and just would be out of place, as that certificate is stated to apply to cases *not* covered by a contract. There remains, therefore, only his other alternative, namely, a certificate that the price charged is according to contract, and (in effect, you say) these prices *have* been fixed according to contract.

(4.) Section 33 of the Audit Act cannot be regarded as laying down any precise form of words for the certificate, and, as above shown, neither the department nor the Auditor has so regarded it in the past.

(5.) The Chief Engineer, in his present certificate, has complied, and more than complied, with te requirements of the Act.

These views you submit for the consideration of this department.

In reply, I beg to state as follows:—

The Chief Engineer had certainly a right to obtain an outside valuation, but he had not, in my opinion, a right to bind himself to accept it, and certify in accordance with it. The parties to the contract have committed to him the fixing of the prices for extra work, and are entitled to have them fixed according to his own judgment. He had no right to delegate to others the exercise of the discretion entrusted to him, and his agreement to certify according to the reports of the experts was, if it is to be considered simply as an agreement of the Chief Engineer, in my opinion, such a delegation. I think, however, that the agreement signed by the Chief Engineer may have effect as a modification of the original contract between the parties. The agreement professes to be made by the Chief Engineer on behalf of the department, and with the sanction and approval of the Minister. It is signed on behalf of the government only by Mr. Schreiber , as Chief Engineer, and in that respect does not comply with the requirements of section 23 of the Act respecting the Department of Railways and Canals, R.S.C., chapter 37, which provides that no contract in writing shall be binding upon His Majesty unless signed by the Minister, or unless signed by the Deputy Minister and countersigned by the Secretary of the department, or unless signed by some person specially authorized by the Minister in writing for that purpose. I observe, however, that on the same day, namely, September 12, 1901, after the agreement between the Chief Engineer and the contractors had been executed, a supplementary agreement was signed by the Minister and the contractors, which recites the agreement made by the Chief Engineer, and adds certain terms which are expressly provided to be supplementary to it, and I think that the execution by the Minister himself of this supplementary agreement necessarily confirms the agreement of the Chief Engineer, and, in fact, amounts to an execution of that agreement by the Minister, or a ratification of it, which would be sufficient to take the case out of the statute and modify the original contract to the extent shown by these two later agreements construed together. I am of opinion, therefore, that these several contracts must be read together, and that the effect is to bind the Crown by a contract to the prices fixed pursuant to the latter agreement by the engineers, to whose determination they were referred. It follows that it would be quite proper for the Chief Engineer to certify that these prices, as fixed by the engineer referees, are according to contract.

I see no reason to doubt that the Auditor General is entitled to insist upon a certificate as required by section 33 of the Consolidated Revenue and Audit Act, and as the case here is that the price charged is according to contract, the certificate should be framed accordingly. Papers returned herewith.

I am, sir, your obedient servant,

The Secretary, Railways and Canals. E. L. NEWCOMBE, *D.M.J.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, April 29, 1903.

SIR,—I have the honour, by direction, to return to you the papers in the above matter, as to which, by my letter of January 14 last, it was asked that a decision of the Honourable the Treasury Board might be obtained, in view of objection raised by the Auditor General.

These papers were got back from you in order that an opinion might be had from the Department of Justice on an advisory letter addressed to the Auditor General by Mr. A. B. Aylesworth, K.C., dated March 9, ultimo, a copy of which the Auditor General furnished you on the 11th, in which Mr. Aylesworth expressed the opinion, in reply to the question put before him by the Auditor, that the Audit Act prohibits payment unless the Chief Engineer certifies that the price is 'according to contract,' or, if not covered by contract, is 'fair and just.'

On an opinion from the Department of Justice, dated the 14th instant, that it would be 'quite proper for the Chief Engineer to certify that these prices, as fixed by the engineer referees, are according to contract,' and that the Auditor General is entitled to such certificate, which should be framed accordingly, the Chief Engineer has added the words 'according to contract' to his certificate.

The Auditor General, however, under date the 27th instant, though furnished with such certificate and a copy of the opinion of the Department of Justice, has intimated his wish that the matter should be appealed to the Treasury Board.

I am, sir, your obedient servant,

The Secretary, Treasury Board. L. K. JONES, *Secretary, R. & C.*

TREASURY BOARD, OTTAWA, April 30, 1903.

Re Corry & Laverdure.

SIR,—Referring to your letter of March 11 last, I beg to return herewith Treasury Board file No. 30307, being papers in connection with the appeal of the Department of Railways and Canals from your decision in the above matter, with some additional correspondence which has taken place since your letter of above named date.

It would appear from the subsequent corespondence that the Chief Engineer of Railways and Canals had modified his certificate, and I shall be glad to be advised, for the information of the Treasury Board, whether you still adhere to your decision to refuse payment of the amount applied for by the Department of Railways and Canals. I shall be glad to know whether the modification in the certificate in any way, and to what extent, affects the objections you have made, and I shall also be glad to have any further remarks you may wish to make upon the subject, and to know whether your objections to the payment (if you still have objections) are, as stated in your letter of the 11th ultimo, taken under clauses (*a*) and (*c*) of section 32, Consolidated Revenue and Audit Act.

I shall be obliged if you will kindly let me have your reply at your very earliest convenience.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, May 4, 1903.

SIR,—I have your letter of the 30th ultimo, inclosing the Corry & Laverdure Treasury file 30307.

That the file should have been supplemented at all from the state in which it was when I last saw it is unusual. The additions are:

1st. A letter from the Department of Railways to the Department of Justice, asking for its opinion on the case as stated by the former.

2nd. The opinion of the latter.

3rd. A correction of the position of the Department of Railways to comply with its reading of the opinion of the Department of Justice.

It seems to me advisable that the steps taken in working out this important matter should not be lost, and, therefore, that all errors in the case as presented, should be stated by the Treasury Board, and, therefore, all needed corrections indicated.

It is true that you will probably consider it advisable to send the case in the usual way to the Department of Justice for its opinion. It, however, has been already under examination of that department for the giving of the opinion above mentioned. Then, Mr. Aylesworth has furnished his exhaustive opinion.

Now, in my view, the Chief Engineer, in certifying that the prices are according to contract, should do so by a separate statement, unconnected with any other person's statement, instead of in connection with that of the expert engineers. Mr. Aylesworth thinks that the certificate should be that the prices are fair and just, because that part of the work was not under contract, while the Deputy Minister of Justice thinks that that part of the work was under contract, and, therefore, that the prices should be certified by the Chief Engineer as required by that state of things.

These two legal authorities thus differ, but they both manifestly support my view that, although Mr. Schreiber may consult any one for information, he cannot delegate his authority to any one. In this case he seems to desire to delegate it, even by his amended certificate, to the expert engineers.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

TREASURY BOARD, OTTAWA, May 4, 1903.

Re Corry & Laverdure.

SIR,—I am in receipt of your letter, of to-day's date, regarding the above named case, and I shall be glad to know, as requested in my letter of 30th ultimo, whether your objections to the payment in this case (if you still have objections) are, as stated in your letter of March 11 last, taken under clauses (*a*) and (*c*) of section 32, Consolidated Revenue and Audit Act.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, May 6, 1903.

SIR,—I beg to acknowledge the receipt of your letter of the 4th instant, regarding the case of Corry & Laverdure.

I certainly have exactly the same objections that I had before. My intention was to make it clear that no objection had been removed, because, in my view, the change which was made by Mr. Schreiber did not in any way remove the objection which it was apparently intended by him to remove. Therefore, the same subsections of section 32, viz., (*a*) and (*c*), which were quoted before, still hold.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

DEPT. OF JUSTICE, OTTAWA, May 8, 1903.

SIR,—I have the honour to acknowledge receipt of your letter of the 7th instant—30307, Treasury Board—and inclosed file of papers relating to the contract of Messrs. Corry & Laverdure for certain work on the Trent Canal, Peterborough-Lakefield Division, and to the appeal of the Department of Railways and Canals from the objections of the Auditor General to the payment to the contractors of the amount of progress estimate No. 73 under this contract.

In my letter to the Secretary of the Department of Railways and Canals, of the 14th ultimo, I have explained fully my views as to the legal points involved in this controversy, and I see no reason to modify the opinion expressed in that letter.

The Chief Engineer has now amended his certificate upon the said estimate, as quoted by me in the said letter, by inserting after the word 'correct' the words 'according to contract,' and I am of opinion that the certificate in its present form complies with the requirements of section 33 of the Consolidated Revenue and Audit Act; that the reference in the certificate to the report of the expert engineers does not invalidate it, and that the Auditor's present objection is not well taken.

I am, therefore, of opinion that there is parliamentary authority in the Appropriation Act for the payment of the amount of this estimate, if the amount at the credit of the vote for work is sufficient to pay it.

The Minister of Justice and Attorney General concurs in this view. Papers returned herewith.

I am, sir, your obedient servant,

The Secretary, Treasury Board. E. L. NEWCOMBE, *D.M.J.*

FINANCE DEPARTMENT, OTTAWA, May 14, 1903.

The undersigned Deputy Minister of Finance has the honour to report that as Secretary of the Treasury Board he received from the Secretary of the Department of Railways and Canals a letter, under date of January 14, 1903, setting forth that objections had been raised by the Auditor General to the payment of a certain amount applied for by that department as due to Messrs. Corry & Laverdure, contractors for work on the Trent Canal, Section 2, Peterborough-Lakefield Division, and requesting that a ruling of the Treasury Board be obtained as to whether the objections of the Auditor General should be sustained or over-ruled.

From subsequent correspondence with the Auditor General it appears that his objections to the payment in question are taken under subsections (*a*) and (*c*) of section 32 of the Consolidated Revenue and Audit Act, and this report is submitted in accordance with the provisions of said subsection (*c*) of section 32.

In the letter of the Secretary of the Department of Railways and Canals, above referred to, the facts of the case are stated to be as follows :—

'The contract for the works in question was dated May 7, 1896, and comprised, amongst other works, the construction of a hydraulic lock, the material of which was to be concrete.

'In the course of construction, certain items of work were executed, some of which were recognized by the departmental engineers as extra work, and prices were fixed for them. Objection was, however, raised by the contractors to the acceptance of the prices proposed, and considerable discussion and difference of opinion ensued; very large claims being preferred by the contractors. In order to the satisfactory and equitable settlement of the difference, without appeal to the Exchequer Court, it finally appeared desirable to call for independent expert opinion. Accordingly, on September 12, 1901, an agreement was, with the sanction and approval of the Minister

of the department, made by the Chief Engineer with the contractors, whereby three independent engineers were appointed, namely, Mr. Joseph Hobson and Mr. Robert Surtees by the department, and Mr. George P. Brophy by the contractors, to examine the works, hear statements, and make inquiries, and to ascertain and report what should be the reasonable prices, allowances and deductions in respect of the claims for extra work put forward by the contractors. The said agreement stipulated, however, that items covered by specific prices in any written contract between the parties should not be inquired into, nor should allowances be made therefor; the valuation and report so resulting was to be accepted as binding on the Chief Engineer in making his certificate, and as binding on the contractors, on payment in accordance therewith, as in full satisfaction of all claims in respect of items covered by such report.

'The claims presented by the contractors, on September 19, 1901, amounted to $420,837.37.

'The engineers so appointed made full examination of the work, and took a large amount of evidence; finally making a report, dated January 18, 1902, dealing with the several items of the contractors' claim, as in the terms of the said agreement, and attaching to each item the allowance or deduction which seemed proper. They added, under date of February 6, 1902, a supplemental statement setting out, in schedule form, their conclusions, showing the several items dealt with by them, the prices allowed, the totals due under those prices, and the totals of balances found by them to be due the contractors, after deduction of amounts covered by progress estimate. The aggregate of these totals they set down as $122,829.50. As to this, however, the Chief Engineer of the department has noted that in respect of one item, namely, item No. 7, 'entrance piers to lift-locks,' for which they have allowed the bulk sum of $8,693, they have omitted to make deduction of the sum of $5,963.96 which has been already paid, and their total should, consequently, be reduced by that amount, making it $116,-865.54.

On November 22 last the Chief Engineer of the department sent in a progress estimate, No. 73, based on the said valuations and report of the expert engineers, such estimate covering work done up to October 31, 1902. The gross amount of such estimate being $587,355.04, and his previous estimate, No. 72, having been $466,369, the gross amount to which the contractors would be entitled under his estimate, No. 73, is $120,986.04, less the usual 10 per cent drawback.

'On this estimate the usual application to the Auditor General was made for the issue of a cheque in payment. The amount, however, asked for in this application was limited to $56,000 (in place of the full amount shown by the engineer's certificate to be due), the appropriation available being insufficient to cover the full amount. This application the Auditor General has declined to pass.'

The application for the payment of the $56,000 referred to in the above quoted letter was dated December 16, 1902, and the certificate of the Chief Engineer of Railways and Canals on the estimate accompanying the application reads as follows:—

'In certifying the foregoing estimate to be correct, I do so as regards all the items on page 8, except item (B), in view of the report of three expert engineers, made upon their personal examination of the works and the hearing of evidence in respect thereto.'

Mr. R. B. Rogers, the superintending engineer, and Mr. G. A. Mothersill, the check clerk in the Department of Railways and Canals, also certified to the correctness of the estimate 'in accordance with the report of the expert engineers.'

The correspondence having been referred to the Auditor General, the views of that official are set forth in his letters of January 27 and March 11, copies of which, and of the opinion of Mr. Aylesworth, K.C., referred to in the leetter last referred to, are annexed, and the attention of the Board is specially called thereto.

On the receipt of the last mentioned letter from the Auditor General, the papers were returned to the Deputy Minister of Railways and Canals for such remarks as he might wish to make in the matter, and the question was by him referred to the De-

partment of Justice, and in consequence of a letter from the Deputy Minister of that department, under date of April 14, 1903 (copy annexed), the Deputy Minister of Railways and Canals amended his certificate on the estimate above referred to to read as follows (the words underlined being added):—

'In certifying the aforegoing estimate to be correct *according to contract,* I do so as regards all the items on page 8, except item (B), in view of the report of the three expert engineers, made upon their personal examination of the works and the hearing of evidence with respect thereto.'

The correspondence having again been referred to the Auditor General, and that official having stated that he had the same objections as before, and under the same subsections (see his letters of May 4 and 6, 1903, copies annexed), the correspondence was referred by the undersigned, as Secretary of the Treasury Board, to the Department of Justice for the opinion, under clause (*a*) of section 32 of the Consolidated Revenue and Audit Act, of the Minister of Justice and Attorney General of Canada, as to whether there was parliamentary authority for the payment, and the Deputy Minister of Justice, in a letter to the undersigned, under date of May 8 1903 (copy annexed), states that he is of opinion that there is parliamentary authority in the Appropriation Act for the payment of the amount of the estimate in question, if the amount at the credit of the vote for the work is sufficient to pay it, in which view he states that the Minister of Justice and Attorney General concurs.

Respectfully submitted,

To the Honourable the Treasury Board. J. M. COURTNEY, *D.M.F.*

Treasury Board Minute, June 13, 1903.—The Board had under consideration the correspondence in connection with an appeal from objections raised by the Auditor General to the payment of the sum of $56,000, applied for by the Department of Railways and Canals as due to Messrs. Corry & Laverdure, contractors for work on the Trent Canal, Section 2, Peterborough-Lakefield Division, the same being part of a larger amount due, the appropriation being insufficient to cover the full amount.

The objections of the Auditor General having been taken under subsections (*a*) and (*c*) of section 32 of the Consolidated Revenue and Audit Act, the Board had under consideration a report from the Deputy Minister of Finance, under date of May 14, 1903, presented in accordance with subsection (*c*) of said section 32, and the documents referred to in such report, and they had also under consideration a letter from the Deputy Minister of Justice, under date of May 8, 1903, in which he states that he is of opinion that there is parliamentary authority in the Appropriation Act for the amount of the estimate in question, if the amount at the credit of the vote is sufficient to pay it, in which view he states that the Minister of Justice and Attorney General concurs.

The Board are of opinion that the objections of the Auditor General are not well taken, and should be over-ruled, and they direct that payment be made of the amount applied for.

J. M. COURTNEY, *Secretary.*

Post Office Dept.: Appointments to Third-class Clerkships under Sec. 20, C. S. Act Amendment, 1903.

AUDIT OFFICE, OTTAWA, December 24, 1903.

SIR,—Under an Order in Council, dated December 12, 1903, certain temporary clerks in your department are appointed third-class clerks.

Your supplementary pay-list for December, covering their salaries from December 12 to 31, was amended by striking out the names of those whose age exceeded 35 years and those who had not passed the qualifying examination.

I should like to see the interpretation of the proviso contained in section 20 of the Civil Service Act amendment of last session, which the Government has adopted. I am quite unable to make any consistent rendering of the whole section.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, January 7, 1904.

SIR,—With reference to your letter of the 24th December last in regard to the amending of the December pay-sheet of this department by striking out the names of the third-class clerks recently appointed under the new Civil Service Act whose age exceeded 35 years, and those who had not passed the qualifying examination, I beg to inclose herewith a copy of a letter addressed to the Deputy Minister of Justice in regard to the matter, and also a copy of his reply thereto.

In view of the decision of the Department of Justice in this matter, I would be glad if you would let me know at your earliest convenience when these clerks can be paid.

I may say that the clerks in question have been put to a good deal of inconvenience in consequence of their salaries being withheld, and complaints are being made in regard to the matter, and I would be glad, therefore, to have the question settled at an early date.

I am, sir, your obedient servant,

The Auditor General. R. M. COULTER, *D.P.G.*

POST OFFICE DEPARTMENT, OTTAWA, December 30, 1903.

SIR,—This department is in receipt of a letter from Mr. J. L. McDougall, Auditor General, under date of the 24th instant, drawing attention to the fact that certain temporary clerks in this department had been apointed third-class clerks, and stating that the supplementary pay-list for the month of December, covering the salaries of the said clerks from December 12 to 31 had been amended by striking out the names of those whose age exceeded 35 years and those who had not passed the qualifying examination, and further stating that before authorizing the payment of the salaries of these clerks as third-class clerks, he would like to see some interpretation of the proviso contained in section 20 of the Civil Service Act amendment of last session, which had been adopted by the Government. Would you kindly furnish this department with the interpretation asked for in Mr. McDougall's letter?

I may say that no person from this department was appointed a third-class clerk who had not been appointed by Order in Council and passed some examination, either preliminary or qualifying, or that demanded under the grade system instituted by the Postmaster General in an Act of about a year ago.

I would also be pleased if you would kindly express your opinion as to whether a person employed at a given rate per day, say from $1 to $1.50, who has not passed the Civil Service examination, and whose engagement with the department was not made under Order in Council, can be regarded as an employee who is entitled to third-

class clerkship under the provisions of the above-mentioned section. I may say that this department has not included any of that class in its recommendation.

I am, sir, your obedient servant,

The Deputy Minister of Justice. R. M. COULTER, *D.P.G.*

DEPARTMENT OF JUSTICE, OTTAWA, January 5, 1904.

SIR,—I have the honour to acknowledge the receipt of your letter of the 30th ultimo, in which you ask my advice upon certain questions arising under section 20 of the Act of last session in amendment of the Civil Service Act.

With regard to the effect of the proviso in so far as it purports to dispense with the qualifications depending upon age and the passing of the qualifying examination, I can best answer your questions by inclosing a copy of a letter dealing with the same points which I sent to the Deputy Minister of Inland Revenue of 29th ultimo.

As to your last question, it is my opinion that some part of the two years' continuous service which must have been put in in order to satisfy the requirements of the proviso to section 20 must have been in the capacity of writer, clerk, packer, sorter or messenger, temporary or otherwise, in one of the departments at Ottawa, within the meaning of those terms as they are used in the Civil Service Act. I would suppose that the employment which you describe cannot be held to have been in any such capacity.

I am, sir, your obedient servant,

The Deputy Postmaster General. E. L. NEWCOMBE, *D.M.J.*

DEPARTMENT OF JUSTICE, OTTAWA, December 29, 1903.

SIR,—I have the honour to acknowledge receipt of your letter of the 23rd instant with respect to the objection raised by the Auditor General to certain appointments to third-class clerkships in your department under section 20 of the Act of last session in amendment of the Civil Service Act.

In reply I beg to state that, as I understand the questions raised by these objections, I think they may be disposed of by the application to each case of the following propositions :—

1. Any one otherwise qualified for appointment to the third-class under the proviso to section 20 is not disqualified by his age whatever it may be. This is clearly the meaning and effect of the words, 'without regard to his age.'

2. Any one otherwise qualified for such appointment is not disqualified by reason of his not having passed the qualifying examination. That is expressly and explicitly provided, and that is the whole effect of the provision so far as examinations are concerned. The qualifying examination being dispensed with, it is not necessary that the person to be appointed should have passed any examination at all, for the passing of the preliminary examination was never, and is not under the new Act, required as a condition of appointment to the third-class, and a packer, sorter and messenger, if he otherwise fulfills the conditions prescribed, may be appointed, although he has never passed either the qualifying or preliminary examination.

I am, sir, your obedient servant,

The Deputy Minister of Inland Revenue. E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, January 11, 1904.

SIR,—With reference to your communication of the 7th instant, I beg to inclose herewith a copy of a letter which I sent to the Deputy Minister of Inland Revenue regarding the appointment of third-class clerks under the proviso of the 20th section in the recent Civil Service Act.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, January 6, 1904.

SIR,—I beg to acknowledge the receipt of your letter inclosing the opinion of the Department of Justice with reference to the legal restrictions of the proviso in section 20 of the Civil Service Act of last session.

By section 15 of that Act it is provided that under ordinary circumstances a third-class clerk is required to have come up to the standard secured by the ability to pass the qualifying examination, and therefore needs for his governmental duties such qualifications.

By the opinion of the Department of Justice, inclosed in your letter, it would appear that, under the proviso of section 20, he may attain the same position without knowing his letters. He may also be similarly employed while he is either too young or too old to walk.

It is quite manifest that the entire removal of educational and age restrictions in an Act which revives them so clearly for the same class of service is the result of an accidental ommission in the 20th section, which will probably be dealt with next session.

In the meantime, I do not feel justified in accepting any action on the section until I am provided with some authoritative statement of the Government as to its intentions in applying the limitations to the proviso of the 20th section.

I am, sir, your obedient servant,

The Deputy Minister of Inland Revenue. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, January 14, 1904.

SIR,—The question has arisen whether you are entitled to appoint now and pay from Civil Government salaries all those third-class clerks covered by Orders in Council dated December 12 anad 31. As there are no more than ten vacant clerkships in your department, I do not consider that you can appoint now more than ten third class clerks. If you consider that the amendment to the Civil Service Act of last session provides for their payment, will you state what section and part of section apply? I suppose you rely on section 28, which to me does not seem to make provision for supplementing a contingency appropriation by an amount from Consolidated Fund.

This objection does not apply to those permanent packers and messengers who have been appointed third-class clerks.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, January 15, 1904.

SIR,—After further consideration of the cases of those third-class clerks whose names were struck off your recent pay-list, I still think that you are not entitled to appoint them under section 28 of the Civil Service Act amendment of last session. To appoint a third-class clerk under that section would practically mean that you could make a clerk permanent without an appropriation for a permanent clerk having been made by Parliament. If this can be done, then every person employed as a temporary clerk in the service can be made a permanent clerk without Parliament sanctioning it directly.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

TREASURY BOARD, OTTAWA, January 20, 1904.

SIR,—I have the honour to inclose herewith T. B. file No. 32217, being appeal by the Post Office Department from objections taken by you to the appointment of certain third-class clerks in that department, and I have to request that you will be good enough to advise me, for the information of the Treasury Board, as to the nature and ground of your objections, and also as to the section and clause of the Consolidated Revenue and Audit Act under which such objections are taken. As there are many persons affected in this manner—some 60 or 70—and as the stoppage of the salaries is a great hardship, especially at this season of the year, I am asked to request that you will be good enough to take up the matter at your very earliest convenience so that some arrangement, if possible, may be made to relieve the situation.

I shall also be glad to receive any remarks which you may wish to make in reference to the subject.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

POST OFFICE DEPT., OTTAWA, January 18, 1904.

To the Honourable the Treasury Board.

The undersigned has the honour to state, for the information of the Honourable the Treasury Board, that a communication, dated December 24 last, was received from the Auditor General, stating that he had amended the pay-sheet for December by striking out the names of the third-class clerks recently appointed under the amendment to the Civil Service Act, 1903, whose age exceeded 35 years, and also those who had not passed the qualifying examination, and that he would like to see the interpretation of the proviso contained in section 20 of the amendment in question.

The matter was submitted to the Department of Justice, and it was pointed out that no person from this department had been appointed a third-class clerk who had not previously been appointed by Order in Council and who had not passed some examination, either preliminary or qualifying, or that required under the amendment to the Post Office Act of 1902. A reply was received to the effect that the employees in question had been legally appointed as permanent third-class clerks. A copy of the letter from the Department of Justice was submitted to the Auditor General, and inquiry was made as to when the clerks in question could be paid.

On the 14th instant a letter was received from the Auditor General, stating that inasmuch as there were only ten vacant clerkships in the department, he did not con-

sider that more than ten third-class clerks could be appointed, and that section 28 does not seem to make provision for supplementing a contingency appropriation by an amount from Consolidated Fund.

The January pay-list was amended by the Auditor General by removing the names of all the temporary persons who had recently been appointed third-class clerks, notwithstanding the fact that he had allowed a number of these clerks to be paid for December. In a letter dated 15th instant, the Auditor General stated that after further consideration he did not think the department was entitled to appoint these clerks under section 28 of the amendment of last session, as to appoint a third-class clerk under that section would practically mean that the department could make a clerk permanent without an appropriation for a permanent clerk having been made by Parliament, and if this could be done then every person employed as a temporary clerk in the service could be made a permanent clerk without Parliament sanctioning it directly.

The undersigned, by direction of the Postmaster General, would, therefore, respectfully submit for the decision of the Honourable the Treasury Board, the question as to whether the third-class clerks in question, who were appointed by the Orders in Council of December 12 and 31, have been legally appointed third-class clerks, and, if so, whether under section 28 the salaries of such third-class clerks cannot be paid out of money voted by Parliament for the year ending June 30, 1904, and applicable for the payment of salaries or the increase to the salaries of any persons in the public service.

Copies of the correspondence and of the Orders in Council are inclosed herewith.

R. M. COULTER, *D.P.G.*

AUDIT OFFICE, OTTAWA, February 9, 1904.

SIR,—I beg to acknowledge the receipt of your letter of the 20th ultimo, which accompanied a communication from the Deputy Postmaster General addressed to you, which, besides setting forth correspondence between the Department of Justice and himself, and this office and himself, requests the Treasury Board to determine whether the employees who were the subject of the Order in Council to which he refers, were eligible to become, under the Order in Council, third-class clerks.

I have had this appeal in my hands for more than two weeks, although I felt that it must be a matter of serious inconvenience, particularly at this season of the year, to persons of comparatively small pay to be out of it. We have now arrived at a perfectly safe way of paying them, at their old rate, I hope.

I could not see my proper course clear before me. I was in hopes of developing some less unpleasant means of performing my duty than requiring the Treasury Board to take the responsibility of answering for the making permanent any of the classes dealt with in this Order in Council. I am now no nearer a solution than I was at the beginning.

It is maintained that legal interpretation of the words of the two sections involved —the 20th and 28th of the Civil Service Act of the last session—is quite clear, that by these two sections anyone who has been a labourer for two years in this service, if he has spent a day as a messenger, may be appointed a permanent third-class clerk, a position to which the government itself says that, under ordinary circumstances, it is necessary in the interest of an efficient service that an examination should be passed, not a preliminary examination, but the higher, the much more important one—the qualifying, and Parliament has endorsed that statement.

Then there is no limit under this section as to age. Why?

There is an apparent argument in this that, as all which is paid to the civil servant when he is retired is the money paid by him to the State with the interest on it,—he gets nothing but his own. It is forgotten, however, that the great reason urged for a superannuation system was that it enabled the Government to free itself of men when their services ceased to be valuable. In the same way, under our retirement system, its weak spot, if it should prove to have any, will be in its being found that men will be brought under it when they are so advanced in life as to cease to have the power to earn their salaries before they have sufficient at their credit to provide them with a livelihood for the end of their years. Then there is the natural tendency to retain the fellow employee as long as possible, so as to save him from the necessity of facing a cold world with insufficient means to save him from want—this, of course, at the loss of the State.

Therefore, without this 20th section, the admitting to the permanent service of a person who was over age was as great an irregularity as admitting one who had not the knowledge qualification.

Then, with reference to the 28th section, the admitting a man to the permanent service without reference to Parliament removed the whole control of the legislature. Now, one may tell me that if the law officers say that the ordinary legal interpretation of the words of the two sections make it possible to justify the admission of the absolutely most unpromising men in the land, I have nothing to say. These men, to whom I object, may be the best labourers or even the best carpenters in the country, and, as such, worthy of every respect; but in this connection, in view of the test which is provided for us, they are absolutely out of court, except for what the 20th and 28th sections may do for them.

Now, although it is contended by lawyers that the interpretation of a statute cannot be changed from the meaning of its words by what may have happened to show a different intention in the debate on it, there surely must be something more weighty on the shoulders of those who wish to draw from certain words in two sections something with reference to certain persons which is directly opposed to other provisions of a general character which exist in several other Acts—in fact, which form the general policy of the country and which are expressly repeated in this same Act,

The wisdom of having a reasonable literary qualification for everyone whose business is deciphering writing, framing replies and performing other duties as a result, is not only plain on the face of it, but is endorsed by the experience of everyone whom I have heard discuss the matter, and who has been responsible for the oversight of the clerical work of civil servants.

It is manifest that if the members of the Treasury Board, they being all members of the Goverment, have come to the conclusion that the 20th and 28th sections, or any other section, are unwise legislation, the Government will not use the legislation which seems unwise. The Government may cancel its Order in Council, or any part of it.

The Government, having used any permissive legislation, must take the responsibility of saying that at the time the law was used it was supposed to have been in the public interest.

As is shown by my argument, I consider that there is not parliamentary authority for the proposed payments. My objection on this ground comes under subsection (*a*) of section 32, Consolidated Revenue and Audit Act. Under subsection (*c*) I also object on the ground that the appointments are not in the interest of economical government.

I think it well to quote from the report of the select committee appointed last year by the Imperial Parliament to inquire whether any plan could be advantageously adopted for enabling the House more effectively to make an examination, not involving criticism of policy, into the details of national expenditure. The paragraph to which I refer is No. (2) under the head of 'Extra-Departmental Control,' and reads as follows:—

'*(2) The Action of the Comptroller and Auditor General.*

'Under the Exchequer and Audit Act of 1866 this officer (who is completely independent of all departments, including the Treasury, and whose tenure of office is similar to that of a judge), was appointed not only to see that no money was issued without authority, but also to examine on behalf of the House of Commons the accounts of the expenditure of the grants in Supply and to report to Parliament.

'The Comptroller and Auditor General, in examination before us, stated that he conceived his functions to go beyond mere audit, and that, encouraged by the Public Accounts Committee, he entered also into the merits of expenditure. In answer to question No. 756, he said:—

'I should say that my duty is to examine the accounts of the expenditure of the grants in Supply on behalf of the House of Commons—that is to say, I am a Parliamentary officer whose duty it is not only to certify to the correctness of accounts as rendered, but, further, I am directed by the Act to report to Parliament. As regards reporting, I conceive I have something of a free hand. There are some points which I am obviously to report, such as any excess over a grant of Parliament, any clear irregularity, and so forth; but I have also a duty to report on the accounts; and availing myself of that opportunity, I think it my duty to report anything which, in my judgment, falling within my proper functions, it concerns the House of Commons to know. In the first instance, my object is to report in such a way as to assist the House of Commons in making its way through what may be a very bulky volume of accounts; but beyond that I do not feel myself debarred from calling attention to anything which has occurred in the course of my audit during the year which indicates loss or waste, or anything of that kind which I think it is well that Parliament should know. Of course, in doing so I have to act with great care and discretion. It is not for me to criticise administrative action as such; the departments are responsible for their own action as regards general administration; but if I find the result of administrative action has been a loss, or a wastefulness of, in the public money, then I think it is not going beyond my duty of reporting as an officer of the House of Commons if I call specific attention to matters of that kind, even though the account itself would not disclose the facts.'

'Your committee consider that this retrospective examination both by the Comptroller and Auditor General and by the Public Accounts Committee has been well done, and they recommend the Public Accounts Committee, even more than in the past, to encourage the Comptroller and Auditor General to scrutinize and criticise improper or wasteful expenditure, and to indicate where censure is in his opinion required.'

It seems clear that if at the reporting stage I am expected to have the duties here set forth, I must *a fortiori* have the duty of following a similar line when the action might have the effect of preventing the wrong.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

FINANCE DEPARTMENT, OTTAWA, February 10, 1904.

To the Honourable the Treasury Board :

The undersigned has the honour to report that as Secretary of the Treasury Board he received a letter under date of January 18, 1904, from the Deputy Postmaster General, submitting, by direction of the Postmaster General, for the decision of the Treasury Board, the question as to whether certain third-class clerks who were appointed by Orders in Council of December 12 and 31, 1903, had been legally

appointed to such clerkships, and if so, whether under section 28 of the Act of last session amending the Civil Service Act, the salaries of such third-class clerks cannot be paid out of money voted by Parliament for the year ending June 30, 1904, and applicable for the salaries of any persons in the public service.

It appears from the letter of the Deputy Postmaster General that the Auditor General amended the pay-sheet for December by striking out the names of the third-class clerks appointed under authority of the Orders in Council above referred to, whose age exceeded 35 years, and also those who had not passed the qualifying examination.

The Deputy Postmaster General further states that the matter was submitted to the Department of Justice, and it was pointed out that no person from the Post Office Department had been appointed a third-class clerk who had not previously been appointed by Order in Council, and who had not passed some examination, either preliminary or qualifying, or that required under the amendement to the Post Office Act of 1902, and a reply was received to the effect that the employees in question had been legally appointed as permanent third-class clerks, a copy of which letter was submitted to the Auditor General.

The Deputy Postmaster General further states that on January 14, 1904, a letter was received from the Auditor General stating that inasmuch as there were only ten vacant clerkships in the department he did not consider that more than ten third-class clerks could be appointed, and that section 28 does not seem to make provision for supplementing a contingency appropriation by an amount from Consolidated Fund.

It further appears from the letter of the Deputy Postmaster General that the January pay-list was amended by the Auditor General by removing the names of all the temporary persons who had recently been appointed third-class clerks, notwithstanding the fact that he had allowed a number of these clerks to be paid for December. In a letter dated January 15, 1904, the Auditor General stated that after further consideration he did not think the department was entitled to appoint these clerks under section 28 of the amendment of last session, as to appoint a third-class clerk under that section would practically mean that the department could make a clerk permanent without an appropriation for a permanent clerk having been made by Parliament, and if this could be done, then every person employed as a temporary clerk in the service could be made a permanent clerk without Parliament sanctioning it directly.

The matter having been submitted to the Auditor General, that official, under date of 9th instant, states that he considers that there is not parliamentary authority for the proposed payments, and that his objection on this ground comes under subsection (*a*) of section 32, Consolidated Revenue and Audit Act. He further states that under subsection (*c*) he also objects, on the ground that the appointments are not in the interest of economical government.

This report is accordingly submitted under the provisions of said subsection (*c*).

The objections of the Auditor General are set forth in his letter of February 9, 1904, and a copy of that letter and of a letter from the undersigned, dated 10th instant, are hereto attached.

Respectfully submitted,

J. M. COURTNEY, *Secretary.*

TREASURY BOARD, OTTAWA, February 10, 1904.

SIR,—I have the honour to inclose herewith Treasury Board file No. 32217 regarding the appeal by the Post Office Department from the objections of the Auditor

General in connection with the appointment of certain third-class clerks in the said department.

From the letter of the Auditor General, dated 9th instant you will notice that his objections are under subsections (*a*) and (*c*) of section 32 of the Consolidated Revenue and Audit Act, and I have to request that you will be good enough to advise me at your earliest convenience, for the information of the Treasury Board, whether, in the opinion of the Attorney General of Canada there is parliamentary authority for the proposed payments, citing such authority, if any, or whether, in his opinion, the objections of the Auditor General are well founded.

I am, sir, your obedient servant,

The Deputy Minister of Justice. J. M. COURTNEY, *Secretary.*

DEPARTMENT OF JUSTICE, OTTAWA, February 12, 1904.

SIR,—I have the honour to acknowledge your letter of the 10th instant—32217—and of the accompanying file of papers relative to the appeal by the Post Office Department from the objections of the Auditor General in connection with the appointment of certain third-class clerks in that department, and his consequent refusal to certify for the issue of cheques in payment of the salaries of these clerks.

The Auditor's objections are made under paragraph (*a*), as well as under paragraph (*c*), of section 32 of the Consolidated Revenue and Audit Act, he holding that there is no parliamentary authority within the meaning of the former paragraph for the issue of these salary cheques, and you ask for the opinion of the Attorney General of Canada as to whether or not there is such authority.

I understand that the appointments in question depend for their validity upon the provisions of the Act of last session (chapter 9) in amendment to the Civil Service Act, either because the appointment being made under the proviso of section 20 of the Act, the appointees have not passed the qualifying examination, or are of an age exceeding that limited by the Civil Service Act, and therefore but for that proviso could not lawfully be appointed, or because they have been appointed at the salary they were receiving, which is in excess of the minimum salary of the third-class, which would have been unlawful but for the provisions of section 20 of the Act, or because recourse must be had to section 28 in order to find parliamentary authority for the payment of their salaries.

The argument of the Auditor General is directed mainly against the policy of the Act if it does authorize such appointments, and with that feature of the case I am not called upon to deal. But he also contends, as I understand his position, that properly construed, the sections invoked in support of the appointments, do not give the requisite authority for them.

So far as the failure of the appointees to fulfil the requirements as to examination and age are concerned, he says in effect that the dispensation with these requirements, which the proviso to section 20 seems to contemplate, is directly opposed to other provisions of a general character which exist in several other Acts, and which, in fact, form the general policy of the country and are expressly repeated in this Act. This is true in a sense. The provision for such appointments, notwithstanding lack of the qualifications generally required, is opposed to, or rather an exception from, the general rule and policy of existing civil service legislation, but this is not the only exception of the same sort, and if Parliament has clearly provided for the exception, as in my opinion it has in this proviso, the fact that the provision is exceptional, or that it is impolitic or unwise, as the Auditor General thinks it is, is immaterial in considering its legal effect.

So as to section 28, the Auditor's objection is that the employees in question were up to the date of their appointment temporary only and paid out of the vote for Contingencies, and he urges that the admitting of a man to the permanent service without reference to Parliament removes the whole control from the legislature, and that the section should not be construed as authorizing such action.

In my opinion, however, Parliament has precisely and clearly provided in this section for such cases as that in question. Applying its terms to these employees, it will be seen that there are sums of money voted by Parliament for the financial year ending June 30, 1904 (the Contingencies vote), applicable to the payment of the salaries of these persons, who were and are in the public service within the meaning of the section, in their previous capacities as temporary employees, and such being the case, and they having under the provisions of the Act been transferred to other positions in the public service, these moneys are, by virtue of section 28, applicable in or towards payment of their salaries as so transferred, and for the present financial year, if there were no such moneys, or not sufficient of them, the Consolidated Revenue Fund might be resorted to for such payment.

I am therefore of opinion that sections 20 and 28 of the Act referred to afford parliamentary authority for the appointment and payment of the salaries of the third-class clerks in question, and I am to state that the Attorney General of Canada concurs in this view.

I am, sir, your obedient servant,

The Secretary, Treasury Board. E. L. NEWCOMBE, *D.M.J.*

EXTRACT *from the Minutes of a Meeting of the Honourable the Treasury Board, held at Ottawa on the 16th day of February, 1904.*

Treasury Board Minute, February 16, 1904.—The board had under consideration the correspondence in connection with the appeal by the Post Office Department from objections raised by the Auditor General regarding the appointment and payment of certain third-class clerks in that department.

The objections of the Auditor General having been taken under subsections (*a*) and (*c*) of section 32 of the Consolidated Revenue and Audit Act, the board had under consideration a report from the Deputy Minister of Finance under date February 10, 1904, presented in accordance with subsection (*c*) of said section 32, and the documents referred to in such report. The board had also under consideration a letter from the Deputy Minister of Justice, dated February 12, 1904, in which he states that he is of opinion that sections 20 and 28 of the Act of last session (chapter 9), in amendment to the Civil Service Act, afford parliamentary authority for the appointment and the payment of the salaries of the third-class clerks in question, in which view he states that the Attorney General of Canada concurs.

The board are of opinion that the objections of the Auditor General are not well taken and should be overruled, and they direct that payment be made of the salaries of the third-class clerks in question.

J. M. COURTNEY, *Secretary.*

Re **Arrears Due.**

DEPARTMENT OF AGRICULTURE, OTTAWA, December 31, 1903.

SIR,—With regard to the subject of your letter of October 22 last, I have to say:

1. Amounts due by collecting officers ..... None.
2. Amounts due by disbursing officers..... None.
3. Unaccounted for balances of advances :
   - S. F. Morrison..... $ 60 00
   - J. G. McKay..... 150 00
   - D. C. Egan..... 50 00
   - W. Long..... 50 00
4. All other amounts due, whether by Government officers or others..... None.

With reference to the advances unaccounted for, I may say that I have been endeavouring by writing the parties to have them account for the same; and if they continue to disregard my letters, the amounts will be deducted from their salaries.

I have the honour to be, sir,

Your obedient servant,

GEO. F. O'HALLORAN, *D.M.A.*

The Auditor General.

AUDIT OFFICE, OTTAWA, November 14, 1903.

SIR,—I have received a statement of the arrears due to your department on June 30 last and yet unpaid.

Every item on this statement was reported by you in arrears on June 30, 1901.

I have to ask what action has been taken looking towards the collection of these amounts. It seems to call for some explanation why they have not been paid. There ought to be no difficulty in collecting the two small items standing against the Canadian Express Co. and the Canadian Pacific Railway.

According to this statement there are no arrears due in connection with the transactions of the last two years.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Commissioner of Agriculture and Dairying.

DEPARTMENT OF AGRICULTURE, OTTAWA, November 19, 1903.

DEAR SIR,—I have your favour of 14th instant in reference to the statement of arrears due to this branch of the Department of Agriculture on June 30 last, and yet unpaid. I believe we have exhausted every resource in trying to secure payment of some of these amounts. There are others which may yet be collected, and we are at the present time in communication with the parties with that end in view. As soon as I have any further information regarding the various items I will write you again. With respect to the two items standing against the Canadian Express Company and the Canadian Pacific Railway Co., I may say that these amounts represent claims made by us

for goods supposed to have been damaged during transit in the hands of these companies. We have not been able to prove liability and therefore they have refused to pay the claims.

Yours truly,

J. A. RUDDICK,
Acting Commissioner.

The Auditor General.

AUDIT OFFICE, OTTAWA, January 13. 1904.

SIR,—I wrote you on October 22 and again on December 22, for a statement of all arrears due to your department on June 30 last and yet unpaid.

A statement was received a few days ago of the arrears due on account of fisheries amounting to $1,636.15. The amount due last year was only $511.15. The large increase seems to call for some explanation. What action have you taken in reference thereto?

I have also to remind you that no statement of the arrears of wharfs and piers revenue has been furnished; nor of balances of advances unaccounted for.

The statement of arrears due to the several departments will shortly be sent to the printers, and I have to ask you for your early attention.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. L McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, January 13, 1904.

SIR,—I wrote you on Oct. 22 and again on Dec. 22, asking for a statement of all arrears due to your department on June 30 last and yet unpaid.

I recently received from Mr. Smith a statement of arrears due on account of slides and booms.

Statement of arrears due on account of telegraph revenue, balances of advances unaccounted for, and all other amounts due to your department are yet required

I shall shortly send this part of the report to the printers, and I have to ask your earliest attention.

I am, sir your obedient servant,

The Deputy Minister, Public Works Department. J. L. McDOUGALL, *A.G.*

Re **Hire of Special Trains, P.E.I. Railway.**

AUDIT OFFICE, OTTAWA, February 1, 1904.

SIR,—In the statement of arrears due to the P.E.I. Ry., lately received, there appears an amount of $5,135.50 against your department for hire of special trains in connection with winter mail service, December, 1902, to April, 1903.

Does your department acknowledge liability for this claim, and if so, why has it not been paid?

I have the honour to be, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF TRADE AND COMMERCE, OTTAWA, Dec. 15, 1903.

SIR,—In reply to your circular letter of October 22, I beg to state that there is nothing due either by collecting officers or disbursing officers; neither are there any unaccounted for balances of advances or other amounts due, with the exception of the Cullers' arrears, which, as you have been before advised, have been outstanding, some of them for many years. Many of them are worthless and uncollectable. Some of them have stood for thirty years; and I believe Mr. Parmelee intended to have them wiped out by the Public Accounts Committee.

I have the honour to be, sir, your obedient servant,

The Auditor General. F. C. T. O'HARA, *A.D.M.*

(a) The salary of Dep. Sheriff, $3,000, was paid out of revenue in 1901-2. This year it is charged to Vote M—16.

(b) The commission due the Bank of Commerce, $19,000, was paid in December, 1903, and charged to accounts of 1903-4.

The expenditure for the Assay Office at Vancouver, $14,993.90, is not included in the above.

a. The expenditure depends upon the demands of the trade which varies from year to year. *b*. Caused by decrease in travelling and other expenses. *c*. The decreased expenditure is due to the fact that the bulk of analytical work was performed at the laboratory in Ottawa by salaried employees instead of being done by the district analysts who are paid specific fees.

These accounts have been examined under my direction and are correct.

Re W. W. Moore's Expenses with Boer Farmers' Visit to Canada.

DEPT. OF AGRICULTURE, OTTAWA, May 2, 1903.

SIR,—On the 16th March last I sent you a requisition, pursuant to an Order in Council of date 12th March, 1903, for a cheque in favour of Mr. W. W. Moore, for $692.90, to cover his personal expenses and other outlay incurred and made in connection with the visit of a party of Boer farmers to Canada, to which I have received no reply.

Will you kindly give me a reply as early as convenient?

I am, sir, your obedient servant,

The Auditor General. GEO. F. O'HALLORAN, *D.M.A.*

AUDIT OFFICE, OTTAWA, May 5, 1903.

SIR,—Replying to your letter of the 2nd instant relative to the application for a cheque for $692.90 in favour of Mr. W. W. Moore to cover his expenses in connection with the visit of the Boer farmers to Canada, I have to state that I have not yet received any accounts to support the amount claimed.

I may also say I discussed this matter with the Accountant of your department some time ago and pointed out to him at that time that it would be necessary to forward the accounts or some other conclusive evidence that the amount claimed had been actually disbursed.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture. J. L. McDOUGALL, *A.G.*

DEPT. OF AGRICULTURE, OTTAWA, May 11, 1903.

SIR,—I have your letter of the 5th instant, replying to mine of the 2nd instant, relative to my application of the 16th of March last for a cheque in favour of Mr. W. W. Moore for $692.90 to cover his expenses and outlay in connection with the Boer farmers' visit to Canada.

I would call your attention to the terms of the Order in Council of the 12th March last.

I do not consider that I am bound to furnish any accounts or other evidence that the amount claimed has been actually disbursed.

Will you please let me know as early as possible whether you intend to send me the cheque asked for or not.

I am, sir, your obedient servant,

The Auditor General. GEO. F. O'HALLORAN, *D.M.A.*

AUDIT OFFICE, OTTAWA, May 13, 1903.

SIR,—I am in receipt this A.M. of your letter of the 11th inst. relative to an application for a cheque in favour of W. W. Moore, chargeable to 'Unforeseen Expenses.'

In reply I have to say that the vote for 'Unforeseen Expenses' is exhausted and that the application cannot be passed until the Vote is in funds.

I may also say that I cannot, as stated in my letter of the 5th instant, pass the application without some evidence that the amount asked for was actually disbursed. A certificate, at least, to that effect should be furnished by Mr. Moore.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture. J. L. McDOUGALL, *A.G.*

DEPT. OF AGRICULTURE, OTTAWA, July 17, 1903.

SIR,—I received in due course your letter of the 13th May ult. with reference to an application for a cheque in favour of W. W. Moore, chargeable to Unforeseen Expenses, stating that the Vote for this purpose was exhausted, and that the application could not be passed until the Vote was in funds and you were furnished with a certificate to the effect that the amount asked for had been actually disbursed.

I understand that the Vote is now in funds, and I inclose the certificate asked for. Will you kindly have the cheque sent as early as possible?

I am, sir, your obedient servant,

The Auditor General. GEO. F. O'HALLORAN, *D.M.A.*

OTTAWA, July 17, 1903.

I, W. W. Moore, an officer of the Department of Agriculture, do hereby certify that the sum of six hundred and ninety two dollars and ninety cents ($692.90), allowed me by Order in Council of date of 12th March, 1903, to cover expenditure incurred in accompanying the party of Boer farmers who, at the instance of the Imperial Government, visited Canada to study methods of agriculture, &c., was actually disbursed by me.

W. W. MOORE.

Quarantine Expenditure, Proposed Transfer not Legal.

Extract from an Order in Council, dated 23rd December, 1902.

Agriculture.—On a memo. dated 19th December, 1902, from the Minister of Agriculture, stating that it was found necessary, urgent and in the public interest to have an expenditure of $2,000 made for certain works required at the Grosse Isle Quarantine Station by the Department of Public Works.

The Minister therefore recommends that the sum of $2,000 be transferred from the Quarantine Vote of $110,000, 'Salaries and Contingencies of Organized Districts and Public Health in other Districts' to the Department of Public Works, to recoup that department for the expenditure of the above-mentioned amount.

The committee submit the same for approval.

JOHN J. McGEE, *C.P.C.*

AUDIT OFFICE, OTTAWA, December 29, 1902.

SIR,—I beg to say with reference to the Order in Council of the 23rd instant dealing with the insufficiency of the Public Works appropriation for the Grosse Isle Quarantine Station, that under the wording of the appropriation, 'Salaries and Con-

tingencies for organized Districts &c.,' it is illegal to transfer any part of it to the appropriation which has run out. As a general rule it is irregular to transfer from one appropriation to another.

I shall be glad to be consulted by yourself or the Accountant before the passage of an Order in Council on such a subject.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture. J. L. McDOUGALL, *A.G.*

Commissioner's Branch—Payment of December Salaries before end of the Month.

AUDIT OFFICE, OTTAWA, May 1, 1903.

SIR,—I notice the salaries of all your officials for the month of December last were paid in full on December 23. The Order in Council of December 19, a copy of which your department, I suppose, duly received, stated that the salaries of all temporary employées both of the inside and outside services were to be paid up to and including the 23rd.

Please explain why the terms of the Order in Council were not followed.

The Commissioner of Agriculture and Dairying. J. L. McDOUGALL, *A.G.*

DEPT. OF AGRICULTURE, COMMISSIONER'S BRANCH, OTTAWA, May 16, 1903.

SIR,—In the absence of Professor Robertson I am to reply to yours of the 1st instant. I did not see a copy of the Order in Council of December 19 *re* the payment of salaries up to and including December 23. The custom prevailing in this office has been to pay all employees for the full month of December previous to the Christmas holiday, and this custom was adhered to.

I am, sir, your obedient servant,

The Auditor General. JAS. F. O'HARA, *Accountant.*

AUDIT OFFICE, OTTAWA, May 22, 1903.

SIR,—I am in receipt of a letter from the Accountant of your branch of the Agriculture Department in answer to mine of the 1st instant, asking why the December salaries of your officials were paid in full on December 23, in which he states that the custom in your office has been to pay all employees for the full month of December previous to the Christmas holiday, and that the custom was adhered to in this instance.

Please say that this will not be done in the future.

I am, sir, your obedient servant,

The Commissioner of Agriculture and Dairying. J. L. McDOUGALL, *A.G.*

DEPT. OF AGRICULTURE, COMMISSIONER'S BRANCH, OTTAWA, May 27, 1903.

SIR,—In the absence of the Commissioner of Agriculture and Dairying I have the honour to reply to your favour of 22nd instant in reference to payment of employees

for full month of December previous to the Christmas holiday. I beg to say that in future the regulation as laid down will be adhered to.

I am, sir, your obedient servant,

The Auditor General. JAS. F. O'HARA, *Accountant.*

Commissioner's Branch—*Re* Bank Account.

AUDIT OFFICE, OTTAWA, March 2, 1903.

SIR,—Let me acknowledge the receipt of your certificate of Feb. 26, with reference to the bank balance on January 31. Please let me know why the cheque referred to, No. 3303 for $20.57, was issued in January and not included in the January statement, to whom the cheque was issued and for what.

Pending explanation your application for a letter of credit is held.

I am, sir, your obedient servant,

The Commissioner of Agriculture and Dairying. J. L. McDOUGALL, *A.G.*

DEPT. OF AGRICULTURE, COMMISSIONER'S BRANCH, OTTAWA, March 5, 1903.

SIR,—This cheque was drawn in favour of Mr. J. A. Ruddick, and was issued to pay a number of small accounts due to egg patrons of Churchbridge creamery. It was issued on Saturday, January 31, after our books had been ruled off for the month and was not, therefore, included in our cheque list for the month of January. Inadvertently it was presented to the bank for payment on the date of issue, and therefore it appears in the January bank issue. The balance of the cheques of the lot of which this was one were dated February 3.

I am, sir, your obedient servant,

The Auditor General. J. A. RUDDICK, *Acting Commissioner.*

Commissioner's Branch—*Re* an Arrear,

DEPT. OF AGRICULTURE, COMMISSIONER'S BRANCH, OTTAWA, May 27, 1903.

SIR,—We have on our books an account which we have found impossible to collect. It is one against J. McCurdy of Moosomin for supplies purchased from the Government creamery there. I inclose copy of the account thinking perhaps you will take it up with Mr. McCurdy.

I am, sir, your obedient servant,

The Auditor General. JAS. F. O'HARA, *Accountant.*

AUDIT OFFICE, OTTAWA, June 1, 1903.

SIR,—I am in receipt of your letter of the 27th ultimo. and enclosed account against J. McCurdy of Moosomin, and in reply have to say that I regret that I cannot be of any assistance in this matter.

Please explain why credit was given in this instance.

I am, sir, your obedient servant,

The Accountant of Agriculture and Dairying Branch. J. L. McDOUGALL, *A.G.*

DEPT. OF AGRICULTURE, COMMISSIONER'S BRANCH, OTTAWA, June 5, 1903.

SIR,—I have the honour to acknowledge receipt of yours of 1st instant in reference to our account against J. McCurdy of Moosomin. I am sorry to say that it will be very hard to answer your question in regard to credit being given in this instance, as the buttermaker who made the sale is not in our employ at the present time. This man McCurdy has dropped off the list of patrons also.

I may be able to report to you in a more satisfactory way later.

I am, sir, your obedient servant,

The Auditor General. JAS. F. O'HARA, *Accountant.*

Experimental Farms—Proposed Temporary Use of Maintenance Vote not Legal.

DEPT. OF AGRICULTURE, CENTRAL EXPERIMENTAL FARM, OTTAWA, Dec. 19, 1902.

DEAR SIR,—In reference to the matter brought under your notice when I last called on you, I beg to submit the following:—

Early in the fiscal year I was informed by the Hon. Minister of Agriculture that, owing to the urgent need of a bacteriological laboratory for the veterinary branch of his department, it would be necessary to draw temporarily from the vote of the experimental farms in the department of Public Works to assist in the construction of this building. It was understood at the time that the sum to be so used would be about $2,000. Recently I learned that the amount which had been actually drawn for this purpose was $4,920.52, which, with the sums already expended for buildings, repairs, &c., on the several experimental farms, had quite exhausted our vote, leaving us no means of paying from this vote obligations which have been incurred.

As there seems no way now by which the sum expended on the bacteriological laboratory can be returned to our vote in the department of Public Works until supplementary estimates are passed, I have suggested to the Minister that we advance the sums necessary for obligations incurred and accruing from the vote for the Maintenance of the experimental farms, such sums to be covered by the subsequent return to the experimental farm maintenance vote, from supplementary estimates, of the amount taken from that vote. This suggestion has the Minister's approval, and I write now to ascertain whether this plan would be approved by you, and if not, if you could suggest the adoption of any other course.

I may add that the obligations already incurred amount approximately to $1,000, and that the total likely to be required before a supplementary vote would be available would probably amount to between $2,000 and $3,000.

An early reply would oblige.

I am, sir, your obedient servant,

The Auditor General. WM. SAUNDERS, *Director, Experimental Farms.*

AUDIT OFFICE, OTTAWA, January 3, 1903.

SIR,—Will you excuse my not answering earlier your letter of the 19th ultimo with reference to the shortage in the vote of the experimental farms in the Department of Public Works, owing to your unexpected expenditure for a bacteriological laboratory. I have been fully occupied with work, in addition to the usual claims upon my attention, in getting out our annual report.

I am sorry to say that I see no way of meeting your requirements regularly. When money is voted by parliament for a clearly described purpose, no part of it can be used for any other purpose. I would have suggested that you might have drawn something from the vote for unforeseen expenses, but I know that the vote has been fully used. No part of the expenditure which you are now desirous of making can at all come under the heads which would justify the issue of a Governor General's warrant. I am afraid that all that can be done will be to either put off the work until the session, or to put off the payment until after the beginning of the session, the work being performed in the meantime.

I am, sir, your obedient servant,

The Director, Experimental Farms, Ottawa. J. L. McDOUGALL, *A.G.*

Experimental Farms—Delay in Return of Vouchers.

AUDIT OFFICE, OTTAWA, May 7, 1903.

SIR,—I am in receipt of your application of the 4th instant for a letter of credit for $7,000 in favour of W. Saunders and T. M. Cramp on account of current expenses, experimental farms.

In reply I have to say that the latest vouchers in this office against the expenditure for experimental farms are the December ones, and that I cannot pass this application for a further credit while so many of the vouchers are still outstanding.

I need not say how much I regret that I should be obliged to delay your credit even for a short time.

I am, sir, your obedient servant,

The Deputy Minister of Dept. of Agriculture. J. L. McDOUGALL, *A.G.*

DEPT. OF AGRICULTURE, OTTAWA, May 13, 1903.

SIR,—In reply to your letter of the 7th instant, stating that you cannot pass the application of the 4th instant made by me for a letter of credit in favour of W. Saunders and T. M. Cramp, on account of vouchers of expenditure for experimental farms outstanding, I have to say that the January and February vouchers have already been sent to you. The director of experimental farms explains that the delay in forwarding these vouchers to the department was due to errors in statements from some of the branch farms and lack of explanations regarding some expenditures, involving considerable correspondence between the Central Experimental Farm and the branch farms concerned. The vouchers for the month of March will be sent to you as soon as some explanations concerning them have been received from the branch farms at Agassiz and Indian Head. I trust to be able to send you the vouchers for April at the end of this month.

With the above explanation I trust you will be able to issue without delay the letter of credit asked for in my letter of the 4th of May.

I am, sir, your obedient servant,

The Auditor General. GEO. F. O'HALLORAN, *D.M.A.*

Re Sales at Experimental Farms.

AUDIT OFFICE, OTTAWA, March 30, 1903.

SIR,—I have to call your attention to the delay in forwarding to this office the returns and bank receipts covering sales at the experimental farms. The returns for November are the last to hand, and they were received on January 30.

Is there any reason why the returns and bank receipts for each month should not reach this office before the close of the succeeding month?

I am, sir, your obedient servant,

The Deputy Minister of Agriculture. J. L. McDOUGALL, *A.G.*

DEPT. OF AGRICULTURE, OTTAWA, April 11, 1903.

SIR,—I have the honour to acknowledge the receipt of your letter of the 30th ultimo, calling my attention to the delay in receiving at your office the returns and bank receipts covering sales at the experimental farms, and asking if there is any reason why the returns and bank receipts for each month should not reach your office before the close of the succeeding month.

The accountant informs me that the bank receipts have been sent to you, and I send you herewith returns covering the sales for the months of December, January and February.

The Director of Experimental Farms informs me that there is no reason why returns and bank receipts should not be sent in, in the way that you suggest, and that in future he will try to have them so sent.

I am, sir, your obedient servant,

The Auditor General. GEO. F. O'HALLORAN, *D.M.A.*

Re Cattle Inspection.

AUDIT OFFICE, OTTAWA, October 19, 1903.

SIR,—I wrote you September 4 that fees for cattle inspection had come to account from Winnipeg and other places for which no returns have been received.

I have to-day received the reports of inspections made by Chas. Little, V.S., at Winnipeg, during five months ending June 30, 1903, but without any accompanying summary or letter.

A considerable proportion of the inspections made were for settlers, for which no fees were exacted. Is this in accordance with the statute?

The return for February calls for $109.25 for inspections made for dealers, but I do not find that any deposit has come to account.

Were there no inspections made at Winnipeg between July and February?

I am, sir, your obedient servant,

The Deputy Minister of Agriculture. J. L. McDOUGALL, *A.G.*

DEPT. OF AGRICULTURE, OTTAWA, October 22, 1903.

SIR,—In reply to your letter of the 19th inst., *re* cattle inspections, the accountant submits the following explanations: On the 17th inst. he forwarded by mail a return

of inspection made by Charles Little, V.S., of Winnipeg, covering a period of five months ending June 30, 1903, but he neglected to send the usual letter accompanying same.

With reference to the proportion of inspections of settlers' stock, the inspecting officers of this department made inspections without charging the settlers any fees whatever. This is in accordance with our regulations.

The return for February calls for $109.25. A deposit was made on April 15, 1903, of the sum of of $427.25, which included February and March fees.

Inspections were made at Winnipeg between July, 1902, and February, 1903, but Mr. Little, who was the inspecting officer, was paid $1,000 a year and was permitted to retain the fees on all animals inspected with the exception of those of *bona fide* settlers, for which no fees were to be charged. On the 1st February last a new arrangement was made with Mr. Little and he is now paid $1,500 a year and all collectable fees are to be forwarded to the department.

I am, sir, your obedient servant,

The Auditor General. A. L. JARVIS, *Acting D.M.A.*

Re Patent Fees and Trade Marks.

AUDIT OFFICE, OTTAWA, June 25, 1903.

SIR,—In accordance with the Treasury regulations a deposit should be made every day if the receipts are over $25.

On five days during May no deposit was made, while the receipts for each day were much more than $25.

The deposits each day should be made after midday and should include all the funds on hand at time of deposit.

On six occasions during May the deposit made was short of the balance on hand at the close of the previous day.

The deposits made on June 1 ($1,141.97) covered receipts of May 29 and 30, and part of the 28th, the receipts having in this case also on each day been more than $25.

Please explain.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture. J. L. McDOUGALL, *A.G.*

DEPT. OF AGRICULTURE, OTTAWA, July 8, 1903.

SIR,—I have the honour to acknowledge the receipt of your letter of the 25th ultimo in regard to the deposit of Patent and Copyright and Trade Marks' fees, and stating that in accordance with Treasury Board regulations a deposit should be made every day if the receipts have been more than $25.

In reply to the second paragraph of your letter, in which you state that on five days during May no deposit was made although the receipts for each of those five days was much more than $25, I have to say that three of these five days in question were Saturdays. As the bank closes at noon on Saturday, it is impossible to make a deposit after midday. In such a case the deposit is made upon the Monday following. In this connection I may add that the only other circumstance necessitating the holding of cash by the department beyond the day upon which it has been received, is the fact of its receipt by the department at an hour too late to allow of its being deposited.

Depositors of fees not infrequently make their deposits at the department as late as four o'clock, and fees frequently arrive too late by mail to allow of their being put through the regular course of delivery, checking and deposit upon the afternoon of their receipt, but all such cash is invariably deposited the following day.

In reply to the statement in the fourth paragraph of your letter, that on six occasions during May the deposit made was short of the balance on hand at the close of the previous day, I have to say this was owing to the fact that the department receives fees in the forms of foreign money orders and postal notes, and Canadian money orders and postal notes. The money orders and postal notes are made out in favour of the Commissioner of Patents, and they have to be endorsed with a stamp, as follows:

'For deposit to the credit of the Receiver General,
(Signed) F. C. Chittick,
pro Commissioner of Patents, Canada,'

which is intended as a guarantee against any loss to the Government whatever. Frequently an advice note is not received by the postal authorities until some time after the department has received the money order, and on many occasions the department has had to carry foreign money orders for as long a period as two weeks, and even longer, before being able to have them redeemed, owing to the advice notes having missed a steamer. The practice has been to carry money orders and postal notes over for two or three days, and in that time they might amount altogether to two or three hundred dollars, but, as I have stated, cash is deposited upon the day of its receipt, except when received too late to allow of that, in which case it is invariably deposited upon the following day, or, if received too late for deposit upon a Saturday, on the following Monday. I inclose a form on which the department makes entries of money orders and postal notes received, and this form is forwarded to the postmaster, who sends to the department in return a certificate made out in favour of the manager of the Bank of Montreal covering the total amount of the money orders and postal notes presented to him for redemption. Until an advice note has been received by the postal authorities they do not of course redeem an order, and the postmaster does not give the department the certificate in any case until the advice notes covering the money orders specified upon the form have been received.

With reference to the deposit made on June 1 of $1,141.97, covering receipts of the 28th, 29th and 30th May, the receipts having, apparently, been more than $25 on each of these dates, I may say that this is one instance where money orders and postal notes were, according to the practice of the department already referred to, retained for two or three days, when a certificate, made payable to the manager of the Bank of Montreal , was secured from the postmaster here.

I am, sir, your obedient servant,

The Auditor General. GEO. F. O'HALLORAN, *D.M.A.*

Customs Revenue.

CUSTOMS DEPT., OTTAWA, December 30, 1902.

SIR,—I have the honour to acknowledge the receipt of your letter of the 25th ult., respecting the decrease of customs revenue at certain ports during the past fiscal year, notwithstanding an increase of $3,317,669.45 in the total customs revenue for this year as compared with the previous year.

On looking over the list of decreases, there does not appear to be any ground for suspicion that the decrease has arisen in any case from the non-accounting of funds, but is due to the fluctuation of business or transfer of entries from one port to another.

For instance, the erection of the iron and steel plant added abnormally to the revenue at Sydney in 1900-1.

Valleyfield, P.Q., was detached last year from St. John, P.Q., and made a chief port. The revenue collected at Valleyfield is to be included in the comparison of the two years.

New Glasgow, N.S., was also detached from Pictou, and made a chief port last year. The revenue at New Glasgow is similarly to be taken into account.

Rat Portage was detached from Port Arthur, and Parry Sound from Collingwood, at April 1, 1901, and erected into main ports.

The revenues at Rat Portage and Parry Sound are, therefore, to be taken into account for comparison.

White Horse, Y.T., was erected into a port in April, 1901, and the revenue collected at the Yukon passes last year have been included in the entries under White Horse. These collections were formerly entered under Victoria, B.C., or as 'Yukon passes.'

I am, sir, your obedient servant,

The Auditor General. JOHN McDOUGALD, *Commissioner.*

Re Overpayment of Advertising.

CUSTOMS DEPT., OTTAWA, January 5, 1903.

SIR,—I have the honour to acknowledge receipt of your letter of November 21 last, returning seizure vouchers No. 611 of the fiscal year ending June 30, 1902, and calling my attention to an overpayment of $17.90 in the accounts for advertising covered by this voucher.

Upon reference to the accounts, which I return herewith, you will notice that the advertisements were inserted for two weeks, and that the certificate of the King's Printer is based upon six insertions.

I would explain that, through an error, the Collector of Customs at St. John, N.B., was authorized by this department to have the goods in this instance advertised for two weeks, and, in consequence of such instructions, the accounts were paid at the amounts submitted, which are not in excess of contract rates when time is considered.

I understand that, in view of these facts, which have been explained to you by the accountant, of the department, you have decided not to press for refund of the amount paid in excess of the certificates of the King's Printer.

I am, sir, your obedient servant,

The Auditor General. JOHN McDOUGALD, *Commissioner.*

Re Indian Corn Imported Free.

AUDIT OFFICE, OTTAWA, May 22, 1903.

SIR,—According to Trade and Navigation Report for 1901-2, there was imported during that year, free of duty, 4,485,072 bushels of Indian corn, and 2,487,115 bushels exported, leaving a balance for domestic use of 1,997,957 bushels.

The returns of the distilleries for the same year show that 315,461 bushels of domestic corn were used, of which 237,769 bushels were used by Walker & Co., of Walkerville.

Please let me know what regulations are in force to determine that no corn imported free is used in any of the distilleries.

I am, sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

CUSTOMS DEPT., OTTAWA, May 30, 1903.

SIR,—Referring to your letter of the 22nd instant, in the above matter, item 540 of the Customs Tariff provides for the free importation of 'Indian corn, not for the purposes of distillation and under customs regulations.'

The form of return (F. 12) with the regulations on this subject printed thereon, is forwarded herewith.

Copy of instructions to Collector of Customs at Windsor, Ont., dated January 12, 1899, also inclosed.

I am, sir, your obedient servant,

The Auditor General. JOHN McDOUGALD, *Commissioner.*

(Copy.) CUSTOMS DEPT., OTTAWA, January 12, 1899.

To the Collector of Customs,
Windsor, Ont.

SIR,—Referring to Memorandum No. 932 B., respecting return of Indian corn for distillation, I beg to advise you that the excise officers at the distillery of Hiram Walker & Sons, Limited, at Walkerville, are authorized to obtain declarations as to the origin of corn grown in Canada, when presented at the said distillery to be weighed for delivery there.

Such declaration, signed by the owner of the corn, or signed by the attendant in charge of the delivery vehicle, may be accepted as establishing the origin of the corn therein described.

The declaration in the following form, as near as may be, shall be filled in and signed with ink or indelible pencil, and books of printed forms will be supplied to the excise officers at the distillery, viz.:—

FORM.

Declaration No.....

Corn for Distillery of Hiram Walker & Sons, Limited.

I,.....of.....hereby solemnly declare that, to the best of my knowledge and belief, the Indian corn specified below and now produced for delivery at the above distillery, was grown in Canada, on the farm of..... at or near.....viz.:.....lbs., sold by.....

.....

(Signature of owner, or attendant in charge.)

Re **Customs Drawbacks on Agricultural Implements.**

AUDIT OFFICE, OTTAWA, June 5, 1903.

SIR,—In connection with the audit of the drawbacks on material used in manufacture of agricultural implements and other articles, &c., exported, I have to ask for the report and statements upon which the schedule of rates is established.

Some of the drawbacks allowed during the present fiscal year were on exportations in 1900 and 1901. Please explain the delay.

Do you get any return from the manufacturers showing the total output?

I am, sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, June 10, 1903.

SIR,—I have to ask you to send me the schedule of rates allowed the Cockshutt Plow Company, Limited, in making up the amount paid them during the present fiscal year for drawbacks on agricultural implements exported.

I am, sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

CUSTOMS DEPT., OTTAWA, June 18, 1903.

SIR,—Referring to your letters of the 5th and 10th instant in the above matter, I send you herewith file No. 55342 respecting rates allowed the Cockshutt Plow Company in making up drawbacks.

I also inclose the following files in relation to customs drawbacks on agricultural implements, viz.:—Nos. 51094, 51524, 53916, 55080 and 57702.

It is owing to the delay of the manufacturers in presenting their claims that drawbacks on exportations in 1900 and 1901 have not been paid before last fiscal year. The department does not get a return from manufacturers showing the total output of manufactured goods.

I am, sir, your obedient servant,

The Auditor General. JOHN McDOUGALD, *Commissioner.*

Re Drawback on Ships' Materials.

AUDIT OFFICE, OTTAWA, June 11, 1903.

SIR,—The voucher furnished for drawbacks paid on ships' materials is merely a certificate of the builder that the vessel has been built, and the certificate of the Registrar of Shipping that it has been registered.

The builder's certificate declares that the amount of the drawback claimed does not exceed the actual duty paid on the materials used in the construction of the said vessel.

As no vouchers are furnished in support of this statement, I have to inquire what steps are taken by your department to ascertain the amount of duty paid.

I am, sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

CUSTOMS DEPT., OTTAWA, June 15, 1903.

SIR,—Referring to your letter of the 11th instant in the above matter, I have to state that it has not been found practicable, as a general rule, to obtain proof of the actual amount of duties paid on materials used in the construction of ships.

The department has relied on the declaration of the builder in the form provided in the regulation established by Order in Council, to the effect that the amount of drawback claimed does not exceed the actual duty paid on the materials used in the construction of the said vessel.

Copy of Order in Council (Memo. 1144 B.) is inclosed herewith.

The drawback on ships is paid as a specific sum under the provisions of Section 245 (m) of the Customs Act, which authorizes the Governor in Council to make regulations for granting a specific sum in lieu of any drawback of duty on articles which have been used in Canadian manufactures.

I am, sir, your obedient servant,

The Auditor General. JOHN McDOUGALD, *Commissioner.*

Re Collector's Bank Account, Port of Montreal.

AUDIT OFFICE, OTTAWA, June 29, 1903.

SIR,—In the December bank account of the port of Montreal appear the following items among the outstanding special deposits:—

Date.	Amount.	By Whom.	Goods Covered.
	$		
Various	2,881 27	Various parties	Standing orders for delivery of perishable goods prior to entry.
1897.			
Feb. 9	52 65	L. D. Perham	Balance over in cash account shipping office.
1899.			
Sept. 23	500 00	Imperial Oil Co	Oil from bonded tanks.
1901.			
Jan. 5	200 00	Ogdensburg Coal Co	Coal prior to entry.
Sept. 20	250 00	Gall, Schneider & Co	Oil from bonded tanks.
1902.			
Jan. 10	5 00	M. Michaels	Samples from bond.
April 3	11 25	F. Hyde & Co	Amend to cement entry.
" 5	150 00	American Tobacco Co	3 c/s machinery.
May 31	69 60	D. Kirby & Co	Leaf tobacco exported.
June 6	2 20	Jacobson & Ram	Amend to coffee substitute.
" 20	25 00	W. T. Bailey	Samples from bond.

There are also in the same return quite a number of outstanding cheques issued from 1892 to 1902, amounting in all to $248.89.

I have to ask what is the practice hitherto followed in regard to old outstanding cheques and deposits.

Departmental letter-of-credit cheques outstanding over two years are deposited to credit of Receiver General. Is there any reason why collectors' cheques should not be treated in the same manner?

I am, sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A.G.*

CUSTOMS DEPT., OTTAWA, July 7, 1903.

SIR,—Referring to your letter of the 29th ultimo in the above matter, I am to state in reply as follows:—

The first item, of $2,881.27, covers deposits by various parties on fruits and other perishable articles. There would not be any use in having these removed from the balance at the close of the fiscal year. They have to remain as standing deposits as security for the due entry of the goods, as explained in my letter of June 4, 1901.

The deposits between January 10 and June 20, 1902, have been removed from the bank balance since the month of December last, and in regard to deposits (3) made by the Imperial Oil Co., Ogdensburg Oil Co., and Messrs. Gall, Schneider Co., I would state that full information in connection with these will be found in the bank statements for the months of January and February last, which have to-day been sent to the Audit Office.

The item of $52.65, covering balance over in cash account of shipping office from February 9, 1897, does not refer to this department.

It was found upon inquiry at Montreal, on April 1 last, that this is a balance over in collections in the shipping office representing an error in payment of wharfage dues by persons unknown.

The practice hitherto followed in regard to old outstanding cheques is the same as followed in respect of departmental letter-of-credit cheques, and when port cheques are outstanding over two years the amounts thereof are deposited to the credit of the Receiver General on account of casual revenue.

A number of the outstanding cheques issued from 1892 to 1902 have, however, been lost, and bonds are being obtained in most of the cases so as to have new cheques issued.

I am, sir, your obedient servant,

The Auditor General. JOHN McDOUGALD, *Commissioner.*

Travelling expenses of Dr. R. Bell, Acting Director.

AUDIT OFFICE, Ottawa, June 30, 1903.

SIR,—On July 2, 1902, you drew a cheque of $700 on account of travelling expenses. The accompanying statement, compiled from your accounts, shows the cost of the different trips made by you up to April 30, with dates of each trip, and the balance unexpended at the close of each trip. On April 30, the then unexpended balance amounting to $166.27 was refunded by you, and on the same date you drew by cheque No. 7685 a further sum of $675, for which I have received no accounts as yet. I beg to point out to you the inadvisability of your drawing at the beginning of the fiscal year such a large amount, calculated I presume to last through the year. At the beginning of that trip an amount sufficient for that trip only should have been drawn and the accounts for such trip should be fully closed before a further advance is drawn for a new trip.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Acting Director Geological Survey.

ROBERT BELL, IN ACCOUNT WITH THE GEOLOGICAL SURVEY.

		$700 00	$700 00	.....

AUDIT OFFICE, Ottawa, October 12, 1903.

SIR,—I have your account amounting to $641.62 for your expenses to Great Britain between May 1 and June 10 last. This trip was mainly taken by you in connection with the conferring of an honorary degree on you by Cambridge University. Kindly give your reasons for making such expenses a charge against the Geological Survey appropriation, and indicate under what sub-head of that appropriation you consider these expenses are properly chargeable.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Acting Director Geological Survey.

GEOLOGICAL SURVEY, Ottawa, October 22, 1903.

SIR,—With regard to your query of October 12, respecting my expenses to and from England, I may state, that my mission there was for other purposes than that named in your letter, and that the expenses incurred are a fair charge under the sub-head miscellaneous expenses, of the appropriation for this department.

I am, sir, your obedient servant,

ROBERT BELL, *Acting Director.*

The Auditor General.

Travelling expenses to England of Dr. H. M. Ami.

AUDIT OFFICE, Ottawa, October 7, 1903.

SIR,—I have before me an account rendered by Mr. H. M. Ami, for his expenses, amounting to $502 46, to receive personally from the Geological Society the Bigsby medal, the payment being authorized by Order-in-Council of March 4, 1903 and charged against the Geological Survey appropriation for 1902–03.

The vote of $60,000 taken at the last session of parliament is available for the following services only :—

Explorations and surveys ; Printing and publication of reports, maps, etc.; Wages of assistant explorers, draughtsmen, clerks and others ; Purchase of specimens, books, instruments, stationery, mapping materials, maintenance of museum, laboratory apparatus, chemicals and miscellaneous expenses ; Advances to explorers.

I cannot see that Dr. Ami's expenses can be classed under any of these heads. His trip to England was to receive an honour conferred on him *personally*, and not in his capacity as a member of your staff, and, accordingly, in my view, his expenses cannot be charged against the Geological Survey appropriation. If the government consider it advisable that these expenses be paid from the public moneys they should have obtained a special vote for this item.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Acting Director Geological Survey.

GEOLOGICAL SURVEY, OTTAWA, October 22, 1903.

SIR,—I have the honour to acknowledge the receipt of your letter of the 7th inst., in which you state you cannot see that Dr. Ami's expenses to and from England can be classed under any of the sub-heads under which the appropriation $60,000 for the expenses in connection with this Department was voted by Parliament. Permit me to state that the expenditure in question is, in my opinion, a fair charge against this vote under the sub-head of miscellaneous expenses.

I am, sir, your obedient servant,

The Auditor General ROBERT BELL, *Acting Director.*

SESSIONAL PAPER No. 1

All Maps, &c., should be purchased through the King's Printer.

AUDIT OFFICE, OTTAWA, February 4, 1903.

SIR,—The acting Director of the Geological Survey has transmitted to me for payment an account in favour of Edward Stanford, London, Eng., for the purchase of maps as follows :—

	£	s.	d.
44 mixed sheets of Logan's Geological map of Canada, 1866.	12	10	0
4 copies of sheet 5, and 6 copies of sheet 6 of Logan's Geological map of Canada.....	3	17	6
Total	£16	7	6

I should like you to give me your opinion as to whether maps should come under the head of stationery and should be purchased through your department instead of directly through the department concerned.

I am, sir, your obedient servant,

The King's Printer. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, February 6, 1903.

SIR,—I have your application of the 19th ult., for a bill of exchange in favour of Edward Stanford, London, for the sum of £16 17s. 6d. for 44 sheets of Logan's map of Canada. In this connection I beg to call your attention to the Public Printing and Stationery Act as amended by 51 Vic., cap. 17, sec. 2, which provides that "the proper officer of that department shall superintend and execute the purchase and distribution of all paper, books and other articles of stationery of whatsoever kind." Maps are, in my opinion, included in this, and my opinion on this point is supported by that of the King's Printer, to whom I referred the question, and who states that "maps are, of necessity, included, and, since the passing of the law in 1887, so it always has been held." As, by the Act just quoted, these maps should have been purchased through the King's Printer's Department, I have no option but to decline to authorize the payment in question. I return your application and the account herewith.

I am, sir, your obedient servant,

The Acting Director, Geological Survey. J. L. McDOUGALL, *A.G.*
